DEDICATION

We, the class of 1962, dedicate our
Yearbook to Mr. Michael F. Garrett.

Michael F. Garrett (1935 - 2011)

LAMOINE ME - Michael F. Garrett died Tuesday, June 21, 2011, of complications of heart failure. He was 76 years of age.

Michael was born and raised in Cleveland, one of four children of George Basil and Nina Summers Garrett. He attended parochial and public schools in Cleveland before matriculating to Allegheny College from which he graduated with a BA in Economics.

In 1956 he married Elizabeth Watts. They have five children.

He was drafted into the U.S. Army where he spent two years in an army base band in Kitzingen, Germany. He then attended Vanderbilt University, receiving a MAT in teaching.

Michael spent the next forty years at the Concord High School; 15 years a teacher; 25 as Assistant Principal. He coached the high school baseball team for four years and later acted as 'head' coach of the Concord YMCA swim team for a decade. For ten years he served on the Concord City Council where his proudest accomplishment was introducing legislation creating the Concord Conservation Commission. He was also elected Chairman of the Concord Charter Revision Committee which drafted Concord's current charter. He was a member of the Concord YMCA Board of Directors for five years.

He enjoyed travel, having been to Europe, Prince Edward Island, Nova Scotia, Alaska, Alberta and six trips to East Africa combining safaris with visits to his African based daughter, Cam.

After retirement in 2000, he moved to coastal Maine where he served as Secretary to the Planning Board for ten years. In December 2010 he was designated Citizen of Year by the Board of Selectman of Lamoine.

He leaves his wife, Bette and five children, Christopher, Patrick, Cameron, Merrill and Carter; seven grand children and a sister. Two brothers predeceased him.

He specifically requests no service be held and no memorial donations be designated.

Concord High School track coach Bill Luti

Died 12/01/2019 at the age of 98.

By [RAY DUCKLER](#)

Monitor columnist

Published: 12/3/2019 6:28:03 PM

The settings changed.

His impact, however, never did.

Bill Luti and Marjorie Barnes Luti took what today would be called a selfie way back in 1946 when Bill was at the US Naval Hospital in Corona, CA.

Bill Luti started a local race – now named the Bill Luti 5-mile Road Race – in 1968, and he continued to fire the starting gun until two years ago.

From an oval track, to a tree-lined cross-country trail, to life itself, Bill Luti made sure you kept going, somehow connecting to something deep within, something that motivated you, that tapped into your potential.

Luti – a giant in the state’s high school running community – died Sunday night at the age of 98, but you can bet his influence will live on for a very long time.

“He was a role model for a lot of us,” said Bob Estabrook, who ran cross country under Luti at Concord High in the early 1960s. “For me, he was the most influential person in my life, other than my parents. To a lot of people, he was like a second father, and it was more than just during the high school years. He maintained relationships, and I think about him all the time.”

Where do you start when it comes to Luti? Maybe all those state and New England championships or the innovative training techniques he introduced. Others point to the doors he opened for girls at Concord High or the manner in which he transformed running into a serious varsity sport.

No. Let’s start with something simpler. Like the fact that he made you feel good about yourself and he treated everyone the same. And in the world of high school sports, where the stars are often singled out as special individuals, Luti showed no signs of preferential treatment.

That’s one way he got you to stick with a sport that never received the headlines of football or basketball. Everyone was important. Everyone was part of the team.

“He was a very inspirational guy,” said Bob Teschek, a teammate of Estabrook’s during the early years of Luti’s coaching career. “He was full of energy and you believed everything he told you. His big thing was getting us excited.”

For proof, go back to the days when cross country and track were not taken seriously on the high school landscape. Luti arrived at Concord High in 1957, after coaching in Somerset, Mass.

Within a few years, he had convinced dozens of athletes to look his way, to a pair of evolving sports that had his name all over them, just like Concord’s annual Bill Luti 5-Mile Road Race does.

Teschek and Estabrook are two good examples of Luti’s profound reach. Estabrook compiled a 124-page booklet documenting Luti’s life and accomplishments. Teschek created Granite State Race Services 35 years ago, leading to official digital timing and prestige to the state’s road races.

“He got 50 people to go out for the team, and that was more than the football team,” Teschek said. “The numbers helped you find talent in people who had no idea they could run. We had a bus full of people, and we were good.”

How good? He coached the Concord High boys’ track and field team for 25 years, winning 13 state championships and four New England titles. He started the Concord High girls’ track and field program in the mid 1970s – when no one else in the state gave

a hoot about girls' competitive running – and won six Class L titles and one New England championship.

And when Luti came out of retirement to coach the Concord High girls' cross-country team in 1986 and '87, the Tide won the Class L title both seasons.

And how, you ask, did Luti instill this level of greatness in his athletes? Simple. He began training his runners like no one else at the time. He relied on interval training, fast running, followed by a slow-down jog, followed by some more speed work. He pushed his kids, up hills and down hills. And he promoted extra out-of-season work.

“He would send out letters in the summer, tell us to go hiking, tell us to go out and run and enjoy it,” Teschek said. “Don't push, but build up your base.”

Teschek, like others, knew nothing about competitive running when he got to Concord High. Soon, though, he knew better, incorporating the sport into his life.

“I went to UNH and competed and continued running,” Teschek said. “He changed my whole life, and running became one of the most important things in my life.”

Mike Eliasberg, who now lives in Portsmouth, graduated from Concord High in 1984. He got the bug, too, the running bug, and in fact he's been a volunteer coach for the Concord High boys' cross country team for 20 years.

He called Luti “Red Auerbach with class,” meaning Luti never rubbed it in after another winning effort, unlike the former Celtics coach and general manager, who'd light up a victory cigar in plain sight of his defeated opponent.

Eliasberg ran two years of cross country under Luti. His sister ran for him as well, after Luti came out of retirement in 1986.

“Some schools ran cross country to prepare for basketball,” Eliasberg said. “At Concord, we were held to a higher standard. We knew at championship meets we were going to win. We were varsity, while it was treated as an intramural sport at some schools.”

Luti's daughter, Angela Klein, lives in Cape Cod and described a coach who blended friendship with toughness.

“He took no guff from anyone,” Klein said. “He was in charge and they knew it.”

Klein also mentioned the fact that her father, like those early runners, knew nothing about the sport when he arrived at Concord High.

“He had to learn how to score and how to build up endurance,” Klein said. “He had a good record, and once you get going with that, the kids want to join a team that has become popular and successful.”

Patrick Piper attended Hopkinton High School, which had no cross country team in the early 1980s, so Luti allowed him to train with and compete for Concord High.

“I attribute a great deal of my high school successes to his support,” Piper wrote in an email. “I’m just one lucky person to have met, befriended and loved coach Luti. Just think about how many others he touched.”

One was Barbara Higgins, who went to Boston University on a full athletic scholarship thanks, in part, to Luti. She still holds the Concord High record in the 1,600-meter run at 4:56.1, set at the 1981 Meet of Champions.

“It was his nature to take an interest,” Higgins said. “If he heard I was having a hard time at school, he would come find me.”

Many in the area know Luti from the race that bears his name. He started it in 1968. He continued to fire the starter’s pistol up until two years ago, when he began to slow down.

But Luti was strong enough to spend Thanksgiving with family at his son’s house in Hebron. It gave him one last chance to be with his five grandchildren and one great-grandchild.

“They were his reason to get up in the morning,” Klein said.

He left behind more than family, though. He left behind a method of coaching and teaching and caring that will surely be talked about during a funeral mass Thursday at St. John’s Church.

The service begins at 10 a.m. Luti’s legacy began the second he died.

“For a lot of people, he was a leader,” Esta brook said. “You wanted to do your best for him.”

Obituary:

William V. Luti (1921 - 2019)

2012 COMMENTS:

I am still enjoying my retirement years and a new relationship. My friend, Lois Perkins, lives in Concord and we have many memories, friends and experiences in common. Each of us lost our spouse around the same time and we were fortunate to have found each other.

Both Lois and I are retired and enjoy kayaking, riding our GoldWing Trike, camping and spending time with our children and grandchildren. Between us, we have 9 grandchildren and we keep busy attending their sports events and other functions.

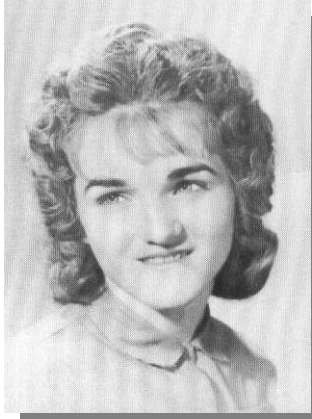

We spend summers in Concord and Meredith and winters in North Port, FL.

2009 COMMENTS:

I became a widower March 2007. As time goes by one manages to find a new path that makes life interesting. I bought a new Harley motorcycle May 2009. I will be taking it to North Port, FL when I go down this winter.

2002 COMMENTS:

My wife, Cheryle, and I retired in 1998 without regrets and we have never looked back. In 1998, we planned to build a home in Southwest Florida, however, not ready to be a "senior citizen" and difficult to be away from our family. Our children, Chris and Sarah settled or relocated in the local areas. We now have 3 grandchildren, 5 and 3 years and 7 months old. As all proud grandparents enjoy spending time with them. After deciding we did not want to be identified as "senior citizens," we bought a home in Bow in need of renovation. We now divide our time between Bow, our summer home in Meredith, and traveling anywhere we want to go with our 5th wheel travel trailer. We our busy, active and life is good.

2012 COMMENTS:

After High School, I moved to Little Rock, Arkansas, where I met and married, Conrad, the father of my three children. We moved to Crow, Oregon in 1973, where we bought a mini farm in the country. There we raised our kids and all manner of farm critters.

We're all lovers of the outdoors and the Pacific Northwest. Camping, hiking, climbing, and also exploring long stretches of the Oregon coastline are among some of our favorite pastimes.

My two sons and one daughter still live in Oregon. Two live in the Willamette Valley and one has made his home in the high desert near Bend, Oregon. I also have two grandchildren.

I'm a photographer, a soap maker, a maker of wines, cordials and fruit liqueurs. I shoot, fly fish, kayak, snowshoe, cross country ski, and hike any chance I get. I love gardening, reading, drawing, writing and exploring new places.

I graduated from Nursing School in Oregon with my RN degree. I received my CRRN training at the Harborview Medical/Trauma Center, in Seattle, WA. I was employed by the Peace Health Medical Center including the Oregon Rehabilitation Center, Sacred Heart Medical Center and Sacred Heart Home Health Agency from 1987 until I retired in 2009.

I moved to Florida in 2011, and after six months, I came out of retirement when offered the position of RN, Consultant for Miami Jewish Health Systems.

I'm a person who's ever eager to see what lies around that next bend in the trail. I'm all about paying attention and being in the moment, because you never know what the Universe might serve up next!

Live is Good!

Obituary:

Stephen M Bailey, 68, died Friday May 25, 2012 in Edgewater, FL at the Ocean View Nursing & Rehabilitation Center after a long battle with cancer.

He was Born in Concord, and graduated from Concord High School in 1962. Steve was a chef for many years, he also enjoyed singing and was most fond of golfing with his friends.

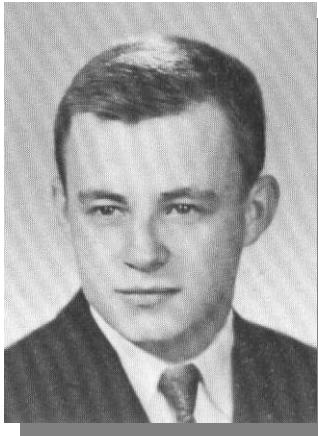

He was predeceased by his parents Richard E Bailey and Anna C (Sullivan) Bailey.

He is survived by his long time companion Nancy Wadelton; his two sons Stephen and Jamie; one daughter Laurel; several grandchildren; two nieces; and his two brothers Richard R. Bailey of Titusville, FL and David R. Bailey of Concord.

Funeral arrangements are entrusted to the Dudley Funeral Homes, Inc. of New Smyrna Beach, FL.

There will be no calling hours and a private graveside ceremony will be held at the convenience of the family, at a later date, in the Calvary Cemetery in Concord.

2012 COMMENTS:

I have just retired (June 1 2012) from a forty six year career in the construction industry, constructing water and wastewater treatment facilities. I have, in a small way, participated in the clean up of all major N. E. rivers. After living many years in ME, VT, MA and Ohio, I am back living in the south end of Concord.

I've been an active outdoorsman participating in rock and ice climbing, whitewater kayaking and winter mountaineering. I ran two marathons in Portland, ME and Montreal. I own a thirty six foot sailboat that I keep in Rockland, ME and cruise the N. E. coast from Pennobscot bay to Buzzards Bay. I helped a friend sail his boat from Bermuda to Long Island Sound. I have skied every winter for fifty-four years. I make frequent ski trips to UT, CO and British Columbia. I have traveled throughout the US and Europe. I appeared in the movie "Southie" starring Donnie Wahlberg and Rose McGowan.

I have three adult daughters, all doing well. It's been a active, satisfying life. Fair winds and following seas to all my classmates.

EMPLOYMENT: Alaska State Trooper (Retired)

CHILDREN:

Russell (1969)

Sarah (1972)

2012 COMMENTS:

Following graduation, I traveled to Alaska and worked for the University of Alaska in Fairbanks. 1964 enlisted in the Army Helicopter maintenance; 1966 Warrant Officer Flight Training Helicopter; 1967 Vietnam and back to Alaska; 1968 Marriage to Pat; 1969 Discharged from the Army; 1970 Flew commercial helicopters in Alaska; 1972 State of Alaska employed as an Alaska State Trooper, stationed in Sitka, Anchorage, Bethel, Fairbanks, Nome, and Aniak, AK. I have worked every type of criminal case during my years. I also fly a state Cessna 185 in Aniak as my patrol vehicle, along with a boat, snow machine and pickup truck. Retired in September of 1994. Pat and I divorced in 1995. I left Alaska and traveled to the east in a new truck picking up a 5th wheel trailer in Oregon. I met a family friend when in MA, Carolyn, and traveled back to Alaska.

We spent the summer on the Kuskokwim River in a Cabin built in 1947. It was owned by the Magistrate who was the judge in my cases in Aniak. River Boat was our primary mode of transport in summer. Travel in winter was by snow machine. We stayed from August thru March heating with wood and no inside plumbing.

Carolyn and I were married on the shores of the River at a Homestead in September 1996. Our home was in Stockbridge, MA. For eight years, I worked as an FAA A&P mechanic and pilot in Canaan, CT rebuilding antique Airplane in the winter. We traveled in the summers with our pickup and Camper. In 2002, I was invited to fly for an Elephant project in Africa. Flying in Kruger National Park in South Africa and in Northern Botswana. The experience was super; Jeff Corwin did a film segment for Animal Planet he was a wild and crazy guy to work with. In 2005, we bought a 25ft Cruiser boat and traveled 800 miles on the Erie Canal, Lake Ontario, The St Lawrence River to Montreal and down to the Richelieu River and Canal into Lake Champlain. Continuing into the Champlain Canal system and Returning to our starting point in Waterford, NY. In late 2005, we traveled to the Maritime Provinces of Canada Labrador, Newfoundland, Nova Scotia, driving 5,000 miles, a great trip. In early 2007, I worked on a book involving my Trooper years in the Bush of Alaska.

In 2007, I had an idea for a small business about mounting ½ inch cross sections of Huey Helicopter rotor blades on wood plaques. www.heliplaque.com was conceived. The Primary source for sales would be to Vietnam Veterans involved with Helicopters and Law Enforcement helicopter operations. The business was doing ok but, my wife was not a happy camper.

Carolyn and I divorced in 2010, I moved to North AL for something different purchasing a home and building a shop for my equipment I knew no one in AL. I am slowly looking for a lady friend with mutual interests to live and travel with.

Mike Royce's First cousin Everett P. Runnells from Concord was in my Helicopter Unit in Vietnam and was killed in action 27 August 1966.

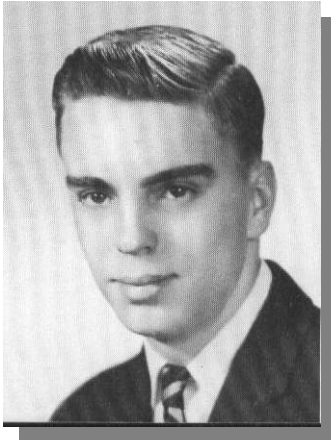

Rest in peace Everett!

In 2012, My sister Karen G. Bartlett class of 1965 CHS moved to Courtland, AL. I still make the Plaques but closed the business and operate it as a hobby out of my new home in Decatur AL.

I was selected as Citizen of the Year for Courtland, AL. I had chosen to do many volunteer things for the town, clean the Historic Cemetery grave stones with a pressure washer. Yes, there are 7 Yankee's graves the soldiers

were killed during a battle at the town railroad trestle during the Civil War. I got the towns Clock working, worked on the fountain on the green. Many cleaning projects.

On the first of July 2017, I met Robbie we each had an instant attraction to the other. She and I are age mates, she is an avid Square and Ballroom dancer, this is going to be our hobby. I am learning Square Dancing and more! We will board the 2018 Country Music Cruse in February to the Caribbean. In October, she and I bought a new home in Decatur, AL we will move in soon.

BOSCAWEN - Frank E. Beane III, 68, of Boscawen, passed away Monday, August 28, 2012 after a courageous battle with his health. He was surrounded by his loving family.

Frank was born in Concord, the son of Frank E. Beane II and Gwendolyn (Pope Beane) Chapman. He graduated from Concord High School in 1962 and immediately joined the Navy where he proudly served his country until 1966.

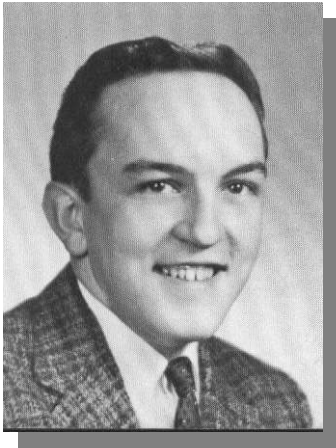

Following his time in the service, Frank spent many years working in retail and raising his family. He met his wife, Jane in 1986 and they were married in 1997 and moved to Boscawen. Frank and Jane were onsite property managers with Red Oak Properties while Frank also worked as a fabricator with Structures Unlimited.

Frank was a wonderful husband, father and grandfather. He was a faithful, strong-willed and fiercely loyal family man who loved Monday night family dinners and enjoyed unwinding by mowing his lawn. Frank spent a lot of time at York Beach, a favorite place of his and his wife's. He had a dry and clever wit and he will be deeply missed by all who knew him.

Frank is survived by his wife, Jane (Wujcik) Beane; children, Andrea Poirier, Denise Bannister-Rosa, Frank E. Beane IV, Deanna Emerson and Rebecca Ouellette; his mother, Gwendolyn Chapman; brother David Beane; sisters, Susan Randlett and Sally Lester; grandchildren, Chelsea and Dylan Ouellette, Hayley Bannister, Tyler, Brennan and Zachery Emerson, Frankie V and Fiona Beane and Hannah Littlefield; several nieces and nephews and many other extended family members. He was predeceased by his father, Frank E. Beane II, his step-father Norman Chapman, and his sister, Sylvia Struthers.

A Memorial Gathering will be held 10am to noon Saturday, Sept. 1, at Phaneuf Funeral Home, 172 King St., Boscawen. Graveside Committal Service will take place immediately following at Pine Grove Cemetery on Corn Hill Road.

For those who wish to do so, donations in Frank's memory may be made to the American Heart Association. Please go to www.heart.org for ways to donate.

2002 COMMENTS: (note: this letter was received from Tom after Brenda called Dick Frambach to check on Dick's new address. Dick asked if Tom was coming to the reunion and Brenda told him that our information on him said, "deceased: Vietnam, 1966." Brenda then wrote to Tom and received the following replay.)

I always thought I didn't hear from the class because I wasn't very popular back then. But no, I'm not dead. The closest I ever got to Vietnam was 200 miles south on an aircraft carrier bristling with planes loaded with missiles, bombs, and cannons. The North Vietnamese didn't have much of a navy and not enough planes to come 200 miles for a fight, so I really wasn't in too much danger of getting shot at.

My life has been mostly like my high school years. Just plain and ordinary, not much to speak of. I joined the Navy right out of high school. I got out 4 years later and stayed out for 3 and a half years and went back in. I started out as an aircontrolman, but because of a hearing loss due to tinnitus, I had to change my job and spent the rest of my career as a photographer. I stayed for 20 years. While on Guam in 1972, I married my wife. (Well, she wasn't my wife until I married her.)

We have two children, a son, 26 years old. He is married and has a 5 year old daughter. We also have a daughter and she is 25. Single career woman, not interested in settling down yet.

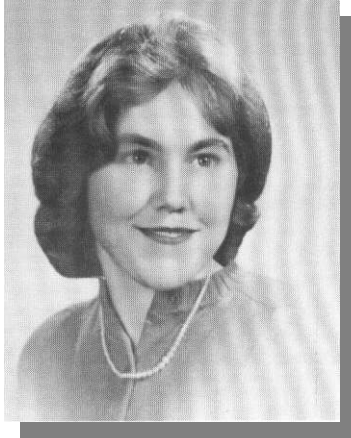

After the Navy, we moved to Wichita, Kansas, where my wife is from. I took on a second career as a detention deputy for the Sedgwick County Sheriff and will celebrate my 15th year in August. My son is a detention deputy also. I was awarded the bronze medal for meritorious duty for saving the life of an inmate that was trying to hang himself.

My daughter lives in Indianapolis, Indiana, working for her best friend. She and her husband own a property management company and have quite a business. My daughter is their right hand woman and she has offered me a job when I get tired of the jail. I have recently found out that I will be retired from this job on the 21st of December, 2003 and have duly made notice to those interested that I fully intend to move to Indianapolis to work for my daughter.

My wife is a teacher and has a masters degree in linguistics. She teaches English as a second language to kids that are new to the US and need to have some English proficiency to be able to survive in the school setting. She is in full agreement with me on moving to Indiana. She misses her daughter. They are best of friends and it was hard for her when she moved.

Well, for a dead person, I think I have been pretty active for the last 36 years.

Although I won't be able to make it to the reunion, I appreciate you writing to me. I hope you let the rest of the class know that I haven't gone anywhere, I'm still here kicking and screaming.

My husband has been in the Navy 25 years this August. This is our second time in California. We will be here 2 years then return to our home in Connecticut that our 22 year old is renting until we come back. Our son, Dennis, is also in the Navy and just received a Bronze Star for his work in Saudi Arabia as an E.O.D. Technician, disposing of bombs and mines in the water. He and his wife, Renee, live in Virginia Beach. Steven is a manager of a supermarket in Gales Ferry, Connecticut. Erika recently got married to a sailor also stationed in Connecticut named Steve. We've enjoyed traveling around with the Navy over the years and are looking forward to retiring.

Unfortunately, I didn't plan so well, so will miss the reunion.

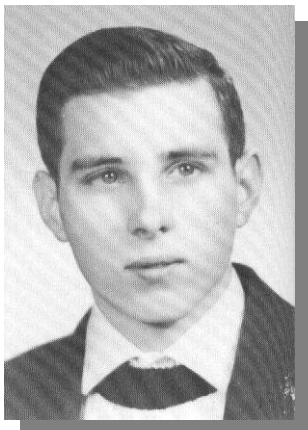

After graduating UNH in 1967, I spent three years in the U.S. Army.
Married Judy Jackson, went to grad school, and began teaching elementary
school. Later became principal, retired after 30 years.

Spend time now with grandchildren, trying to stay off the deceased list
by being a gym rat. We all hike Monadnock frequently, and still manage
to crawl up and down the Whites, every so often.

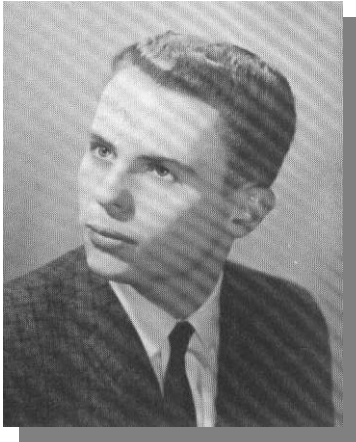

Please tell Eddy Breslin (if he's not too busy taking his drivers test
over again) his political views were correct, I've been a convert since
1976. Hi to Curvy Meservy and David Penhale. Monique, please forgive me.

2012 COMMENTS:

U.S. Navy, 1962 thru 1966. Philadelphia College of Art 1966-1970, Major in Photography. Returned to NH in 1972. Married my wife, Joan, in 1973. Worked at NH Hospital for 7 plus years. Nursing school 1986-1988 St. Joseph Hospital School of Practical Nursing. Worked as a nurse from 1988 to 2005. Retired 2005.

I have three four legged children, Sam, and Annie, my cats and my faithful companion, Dot, a Brittany Spaniel. Plans for the future include looking forward to my wife Joan retiring at the end of the school year 2013 and traveling to see the Pine Ridge Indian reservation in South Dakota and meet with the members of the Sioux Indian Nation which we help to support.

2010 COMMENTS:

I went to nursing school at Saint Joseph Hospital in 1986 at the age of 43. After graduation in 1988, I worked at Saint Joseph in Nashua for 6 1/2 years working Medical/Surgical nursing and Oncology. Left in June of 1994 and started working for Concord Visiting Nurses at their Hospice House on the Concord Hospital grounds. Left Hospice nursing end of 1996 and worked for a nursing agency out of Londonderry, NH, doing staff relief in nursing homes until forced to retire from nursing in 2005 due to Osteoarthritis which ultimately required major lumbar back surgery in May of 2005 and right Hip replacement in January of 2006. I have done all kinds of different things over the years, US Navy 1962 to 1966, worked at a school in Philadelphia, PA for retarded children, worked at Keystone Insurance Co. for a while, Bell Telephone of PA went to night school at the Philadelphia College of Art in Philly majoring in Photography. Worked in commercial photography in southern New Jersey for a bit before returning to Concord in 1972 almost to the day I left in 1962 to go into the Navy.

Did some Photography work here as well as working for NH Hospital for a total of roughly seven years doing Psychiatric nursing as a Mental Health Worker. I look back on my Psych nursing experience as one of the most rewarding times of all the nursing I have done. So there you have it. It's been an adventure!

Obituary:

Richard O. Blanchard II, aged 75, died unexpectedly at Concord Hospital on December 19, 2018. He was born in Concord on October 14, 1943 to Richard and Beverly (Brown) Blanchard. A graduate of Concord High School, Class of 1962, he entered the U.S. Navy and served aboard the aircraft carrier, USS Essex.

After leaving the Navy, he resided in the Philadelphia area where he graduated from Philadelphia College of Art and worked as a photographer.

Returning to Concord, he worked both as a photographer and as a mental health worker at NH Hospital. After graduating from St. Joseph Hospital School of Nursing in 1988, he worked for several local facilities including St. Joseph Hospital, Hospice House and Merrimack County Nursing Home.

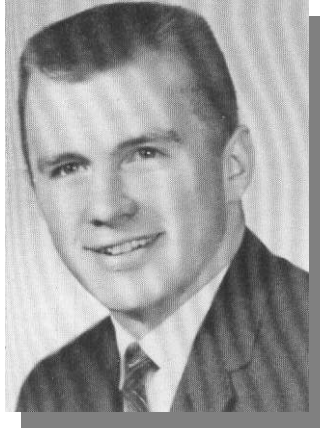

In 1975 he received his novice amateur radio license, WN1VWX. Through the years he upgraded his license to Extra Class and most recently was licensed as W1VWX. He was active in many aspects of ham radio but he most enjoyed rag chewing and acting as net control operator for both the Granite State FM net and ECARS. He was also a Director for ECARS.

For many years he was an avid bicyclist. A member of the Granite State Wheelmen, he participated in rides along the seacoast raising funds for the American Lung Association. He enjoyed driving his Miata with the top down and had a passion for listening to both jazz and opera. Trips to performances at the Metropolitan Opera were special occasions. Ogunquit and Bar Harbor, Maine, were memorable places he shared on trips with his wife, Joan, during their 45 years of marriage.

Dick was preceded in death by his father and mother, step-parents and his brother Lloyd. He is survived by his wife Joan (Donovan), sister-in-law, Barbara Schmitt (James) of Macedon, NY, niece and nephew, cousins, many lifelong friends as well as good neighbors in West Concord.

In lieu of flowers, contributions may be made to the Pope Memorial SPCA,
94 Silk Farm Road, Concord, NH 03301.

Calling hours will be held at Bennett Funeral Home, 209 North Main Street,
Concord on January 2, 2019 from 2 to 4 pm. Burial will be at a later date.

2012 COMMENTS:

In the past 50 years since graduating from CHS life has been good to me and my family. I married Margie (Hayes-CHS '64) in 1968 and we settled in the South End of Concord. We're still there! We have one son, Chris (CHS'89). I have been involved in the Hayes family business (NH Distributors) for 44 years. I've had the luxury of being able to slowly ease into retirement and I'm looking forward to taking that final step. Our son Chris works there along with two cousins. It's gratifying to see the family business transition down to the next generation.

I have been happily involved in many groups and organizations over time that include Concord Boys and Girls Club, Concord Youth Hockey, Greater Concord Chamber of Commerce and Concord Hospital where I am still a member of the Board of Trustees and the Trust Board. I have greatly enjoyed my association with all of these organizations. I enjoy golf, walking, reading and being an active grandfather to our three grandchildren.

2012 COMMENTS:

After Concord High it was off to Clemson University in South Carolina for a BA, followed by a MS at the University of Kentucky. I then went on active duty with the Air Force where I earned another MS. After several stateside moves we ended up in Belgium for 4 years followed by 7 years in Germany. During those eleven years we did extensive traveling in Europe with trips to the middle-east and Africa. Our son and daughter both graduated from high school in Europe with our son doing a year at an English college and a half year in Vienna, Austria before graduating from American University. We then returned to the states for two more assignments where our daughter graduated from the College of William and Mary.

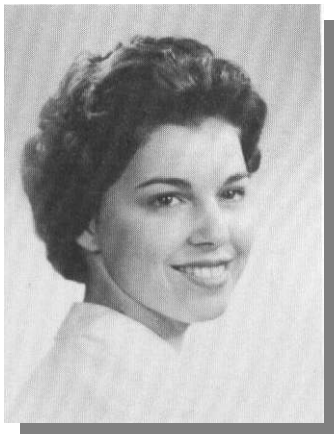

I retired from the Air Force as a colonel after 28 years and quickly found out that being retired can be a lot busier than working. We got into the antique car scene and I have been president of the MG Car Club of the metro Washington area and North American secretary of the Riley Register (UK). I have also served as president of the Warrenton Lions Club, church treasurer and church senior warden. Our Traveling hasn't ceased as we have added trips to Europe, South America, South Africa, Canada and several trips to Australia and New Zealand.

2002 COMMENTS:

Long ago I told myself that when work was no longer fun I would retire and do what I wanted to do. That time came 5 years ago. Luckily good investments, inheritances and a pension made this possible. Kay and I enjoy traveling as well as work around the house. We have made the most of these as we fixed up the old house, sold it, and built our dream house. Now we can landscape the yard, finish the basement and so on. Our travels have taken us to such diverse places as Newfoundland, Labrador and Ireland. Probably the high point came in 2000 when we spent two months in New Zealand and Australia. We tied our trip in with a car rally through the outback. Over 1000 miles through the outback in cars often 70 years old was memorable. Yes, we are still into old cars and have more cars than we know what to do with. We spend the spring and fall at car shows showing one car or another. Alan completed an MBA at Ohio State and is product manager for a hospital equipment manufacturer. Kathryn completed a graduate program from Virginia Commonwealth University in Information Technology and specializes in Web design.

1992 COMMENTS:

After having lived in Europe for 11 years, we have returned to the States. I am Director of Command, Control, Communications and Computer Resources for the Air Force Material Command headquartered at Wright-Patterson Air Force Base in Dayton, Ohio. While Kay taught in Europe in both international and American schools, she currently is sitting out a year to get our new home set up. Alan graduated in May from American University in D.C., and Kathryn is a sophomore at William and Mary College in Williamsburg, VA.

2012 COMMENTS:

After graduation I stayed working at the New Hampshire Highway Hotel while I worked part time with my mother and her Antique shop and part time at the Hathaway House Dress Shop.

I married Carl Brown in 1964 and moved to Strafford NH where he had a running dairy farm until 1996. He then went to work in Dover NH at Davidson Rubber; while also becoming a part time police officer and then later Chief of police.

In 1967 our daughter Suzanne was born; the next year 1968 a son Carl Jaquith was born.

My family has always been very active in our Strafford community, where I still live. I belong to many organizations; DAR, Eastern Star, Bow Lake Baptist Church, Bow Lake Community club, Strafford Historical Society, Strafford Conservation Commission, Red Hatters. I ran the arts and craft dept of the Rochester Fair for 31 years. 1987-2008 I was a Strafford Town Selectmen, I took 3 years off and the towns folk re-elected me in 2011 where I am currently.

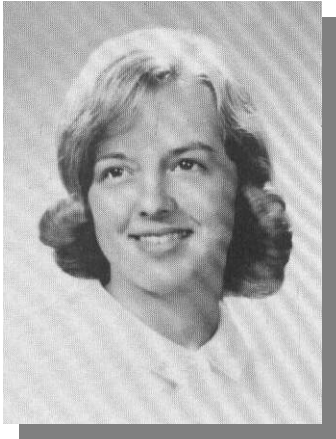

My late husband was very active in the Bektash Shriners, where I still help with the "Festival of Trees" and other projects.

I enjoy family and friends and staying active.

2002 COMMENTS:

Active in many organizations and with family.

Sorry we will not be able to make the reunion.

Deceased: 78
11/24/2022 - Dementia

I have chosen to not share my contact information.

Obituary:

Montpelier, Vermont
April 13, 1944 - November 24, 2022

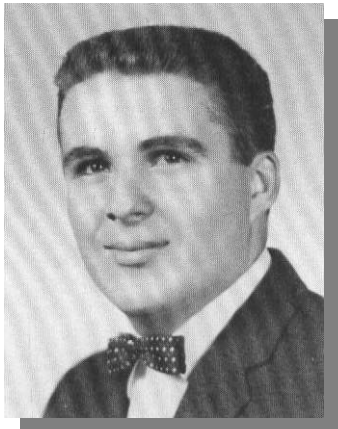

Susan "Sue" Jean Chadwick Christiansen- On November 24, 2022 she passed away after her battle with dementia at the age of 78. Sue is survived by her husband Charles Christiansen and her two children Karsten Christiansen and Mary Kimbrell. She has four grandchildren Emily, Mackenzie, and Rogan Kimbrell, and Charles Eugene Christiansen. She is also survived by her two brothers Robert and Richard Chadwick.

She was born April 13, 1944 in Dover, New Hampshire to the late Robert and Mary Chadwick. She graduated from Concord High School in 1962, and completed nursing school at Elliott Community Nursing School in Keene, NH in 1965. That same year she married Charles Christiansen.

Sue worked as a Registered Nurse in various settings through the years, working predominantly in women's health. She also owned a successful small business in downtown Montpelier as an electrologist. After her children were grown, she closed her business and she served in the Peace Corps in Jamaica working to improve women's access to health care. Upon her return to the United States, she resumed working in home health until she finally retired.

Many of Sue's hobbies focused on adventure and testing her own physical limits. She was an avid runner, and ran many races through the years to include completion of two 100-mile ultramarathons. She loved the outdoors, and after retiring she solo hiked the entire Appalachian Trail. She was creative, enjoyed sewing, crafts, quilting, baking, and tending to her beautiful flower garden. She did them all well.

Sue was a Christian, and prior to her battle with dementia enjoyed her time with the Bible. She received great support by praying with others throughout her life. She was a great friend, and a good listener.

My name is Geraldine (Coleman) Carter. My oldest sister (Muriel (Coleman) Bellamy wrote the Concord High School song in 1948, and I have been told that there is a plaque for her in the lobby of the High School. I would like to receive a picture of this plaque if anyone has it. My sister Mary Jane (Coleman) Thomas and I are the only Coleman's left in our family and Mary Jane is not doing well, and I would like to give her a copy of the plaque to remember our oldest sister if anyone has one.

You can send it to me

1966 - 2000: NYC - Research and development toy designer
2000 - Current: Riverhead Long Island designer and maker
of one-of-a-kind Italian ursi (bears).
Visited many countries in Europe, South America, Africa,
Japan, USA and Canada over the years.

2002 COMMENTS:

After RISD and the European Honors Program in Rome, Italy,
I came to New York City to work as an Art Director in a toy
design and inventing firm.

For the past 15 years I've been a self-employed toy designer
and inventor. I've worked for Mattel, Hasbro, Fisher Price,
Parker Bros and many others.

Today I spend (extraordinary) time organizing my first home,
requiring handyman and gardening skills I never developed as
a condo owner in Manhattan!

I now invent and make one-of-a-kind teddy bears, each with a
unique scenario, poem and handmade play pieces. They are in
the category of collectable art objects rather than toys for
children.

My husband Mico (his main activity is consulting in US-Italy
relations) and I are also developing a line of animal toys,
related children's stories, and home and gift products inspired
by the North Fork of Long Island, NY, where we live.

Obituary:

STONY BROOK, N.Y. - We are sad to announce Margaret Delianova Licastro (nee Crowell) passed away on the night of Saturday, Feb. 1, 2014, in Stony Brook, NY.

Margaret was born in Concord, on Oct. 7, 1944, to Gilman and Miriam Crowell.

Margaret graduated from the RISDI-Rhode Island School of Design and received a degree in 1966 after spending her last year of college as a European Honors student in Rome, Italy. Margaret was an accomplished artist, a toy inventor, a passionate poet, and a devoted wife.

All who met her would forever remember her wonderful sense of humor, quick wit and free spirit, unafraid to speak honestly. She will be greatly missed by her Italian family, her friends, colleagues, and the families of CONI-Italian National Olympic Committee-USA, whose athletes and parents knew her well.

Margaret enjoyed life. She loved nature, good food, travelling the world, modern jazz, mystery novels and good movies. Her friends also knew her for her mystical "green thumb" and her loving stories of her cocker spaniels and her backyard wild "pets." Her favorite place to visit was Italy.

Obituary:

RALEIGH, N.C. - Judith Ann Demick Waldenberg, 71, of Raleigh, N.C., passed away Monday, Feb. 22, 2016, surrounded by family.

Judith was born June 16, 1944, to Nelson and Thelma Demick in Concord, where she grew up, developed her artistic talents, and made lifelong friends.

Judith received her nursing degree from Boston University and soon thereafter began work at Tufts New England Medical Center, where she met her future husband, Leopold. After they married in 1968, Judith left nursing to become a full-time mother. The family moved to North Carolina in 1971, and while Judith took care of her four daughters, she pursued her exceptional talents in art, music, and writing. She instilled in her daughters and grandchildren a love of reading, education and the arts.

She is predeceased by her parents and her husband. She is survived by her brother, Kenneth Demick; her loving daughters, Hilary, Alison, Whitney and Lindsey; her sons-in-law, Eric, Nick, Jacob and Tom; and her grandchildren, Nathan, Isaac, Aaron, Arden and Gracyn.

The funeral service was held Wednesday, Feb. 24, at 10:30 a.m. at Brown-Wynne Funeral Home, 1701 E. Millbrook Road, Raleigh.

Burial followed at Raleigh Hebrew Cemetery, 450 N. State St., Raleigh.

2012 COMMENTS:

Life has had its up and downs but...like you, I made and make the best of it! I'm so very fortunate to have such great classmates that I've kept in touch with over the years! Looking forward to seeing my good friends!

Here's to our 50th and how very fortunate we are to celebrate it! See you then! P.S. Wait till you see how CHS has changed!

1992 COMMENTS:

- (1) Since our last reunion, I have entered "widowhood",
"empty nest syndrome" and "menopause"!!! So goes life!

- (2) Thirty years have past,
Since I've seen my classmates last.
I'm sure there has been a lot of change,
And a "few of us" really look strange!
Of course there may be more "gray hair"
or "less hairs"
But the Class of '62 still isn't ready for rocking chairs!!
So, on to this Reunion for some nostalgic fun,
After all, this class was known for getting things done!!!

Obituary:

Boscawen, NH – Monique "Monica" Jeanne Pepin, age 76, longtime resident of Concord and Bow passed away with her daughter by her side on September 21, 2021 at Merrimack County Nursing Home where she resided for the last 4 ½ years after suffering from a stroke.

She was born in Concord, NH daughter of the late George A. and Loretta R. (Parent) Desmarais. She was a graduate of Concord High School class of 1962. She trained in Canada to become a beautician.

Monica worked for many years at Cora's Beauty Salon, and she was employed as the Ladies Clothing Manager at McQuades in Concord. For the last 20 years up until her stroke she was employed as a Paraprofessional at Concord High School where she formed many long lasting relationships with her students.

She was devoted to her family especially her 2 grandsons, Samuel, and Matthew whom she loved spending time with.

Monica was very active and enjoyed being part of the reunion committee for the CHS Class of 1962, she also loved collecting dolls and was very proud of her collection.

Monica was predeceased by her husband Peter P. Pepin, who she cared for while he suffered from Advanced Multiple Sclerosis for 17 years; and her 3 brothers, Anatole, Conrad and Claude Desmarais.

She is survived by her daughter, Suzette M. Pepin of Bow; her son, Michael J. Pepin of Bow; her daughter-in-law Amy Daniels of Bow; her 2 grandsons, Samuel and Matthew Pepin of Bow; her birth brother, Bruce Bryant of North Carolina; a half sister, Nancy Boomer of Loudon; and many nieces and nephews.

Visiting Hours will be held on Wednesday (9/29) from 5 to 8 PM at the Waters Funeral Home, 50 South Main Street, Concord.

A Mass of Christian Burial will be celebrated on Thursday (9/30) at 10 AM at Christ the King Parish, 76 South Main Street, Concord, NH.

Burial will follow in the Evans Cemetery in Bow.

The family asks that you wear something yellow in honor of Monica to the funeral mass.

Our daughter, Kathleen, is a customer service representative for Blue Cross Blue Shield and is working on a degree in Business Management through Franklin Pierce.

Carrie, our seventeen year old, is president of the Junior Class at Hopkinton High and is trying to decide her future. Teens have much to deal with and decisions come harder for them it seems.

Ben is preparing to become an Eagle Scout. He's looking for a project and is a freshman at Hopkinton.

Rodger is in his 3rd year of running his own plumbing and heating business and is both a Master Plumber and Electrician.

I am in my 20th year of teaching and currently have the title of Assistant Principal of Chichester Central School.

Our lives have been relatively problem free and we have much to be thankful for.

Obituary:

Sue E. Williams (1944 - 2011)

CONTOOCOOK - Sue E. Williams, 66, passed away peacefully at home on Monday, May 16, 2011, surrounded by her loving children.

She was born December 9, 1944 in Concord, the daughter of the late Harold B. and Rose H. (Copson) Drescher of Bow. She was predeceased by her brother Robert H. Drescher as well as by her husband of 27 years Rodger L. Williams who passed away in 1997.

Sue was a schoolteacher for 37 years, having spent 30 of those years at Chichester Central School. Known as "Mrs. Williams" to her 3rd graders, they filled her life with laughter, love and hugs. Her capacity for caring for others in a truly meaningful way made her a wonderful educator. She truly enjoyed her profession.

She is survived by her three children, her daughter Kate Kennedy and her husband Peter of Contoocook, her daughter Carrie Williams of Contoocook and her son Benjamin Williams of Davisville.

Sue is also survived by her two sisters, Carol Jackson of Boscawen, Marjoire Pugliese of Northwood, and her beautiful grandchildren Miss Louisa Bergeron, Miss Lilly Williams and Masters Travis and Nathan Windhurst.

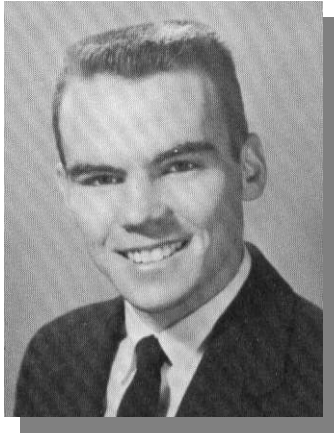

She also leaves behind a great many nieces, nephews, cousins and friends, including her special sidekick "Rascal", her kitty.

A memorial service to celebrate her life will be held Friday, May 27, at 11 a.m. at St. Andrews Episcopal Church in Hopkinton, with Reverend Kevin Nichols officiating.

A reception will be held following the services in the St. Andrews parish hall.

In lieu of flowers memorial donations may be made in her name to: Chichester Central School 219 Main Street Chichester, N.H. 03258, Or Concord Regional Visiting Nurse Association 30 Pillsbury St Concord, NH 033001.

The Holt-Woodbury Funeral Home & Cremation Service Henniker, is assisting the family.

2012 COMMENTS:

I was a financial advisor for 37 years and retired from UBS Financial in January 2007. I have been coaching basketball for the past 25 years spending most of that time working with all age groups in the AAU system in Concord.

I spend my time now maintaining an interest in the investment world while trying to get in 100 rounds of golf a season. I recently continued my interest in basketball in the business world. I am now working part time for The Art of Basketball. AOB is under license from the National Basketball Association and presents a collection of art, which taps a select group of leading graffiti and street artists. From these images we produce a line of consumer products. Some of these products include original art, women's apparel such as scarves and high end women's tops.

Anne and I are enjoying retirement. We have done some traveling to Arizona, California and Florida to visit with relatives. We have also spent time in New York City to see our son, Garrett, perform who is a musician and lives in Brooklyn. We both enjoy playing golf and snowshoeing. We still own our 1838 farm house in Chichester with many perennial gardens, a wonderful view and continue to enjoy country living.

I was remarried in 2010 to a wonderful lady named Sandee. We live in a small town called Murrells Inlet, SC, just south of Myrtle Beach. It is called the seafood capital of SC. I have been here since 2004 and love it. Both of my son-in-laws are in Afghanistan. I have been fully retired since 2008 and love living near the beach. It's a great life and the weather is great.

I have had a Corvette since 1992 and now own a white 1998 Corvette Coupe. I am very active in the Myrtle Beach Corvette club and come back to NH several times a year to be with the Lakes Region Corvette club where I am a past president.

My wife and I met Dick Martin and his wife a few weeks ago for lunch we had a great time talking about old times. He lives about 10 miles from me in the winter. Looking forward to the reunion.

2012 COMMENTS:

Married in 1967. Lived in East Hartford, CT for 2 yrs., built a home in South Windsor, CT and have lived their for 43 years.

Before starting our family, I worked for Pratt & Whitney Aircraft in East Hartford as a private secretary. I did stop work to raise our sons though. Then worked as an office manager at another engineering company. I have been out of the work force for approximately 10 years watching and enjoying our granddaughters growing up.

My husband, Gordon, presently is self employed as a real estate investor. He is slowly approaching retirement. I'm looking forward to our retirement years together. We hope to do more extensive traveling while we both are healthy.

I'm very excited to attend our 50th High School Reunion to see my friends and classmates again. Fifty years have certainly flown by! I want to personally thank the Reunion Committee on their wonderful week-end planned.

Looking forward to seeing everyone real soon.

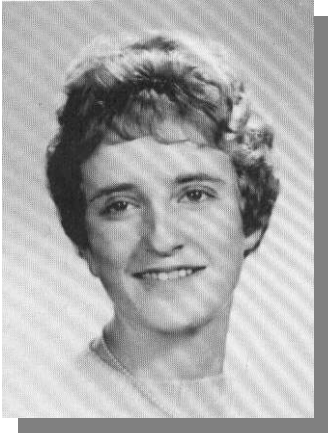

2002 COMMENTS:

Sorry I have to miss our 40th reunion. Have a Sorority Convention that same week-end down at the Cape. Do hope to see everyone at our next one though.

Three days a week, I babysit for my new little granddaughter, "Princess" Leah. It is so rewarding. I just love it.

1992 COMMENTS:

Looking forward to seeing everyone. Thirty years have certainly flown by quickly.

The following is not an official obituary - BUT - a combination of E-mails from Merle, George's Wife, that she approved to give us some idea as to what poor George has gone through the last few years of his life.

E-mail of 07/06/2018 in response of Olive Garden luncheon:

George Estabrook's wife Merle here. Thought I would reply for him as he hasn't been on the computer for weeks.

George has been battling multiple myeloma since 2013 and after initial stem cell transplant ordeal in 2013 and continual ongoing treatment since then.

Initially he was on a different oral chemo and we were able to continue traveling albeit at a little bit different pace. Then sometime ago, the disease advanced and required different treatments by IV two days a week, evidently that didn't work so well and June 20th he received first Daratumumab (8 hr IV) and things have gone downhill since.

All the nasty side effects that he had escaped with earlier treatments have shown up now, second treatment on June 27th and into hospital on 29th due to severe pain and treatment side effects, 5 days there and home now.

Pain finally under control with a combo of meds, other side effects calmed down, this week's treatment scratched so hopefully he will be able to cope with next week's treatment and whatever comes with it.

Dr did say he had some things to try to combat the side effects. We have scratched a slight hope of making it to Maine this month for family reunion, and as you can suspect will be missing your luncheons as well.

Hope you have a good turnout and enjoy your time together. Hello and best wishes to old friends from George.

George and Merle Estabrook

E-mail of 07/31/2018:

Dear Michael, don't remember if I responded to this email from you for George, I know at some point, I did tell you he wasn't doing well. Things went downhill very rapidly after that and we lost George on July 28th. He struggled mightily those last two weeks and thru the sorrow we have to be relieved for him that he is past that now.

I never really had much chance to ask him if he wanted me to give you the ok to share with your class, I think he did indicate yes, but I just didn't have time.

Wish George/Chip could have met up with you in York Beach, ME.
Merle Estabrook

Obituary:

George Lovell (Chip) Estabrook, IV, 74, Leavenworth, Kansas passed away Saturday, July 28, 2018 at home due to Multiple Myeloma.

George was born June 10, 1944, in Concord to George Lovell Estabrook, III and Doris Hazen Estabrook.

He attended Concord schools and went on to graduate from the University of New Hampshire where he majored in forestry.

He ran cross-country and track and was a captain of both teams in high school and college. He won the Yankee Conference cross-country championship at UNH and is a member of the UNH Athletic Hall of Fame. Running continued to be his passion throughout his life, wherever he went that running gear bag was ready. Many of you may remember him running one of his Leavenworth routes as people often reported "sighting" him all over town, in his memorable running garb (in the days before running tights) one toddler telling his Mom he saw "the runner man" and so he went, having his talks with God as he ran.

He was the cadet colonel of ROTC at UNH and was awarded the American Legion trophy based on excellence in scholarship, military science and athletics.

George was commissioned into the Army upon graduation, attended the Infantry School at Fort Benning, then Airborne-Paratroop school, also Military Intelligence School at Fort Holabird, Md. His overseas tours of duty included Vietnam, Thailand, Korea and two tours in Germany. He particularly loved Germany with its Volksmarches, skiing and mountain climbing, he was always looking for the highest point.

He traveled whenever possible, using his car and a half-shelter - mostly alone, probably because no one else was willing to "half-shelter it."

He met Merle while stationed at Fort Leavenworth and they were married in 1981 at Memorial Chapel, Fort Leavenworth, Kansas, he always said they went to Korea for their honeymoon as he was already on orders at the time. He returned to Fort Leavenworth and CACDA after Korea and was a faithful member of the Memorial Chapel Liturgical family from 1983 until he was called to Heaven.

George shared with Merle his love of the adventure of travel (minus the half-shelter) and together they made many trips to Germany and beyond, going where the road and their fancy took them, he was always curious as to what was around the next corner or over that mountain.

After his retirement he taught skiing at Snow Creek, guiding many a 6th grader on his/her first run down the slopes. He also pitched in and found a niche at Country Cupboard before they decided there was a lot of world out there to see and closed the shop.

George is survived by Merle Miesner McAtee, his wife and traveling companion for 37 years; stepson Alan Mcatee and his friend Jill Hinrichs, Belleville, Ill.; stepdaughter Lori Humble and spouse Rob Humble, Leavenworth; grandson Clay McAtee and friend Kendall Adams, Denver, Colo.; grandson Cole Humble, Concordia University, Seward, Neb.; granddaughter Lena Humble, U of Central Missouri, Warrensburg, Mo.; grandson George Humble, Leavenworth High; brother Robert Estabrook and spouse Terry, Concord; niece Kristen Estabrook, Somerville, Mass.; nephew Tom Estabrook and spouse Elizabeth, Weymouth, Mass.; nephew Jeff Estabrook and spouse Kaleigh, Pembroke; sister-in-law Katy Goodwin, Kansas City, Mo.; sister-in-law, Brenda Johnson, Parkville, Mo.; sister-in-law Linda Huebner and spouse Paul, Jackson, Wis.; nephew Matthew Goodwin and spouse Amanda, Kansas City, Mo.; nephew Bob Goodwin and spouse Susan, Firestone, Colo.; niece Kara Johnson, Kansas City, Mo.; niece Corrie Johnson, Seward, Neb.; nephew Kyle Huebner and spouse Erin, Cedarburg, Wis.; niece, Keli Gilson and spouse Kris, Scottsdale, Ariz.; and five grandnieces and nephews. He also leaves many loving Estabrook relatives, aunts, uncles and cousins.

Visitation will be held from 6 to 8 p.m. Wednesday, Aug. 1, 2018 at the Davis Funeral Chapel, 531 Shawnee St., Leavenworth, Kansas 66048. Funeral service will be held Thursday, Aug. 2, 2018 at 8:30 a.m. at Fort Leavenworth Memorial Chapel, Fort Leavenworth, Kansas 66027. Please note, two forms of ID are needed to get on Fort Leavenworth, please call 913-682-5523 for info.

A brief internment service will follow at Leavenworth National Cemetery, 150 Muncie Road, Leavenworth, Kansas at 10 a.m. Thursday, Aug. 2, 2018 (vehicles to line up at Administration Building before proceeding to Pavilion). For further information please call 913-682-5523.

Pallbearers will be Bob Estabrook, Tom Estabrook, Jeff Estabrook, Clay McAtee, Cole Humble and George Humble.

2012 COMMENTS:

After graduating from CHS, I attended the University of New Hampshire. I graduated in 1966 with a degree in Forestry. I had participated in the ROTC program and graduated a Distinguished Military Graduate. On graduation day I was commissioned into the United States Army as a second lieutenant.

I spent about 21 years in the US Army and was stationed around the world including Germany, Vietnam, Thailand, and South Korea. In the United States I was stationed in Georgia, Maryland, Texas and Kansas.

While at Fort Leavenworth in Kansas, I met my future wife, Merle. We were married in 1981 and several months later were living in Seoul, South Korea. We enjoyed our two years in South Korea. From Korea we returned to Leavenworth, Kansas which is where we now reside.

When I retired from the US Army, I became a ski instructor and taught skiing at a small local ski area called Snow Creek. I taught skiing for about seventeen years.

My wife and a friend bought a small shop in Leavenworth. Merle bought out her friend and worked to turn the store into a premiere gift and collectible store. After I retired from the US Army, I went to work for my wife taking care of the bills and payroll among other things. Merle had the store for nineteen years. We finally closed the doors in January 2005.

Merle and I enjoy traveling and since we closed the store, we have made numerous trips to Europe. Much of our time has been spent in Germany. However, we have visited The Azores, Italy, Slovenia, Croatia, Hungary, The Czech Republic, Poland, Luxembourg, Belgium, The Netherlands, France, Switzerland, Liechtenstein, and Austria.

Merle had two children when we met, Alan and Lori. We now have four grandchildren. One lives in Denver and is in college at Colorado State, and the other three are living here in Leavenworth and go to the Lutheran School here. The oldest Leavenworth grandchild graduated from 8th grade in May.

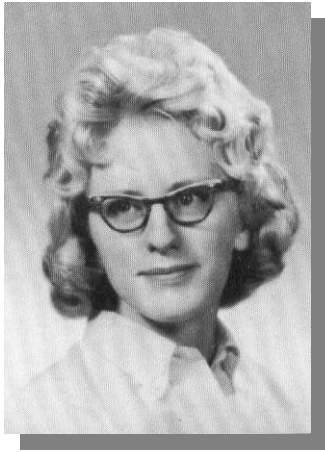

Thanks for all the work you do for the class Mike. Also thanks for talking with Bob Murdoch. We lived across the street from each other when in school. He sent me an E-mail asking what we were doing for our 50th reunion. At the time I didn't know and told him to contact you. Understand he even went to one of your meetings. Thanks!

2002 COMMENTS:

Grandchildren are great! We love ours and enjoy doing things with them. We took care of the three youngest ones for nine days in July. Now we know why the Lord gives you children when you are young.

Merle and I also enjoy traveling when we can get away from the store, and we make an effort to get away a lot more now that we are getting older.

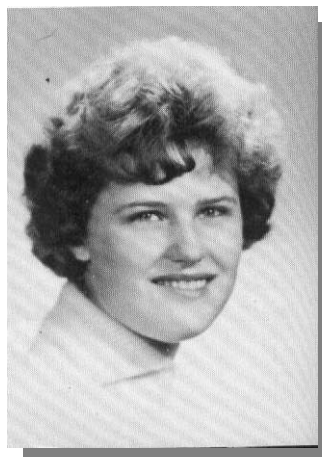

My most exciting news this year is that I will be inducted into the University of New Hampshire's Wildcat Athletics Council Hall of Fame on November 9th! (I do still run -- approximately 21 miles a week - and participate in several races each year.)

2019 COMMENTS:

Hi Everyone!

My life has changed significantly! In April of 2016 I finally was able to sell my consulting business in California but was tied to a transfer clause where I would be an employee of the new company for a 2 year transition period - essentially slavery! At the end of April 2018 I finally was able to transition out/retire. I still spend a few hours a month consulting on an individual basis for a project in Santa Cruz, CA that will be a 27K sf net zero energy building for a non-profit insurance company. It is under construction and is expected to be complete in Jan 2020 or sooner.

To move to Washington State we looked at about 5 properties in Clark County WA - just north of Portland, OR - that we made offers on and withdrew or they decided they didn't like our offer. Finally, in Feb of 2017 we purchased the property in Battle Ground - a 10 acre parcel with a large home with 3 bedroom suites and an apartment - which we eventually hope to have for a caregiver - we are all getting older. The Universe was looking out for us - just had to be patient!!! There are three of us - myself, my brother and another guy long time friend. My partner of 5 years decided in early 2017 not to move up with us and is now living in an assisted living facility in CA. It is beautiful here and we love it. We will do some organic gardening and other miscellaneous efforts.

We spent 4 months getting our 4-plex ready to sell in CA. We hit it just before the RE market started to cool in late September so we will have some reserve funds for retirement - thank heavens!

I am trying to put together my portfolio for my jewelry work - photos and some descriptions to take to galleries and do commissions for people. I have a nice studio/jewelry room. Some of you may remember I brought a necklace / earring set of my silver and turquoise work for a donation to one of the reunions. I took 2 weeks of workshops in Georgia in September to learn opal faceting and silver wire wrapping jewelry techniques with my cousins Claire and Susan.

I decided recently that I had been out of shape for too long so am now doing fitness sessions twice a week and have started back to ballroom and Latin dancing again for more exercise. I have forgotten a lot and also find I am

not physically as agile as I used to be but it is still fun - even if I'm not that great!

I hope to see you all in March and wish you all good health and that the Universe watches over you!

Stay Happy!

2012 COMMENTS:

I moved to California for a BS in Biology at UC Davis; then to Washington State for a BFA in Fine Arts with secondary teaching certificate in biology, chemistry and physics; moved to Southern California for my MFA and teaching - which I did very little of because of the economy. After several years working in construction, I migrated to Northern California and a position with Stanford University where I managed large real estate projects. After 11 years at Stanford I left for a position to manage the Real Estate and Construction for the City of Mountain View (where Google is located) for 7 years. While working at the City I took a Masters Degree in Systems Management - a business degree focused on organizational management. I then became half owner of Facilities First (trusted advisors in facilities professional services and software) in 1995 and am still there as CEO. We had our best year to date in 2011. I'm not sure when I will transition to another endeavor.

I have traveled internationally to a number of countries and have as a goal to visit as many of the wonders of the world as I can. Having done a lot of different kinds of art work including ceramics, textiles, metal sculpture and personal collage - for the past 15 years or so I have been making jewelry with semiprecious stone, silver and gold. After the 2002 reunion I started to learn ballroom and Latin dancing and have been doing it ever since - it is addictive and great exercise!

My brother and I have lost both parents now, but thankfully have remained pretty healthy. I don't have children, but have nephews with two grand nephews and two grandnieces. I have been looking for the last love of my life, but so far he has eluded me. I am happy and content being solo and look forward to many more fruitful and fun years!

2002 COMMENTS:

Hi Everyone,

Since High School, I have been dabbling in lots of things including three marriages - yes 3, which I didn't take lightly but some others did... resulted in no children, but I have a wonderful grand nephew and lots and lots of relatives. I am single now and have been for over two years.

I have a BS in Biology from the University of California and took teaching certificates to teach high school biology, physics and chemistry - none of which I ever ended up teaching full time. I did residential real estate until I went back to school in fine arts - textiles and weaving, later a Masters in Sculpture - one of those marriages moved me back to California from Washington State. I worked in Construction and have a General Contractor's license (inactive now) and had my own tile setting business.

Long story short - I worked as a Senior Project Manager at Stanford University for 11 years, worked for the City of Mountain View as their Real Estate and Capital Program Director for 7 years, now have my own company for 8 years (4 of which I have been actively involved) and have 25 employees = we provide project management and staffing in the facilities arena to companies in the Bay Area, CA. The business climate is very tough right now, but we

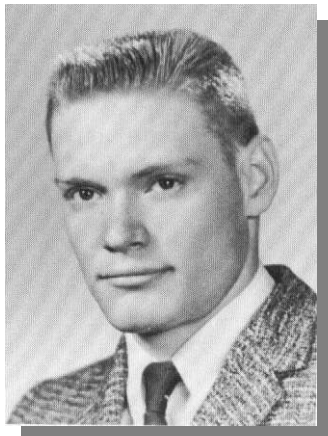

are holding our own! One of the big jobs we have is to consolidate two campuses of Philips Semiconductor into one campus over a 1.5 year timeframe web site is www.facilitiesfirst.com .

When I was 50 I went back to school for a Masters Degree in Systems Management (and Organizational Development), a business degree with people in mind rather than an MBA with mostly finance in mind - great experience!

I have done some travelling and have renovated several homes. My brother (single too) and I live in the same condo complex and have some good friends - went gold mining in Idaho last year and some mineral hunting this year. I do beading as an avocation with silver and gold and semiprecious beads. It helps through the tough times and (and my expensive fitness trainer!) helps beat the stress.

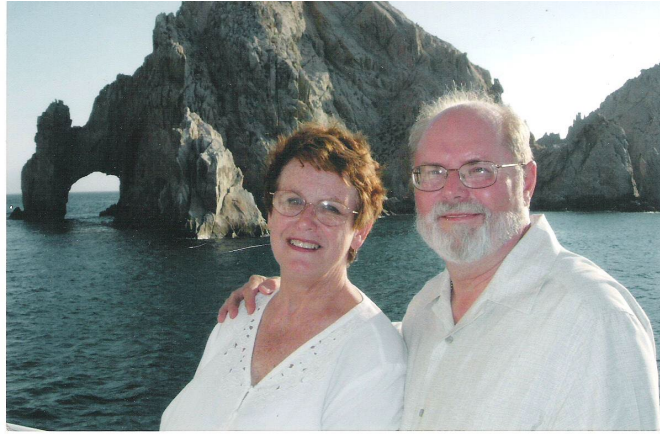

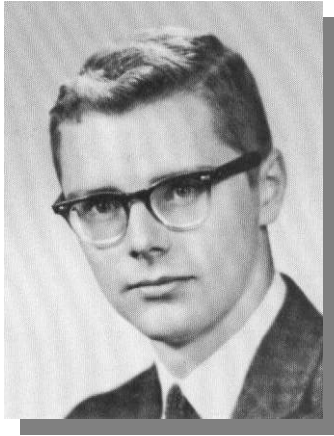

My brother and I have been struggling with aging parents the past few years. Mom died in July. My dad (in assisted living) now has his meds balanced and is a joy to be around at 85 - great sense of humor.

Looking forward to seeing everyone!

2012 COMMENTS:

After graduation, I attended Oberlin College (Doc. Blanchard's alma mater) graduating in 1966 with a B.M. in Bassoon Performance. I then played 3 years in the New Orleans Symphony where I met my wife, Kathleen Kella a violinist.

We were married in 1969 and have since played together in The Louisville Orchestra (KY), the Honolulu Symphony (Hawaii and Kathy's home town), the Orquesta Nacional de Mexico (Mexico City, Mexico), the Minnesota Orchestra (Minneapolis), the Detroit Symphony, and Michigan Opera Theatre.

In 1992, I began working as Technical Supervisor for the Michigan Piano Company working on the rebuilding and restoration of fine older pianos. I pursued this as well the orchestral performance with the bassoon until recently.

We have two children. Jonathan, who with his wife, is teaching in Connecticut and Kristen who is here with us working toward a degree in Biochemistry and Nutrition.

In 2004, I was diagnosed with ALS (Lou Gehrig's disease). I am currently in a power wheelchair all the time, and though the disease is progressing very slowly, it does mean that traveling back to Concord for the reunion is not possible. It sounds as though you have a wonderful time planned and I wish all of you the best.

Obituary:

Kirkland David Ferris, of Southfield, Michigan, passed away Saturday, April 10, 2021 after a courageous battle with ALS. He was born December 30, 1943 in Hartford, Connecticut to Elizabeth and Walter Ferris.

Mr. Ferris received his Bachelor's Degree from Oberlin Conservatory In Oberlin, Ohio. He later obtained his Master's Degree in Music History at the University of Michigan. Mr. Ferris was a Bassoonist with the Detroit Symphony, then Principal Bassoon with the Michigan Opera Theatre for almost 30 years. He developed a piano service, including re-building, re-finishing and tuning.

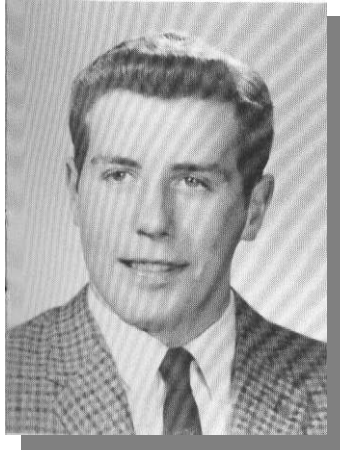

He greatly enjoyed cycling and was an avid follower of the Tour de France and the other major European cycling tours. As a youth in New Hampshire, Kirk loved working on classic cars. At 17 he rebuilt a period steam engine to install in his boat.

Kirkland is survived by his beloved wife of 52 years, Kathleen; son, Jonathan, daughter-in-law Jeannette Ferris; daughter, Kristen Ferris; grandchildren, Gabrielle, Norah, and Samantha Ferris; sister, Gail McFarland; and Niece Eryn Sepp."

I, classmate, Dr. Roderick (Rod) E Prior, have stayed in touch with Kirk more or less since we were in the 9th grades. We played music together in high school, Kirk on bassoon and me on clarinet. We were fortunate enough to play in the New Hampshire Symphony the last two years of high school, and by happenstance spent the summer of 1967 at Dartmouth, Kirk in the Dartmouth summer music festival and me doing research at Dartmouth Med School where I was a student.

Kirk graduated from Oberlin and went right to the New Orleans Symphony, playing second bassoon. He then moved to the St. Louis Symphony, the Honolulu Symphony, the National Symphony of Mexico, The Minnesota Orchestra, and the Detroit Symphony. He played professionally until he started suffering from amyotrophic lateral sclerosis in the late 1990's, when he could no longer play the bassoon. He then worked as a piano technician for some years and taught bassoon and bassoon reed making until he was forced by retire because of slowly advancing ALS. He lived with ALS much longer than the usual case and became the longest living ALS patient of the University of Michigan neurologists who cared for him.

Kirk never lost his intellect, his humor and his smile. I will miss him greatly.

2012 COMMENTS:

I guess that we never think about our time in high school until later in our lives. I haven't thought of names like Bulldog Reed, Earl Temple, Mary Miles or Coach Louti for years. Some of us spent our days wondering if we would ever make through the year, others seemed to sail through with no problem I was born in Jamaica NY. We moved out to Long Island when I was three years old, my family wanted us to get out of the city. When I was a teenager I spent the summers swimming in the Long Island Sound and just hanging with my friends. My family moved to NH in the fall of 1959.

I was a little nervous my first day at C.H.S. I didn't know any one in Concord except my cousin Carole Lepine. Then I met a guy named Tom Beauschene. Tom and I hit it off from the beginning and are still best friends. He moved to Kansas after his 23 year hitch in the Navy, but we still keep in touch. He visits NH every few years and we always have a good time.

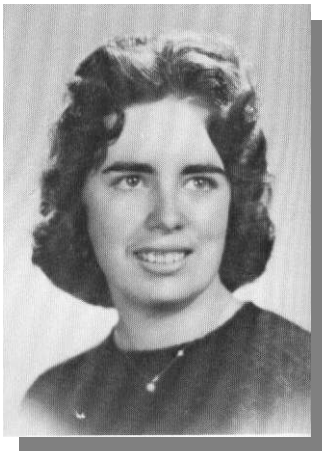

I wasn't able to enlist because of my eye problems, I moved back to N.Y. It didn't take me long to figure out that I was spoiled by the life in NH and I came back a few years later and have been here ever since. I guess you can call me a transplant, but I feel more like a native.

I started working for J.C. Pittman (PITCO Frialator) in Bow in 1966 and retired in 2004. During that time I have had four career changes and spent the last 17 years working in the maintenance dept.

I was married in 1970 to Mary Steele from Epsom. She attended Pembroke Academy and graduated from Plymouth State Collage in 1969. She did her Student teaching at Rundlett Junior High and taught Math there for 28 years. She also taught Math at C.H.S. and at Coe-Brown in Northwood to fill in for a teacher who was out on maternity leave. Her last five years was at Newfound Regional H.S. in Bristol. She earned her Masters in 1985 from Antioch and has been active in many organizations. She has served for 15 years as the chairperson of Epsom's budget committee and three years on the Selectman board. She is currently running for the position of the N.H House of Representatives for District 21, which includes Epsom and Pittsfield.

After I retired, I found myself involved in a committee that was trying to save the "Old Free Will Baptist Church" in Epsom. It was to be tom down to make room for a Cumberland Farms store but the committee fought to move it instead. You can find the story on the Epsom Historical Associations' Web sight.

I am looking forward to seeing my friends and classmates in the fall.

2012 COMMENTS:

I found my daughter, Leona and have been in reunion for 18 years. I feel doubly blessed having two wonderful daughters and 4 grandchildren between them.

Had an opportunity to do some traveling after being downsized from my job at Visa in CA.

Bought a one-way ticket to Bangkok with stops in, Fiji, New Zealand, Australia and Bali - was gone 6 months, an incredible journey.

Moved to Bisbee AZ when I returned lived there for 13 years and am now staying at my daughter Dorinda's in the San Fransisco area temporarily 'til I decide where I want to settle down (oh no not that!), ready for another big trip now that I'm retired and still healthy. Hope to be heading to South America this winter.

Am looking forward to our 50th reunion, renewing old friendships and making new connections.

Remember "All who wander are not lost". Blessings to all.

1992 COMMENTS:

The last 30 years: Attended Concord Hospital School of Nursing for 1 year (wanted to party). Hung around Concord for another working and then went to Colorado Springs (had my first child) for six months then to California (LA area). A year later became a single parent and worked in the data processing field. Thirteen years later moved back to Concord (culture shock), daughter attended and completed high school at Concord High School. She decided to attend college in the DC area (University of Maryland) so moved to Arlington, VA for 5 years and then was working for VISA, USA, as a computer operator and low and behold I was able to transfer to California - Dorinda had graduated from college and it was time for mother to be out on her own. So here I am in the beautiful Bay Area (San Francisco) still single, vegetarian, part-time massage therapist, discovering some of life's answers (hope they don't change the questions) and enjoying the journey. Please, if any of you find yourself in this area, PLEASE LOOK ME UP, I love to show people around.

Obituary:

WASHINGTON, Va. - Christopher A. Goodine, 67, passed away Thursday, September 22, 2011 at his home in Washington, Va. Born to Elwood A. and Kathleen Chase Goodine of Concord, he spent his childhood years in West Concord, attended Concord schools and was a graduate of the class of 62, after which he served three years in the U.S. Army.

He was introduced to the art of jewelry-making through the League of NH Craftsmen, of which he was a member for over 40 years and became an accomplished designer and creator of fine gold and silver jewelry. In 2007 he opened his second shop which he designed himself.

Chris, and his wife Jean, were avid mountain climbers and loved spending their summers at their home in Jackson, accompanied by their boxer Max.

Chris was very proud of his ability to recognize and name the mountains of New Hampshire and would often recite some historical facts regarding them.

He is survived by his loving wife Jean of 39 years; his mother Kathleen of Concord; and his brother Brad and his wife Carol of Contoocook.

Private memorial services will be held at the family's convenience.

2012 COMMENTS:
Hello to all my classmates!

After graduating from Boston University School of Nursing in 1966, I worked at New England Medical Center in Boston. I married Dick Parkinson and we lived in the Boston area until he completed active duty with the U.S. Navy. We have lived in Concord ever since.

During my career as a nurse, I also worked as adjunct nursing faculty at NHTI in Concord. I went to UNH Graduate School and completed a M.S. in Nursing.

We are grateful for a wonderful family. Jennifer graduated from UNH and also became a nurse. Chris is a financial advisor. Patrick graduated from Fordham University and is a social worker for DCYF in NH. Our grandsons are great kids and doing well.

I have taken several community ed. classes. I developed an interest in genealogy and have been researching my family history.

My husband has retired and is an avid golfer. We enjoy spending time with our family and friends. Have done some traveling and hope to do more.

I look forward to seeing you in August!
Regards to all.

Obituary:

Mooneen B. Parkinson, age 78, passed away peacefully on her birthday December 14, 2022, at her home surrounded by her family.

She was born in Chelsea, MA the daughter of the late George and Bertha (Fleming) Gordon.

She attended Saint John's School and was a graduate of Concord High School class of 1962 where she was a majorette and a cheerleader. She received her bachelor's degree in Nursing from Boston University in 1966. She received her master's degree in nursing from the University of New Hampshire in 2003.

Mooneen was passionate about nursing; she worked for 38 years as a registered nurse at the Family Place at Concord Hospital. She also worked as a nursing instructor at the NH Technical Institute and the Massachusetts College of Pharmacy and Health Sciences. Mooneen often talked about the pride she took in the care she provided to infants and new parents, preparing them for the journey of life. She embodied the best qualities of the nursing profession in the patience, dedication, and compassion she showed to her patients.

She was an accomplished dancer in her youth, and in her later years she was a proud volunteer for the NH Democratic Party. Mooneen conveyed a rare depth of character, having overcome many losses and challenges early in her life. She was a true example of resilience, and was admired for the strength and perseverance she demonstrated. She loved spending time with her husband, children, and 3 grandsons.

In addition to her parents, she was predeceased by her Uncle and Aunt, Leo and Irene Mallon.

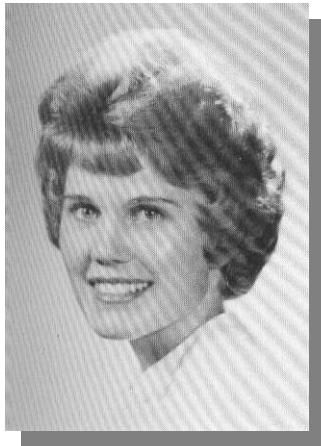

She is survived by her loving husband of 56 years, Richard J. Parkinson; her daughter, Jennifer Keefe and her husband Christopher of Kennebunkport, ME; her son, Patrick Parkinson and his wife Stephanie McLaughlin of Manchester; 3 grandsons, Ryan, Brendan, and Connor Keefe of Kennebunkport, ME; and her cousins, Kimberly Kelton and Steven Smith of White River Jct. VT, and Mark Fifield of Concord.

Visiting hours will be held on Wednesday, December 21 from 5 to 7 p.m. at the Waters Funeral Home, 50 South Main Street, Concord.

A Mass of Christian Burial will be celebrated on Thursday, December 22 at 11 a.m. at Christ the King Parish, 60 South Main Street, Concord, NH.

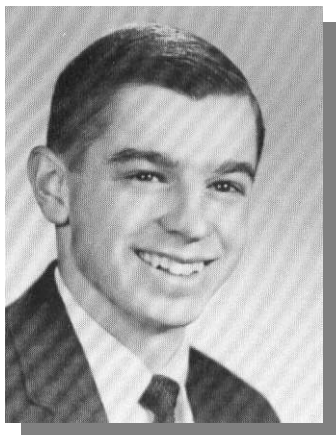

Burial will follow at the Blossom Hill Cemetery, Concord.

Donations may be made in her memory to the St. Vincent DePaul Food Pantry, 67 South State Street, Concord, NH 03301.

2012 COMMENTS:

Where has the time gone. It has certainly been a busy time for me. I still love to travel and in Sept of 2011, went on a 10 day walking tour of the North Yorkshire Moors. Our 1-week stay was in a country house hotel in Whitby, England. I walked 2 coastal trails and 2 inland trails and spent a day in Whitby itself. Whitby was the home of Bram Stoker, where he wrote his classic Dracula. Only spent a day and half in London, but I had the chance to connect with friends and a wonderful day.

Now that I am semi-retired, I spend alot of time volunteering. I am on 3 boards, one as VP, sing in church choir and with the Suncook Valley Chorale. I am a member of OLLI (Osher for Life Long Learning) for 50+ and take classes in the spring and fall semesters. Am on the travel committee and also trip coordinator. I will be starting to volunteer with Upreach Therapeutic Center at the end of July, working with disabled children/adults in their riding experience.

I am glad to get back into being with horses. My two horses have long since passed away and I am glad to be back at it. At the ripe old age of 68, I am in the process of buying my own home.

I look forward to the reunion in August and seeing all our classmates. For those of you who can't make it, am sorry I won't get to visit with you.

2002 COMMENTS:

It doesn't seem possible that ten years have passed since our last reunion. My years certainly have been busy. I am still working full time at the same nursing home facility in Manchester as Medical Records Director and am divorced and living back in Concord.

I've traveled many times to England / Scotland, London being one of my favorite places. In November 1995, March 1996 and November 1996, I assisted taking group tours to London and in June 1996 I escorted my own tour for two weeks to England / Scotland. In April of 2000, I went to Ireland for two weeks with a group of Scottish Country Dancers. I have been doing Scottish Country Dancing for the last 10 years. In 1997, I had the opportunity to cross the English Channel to spend 3 days in Bruges, Belgium.

I am a member of Concord Community Concerts and am on the Board of Directors as VP and Membership Secretary. I have also been involved with theatre, where I've done Gilbert & Sullivan and for the last nine years I have been with a group from Epsom doing variety shows every October. Last July, I joined the Concord Community Players Road Show Troupe.

I am looking forward to seeing all of you at the reunion.

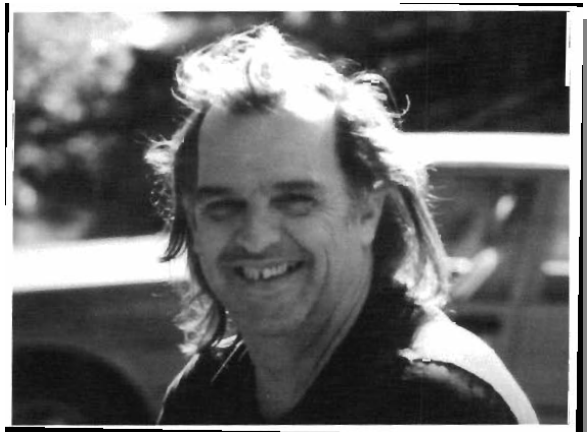

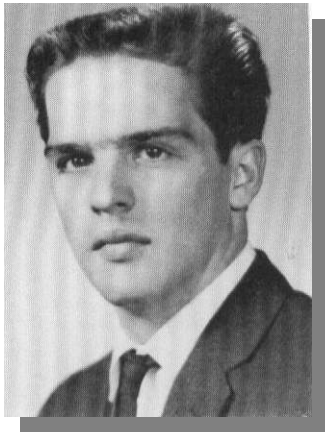

1992 COMMENTS:

I am still at the same nursing home and have been there 17 years; 8 1/2 as a nurse and the last 8 1/2 as a secretary. In July and August 1991, the company changed over to a new computer system and sent us for training to another facility. I have also had classes in work perfect. I am still doing a lot of traveling. In 1990 I went to England and Scotland for 2 weeks. The main reason to attend a family reunion in Scotland, castle ruins and all. In April 1991 went by Amtrak to Virginia to visit friends and spend a day in D.C. July 1991, my sister and I spent a week in London. March '92 spent 2 1/2 weeks in Northern California, San Francisco, Napa Valley, Yosemite, Carmel and Monterey. I hope to get back to Scotland in September. I would like to say hello to all the classmates who are unable to attend our 30th.

2002 COMMENTS:

We have now lived in Pennsylvania for 25 years. I am still employed with

Lorillard Tobacco Company and forward to retiring in a few years.

Frank and Gina (our son and daughter) both live and work locally.

Frank is Director of Marketing with Memorial Eye Institute.

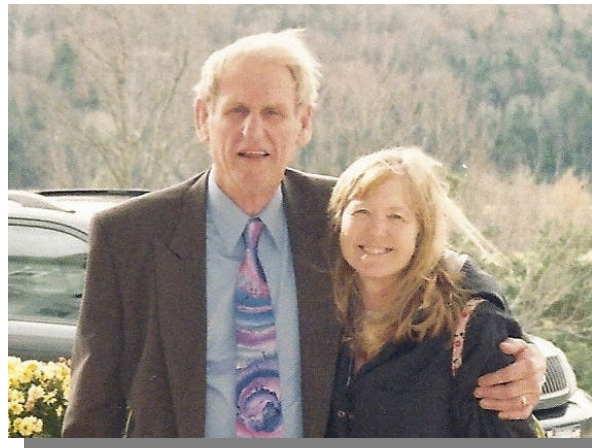

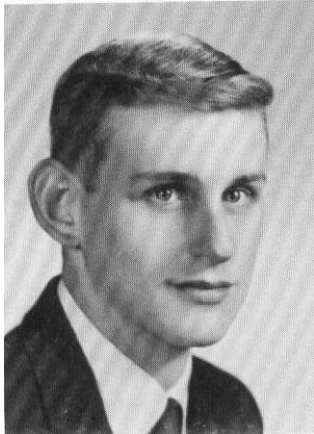

Gina is a 2nd grade teacher for the Northern York County School District. Gina & Dave have been married for 6 years and are expecting their first child in December.

Looking forward to our 40th class reunion and seeing OLD, OLD FRIENDS.

1992 COMMENTS:

We have been in Pennsylvania for 15 years now. It is home to us now. We are 25 miles from Gettysburg, PA and in close proximity to Baltimore, MD and Washington, DC. It has been a great please to raise the kids. Speaking of which they are both students at Penn State, Frank is in his Junior year and Gina is in her Sophomore year. We generally return to New Hampshire for an annual visit with my sister, Rose Mary (Class of 60), her family and Charlyn's family. Looking forward to our 30th and seeing "old" friends.

Lived all my life in Dunbarton where raised 4 children and now have 4 grandchildren. Town moderator for (Dunbarton) 14yrs. Selectman 20 years. Have an excavation business and small farm.

2002 COMMENTS:

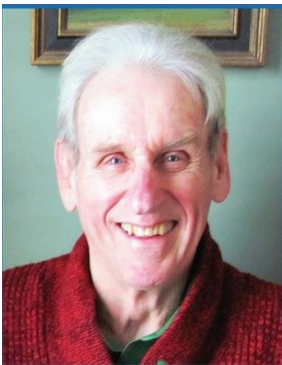

The really unfair part of "maturing" is that the mind doesn't go with the body. I am really looking forward to seeing my class mates and appreciate efforts in making this happen.

I'm still in Dunbarton and always will be. My ancestors on both sides of my family were among the original settlers so I'm a homebody. Still a selectman. I still have a local business. Now have married children and as of last September, my first granddaughter, Ashland.

1992 COMMENTS:

Celebrated our 25 wedding anniversary last year and currently have two children in college. Neither of which would make me feel old, but seeing "Doc" Blanchard on Main Street in Concord now and then looking younger than I feel makes me feel old. Currently operating my own excavation and land business and involved in our town as Town School Moderator, Town Forest Member and wife is chairperson of the school board.

Obituary: Leslie Gordon Hammond (1944 - 2019)

Leslie Gordon Hammond died peacefully, surrounded by family and friends, on February 5th, 2019 at the age of 74. Leslie was born in Concord N.H. on August 12th, 1944 to Robert and Dorothy (Rogers) Hammond. He worked his way through college, earning a master's of Science degree in Resource Economics from the University of New Hampshire in 1971. He made a living as an excavation contractor, machine operator, entrepreneur, politician, and Deputy Director of Operations for what was then the NH Division of Welfare.

Leslie was most passionate about his beloved hometown of Dunbarton and its residents. He served the town in a multitude of capacities including volunteer firefighter, selectman, town and school board moderator, member of the planning and zoning boards, member of the town forest, town building, recycling, conservation and historical awareness committees, county treasurer, deacon of the First Congregational Church of Dunbarton, scoutmaster, coach, and good Samaritan.

Leslie lives on through his wife Joyce, sisters Sharon and Joy, sons Nathaniel, Jonathan and Benjamin, daughter Sara, grandchildren Ashlyn, Thomas, Samuel, Jacob, Raymond and Sawyer, and many extended family members.

Calling hours will be held at the French & Rising Funeral Home on Tuesday, February 12th from 3:00 to 7:00 pm. Obituary:

David Hanchett of Concord, NH died Saturday, April 22, 2023 at the Granite VNA Hospice House after a year-long battle with pancreatic cancer. David was born on September 25, 1944 in Claremont, NH. He was the son of Robert and Arlene Hanchett.

At a young age, David moved to Concord, NH with his parents and resided there for the rest of his life. As a young boy, David enjoyed playing baseball and exploring the woods of Concord. He graduated from Concord High School in 1962 and received his bachelor's degree in business from Nichols College. After college, he enlisted in the United States Air Force and served in Germany and Greenland from 1966-1971, receiving an honorable discharge.

After his time in the military, David began working for Blue Cross and Blue Shield of NH. After more than 30 years with the company, he retired in 2001. David served on the Board of Directors for Service Credit Union for 25 years, including chairing the Supervisory Committee and various other positions and subcommittees. David was an avid coin collector and gardener. While his accomplishments were numerous, where he really shined was as the proud grandfather of Alexandra and Garrett. His grandchildren will always remember the love and attention he gave them, including trips for pad thai, fishing, visits to the farm, and frog hunting.

David is survived by his wife, Barbara; his daughter Pamela, Mathews and her husband Don; his daughter, Mary Hanchett and her husband, Steve LaClair; his granddaughter, Alexandra Smallwood and her husband Nicholas and their daughter, Zoe; and his grandson, Garrett Mathews.

Sara (1972) - Lives in Portsmouth, NH

GRANDDAUGHTER:
Sela Rose (2006)

Abbe (1976) - Married and lives in Altamonte Springs, FL

2012 COMMENTS:

I actually graduated with the Class of 1962 as I had mono in 1961 and was out of school for three months. I went to New England College and managed to achieve a GPA of 2 points below whale dung...Party Hardy!! I worked for the State of NH for about a year, and then signed up in the Navy Reserve. I was assigned to a crew for a new ship built in Bath, ME, the USS Belknap. I spent two years working in the Ship's office.

After finishing my two-year active duty obligation, I went to Cambridge School of Business on the GI bill. I took summer classes at Boston University and finished my BSBA at NH Collage. I married my sweetheart Judy in 1967 and took a job with New England Telephone in 1969 as Assistant Manager of the Claremont, NH business office. I was then promoted to Sales-Manager-Business Systems in Manchester, NH and retired in 1994 as Director of Public/Community relations.

From 1980 through 1999 Judy and I owned and ran the OLMEC Motor Lodge on Meredith Bay, Lake Winnepesaukee. I was actively involved in the communities I worked in: Concord Boys and Girls club, President of the board; Manchester

Crime line, President of the board. Directorships: Salvation Army, Concord; Foxfire Circle, Nashua, NH; Success for Woman Entrepreneurs; American Cancer Society; Rotary Club President and Paul Harris Fellow; Meredith, NH Chamber of Commerce, and a member of the Public Relations Society of America, Yankee Chapter.

From 1994 to 1996 I worked as a Senior Consultant for Interlakes Group. In 1996 I got entrepreneurial and started my own automotive business in Meredith, NH. I ran that for 10 years and then fully retired. We moved to York, Maine in 2009. Our three daughters—Leigh, Sara and Abbe—all live in Kittery as well as our two grandchildren, Sela and Knox. I still can't believe that it has been 50 years.

I enjoy; fishing, traveling, family and friends, Boston Sports teams and I am an absolute news junkie.

2002 COMMENTS:

I now have a Public Relation consulting firm "Bayside Management Company". I have produced employee films for major companies such as Grappone Family companies and NYNEX Corporation. I also have a small automotive firm in Meredith.

Judy works at the League of NH Crafts and formally operated the OLMEC Motor Lodge for 18 years.

Obituary: Paul W. Hardiman (1943 - 2016)

YORK, Maine - Paul W. Hardiman, or as he was known by most, "Skip" or "Skippy", peacefully left this earth early Christmas morning surrounded by his loving family. Skip was born in Concord, on Feb. 1, 1943, the son of Phyllis Knee and Paul W. Hartson and raised by his dad, John P. Hardiman.

He graduated from Concord High School and served two years in the US Navy. He studied Management at both The Cambridge School of Business and Boston University. He then worked for New England Telephone, where he was a leader in Sales, Marketing & Public Relations for the State of New Hampshire for 28 years. After retiring, he turned his passion and love for cars into a small business in Meredith, Bayside Trading Company, which he loved for 10 years.

Skip was an active member of many organizations, most notably the Concord Boys & Girls Club and the Meredith Rotary as well as several other organizations which promoted the advancement of women in business and bettering the lives of children. In 1980, Skip and his wife, Judy moved their family to Meredith, where they bought and ran Olmec Motor Lodge for 19 years.

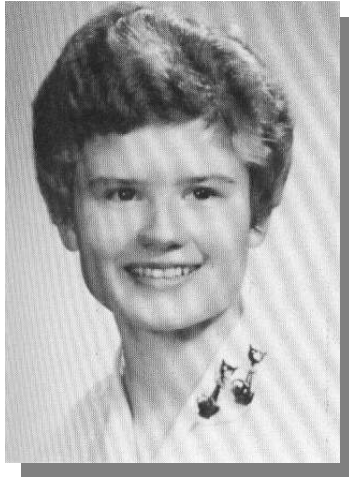

Skip loved all New England sports teams, the beach, sailing, fishing and making people laugh. He loved his brothers, John Hardiman and Troy Hartson. He loved his nieces, Randi, Sadie, Jessica, Megan and Tanya and his nephew, Jeremy. He loved his "bonus" kids, Jay and Amy Colbath. He loved and cherished his entire extended family. Skip had so many dear friends from Concord to Australia and everywhere in between. He made friends wherever he went with his incredible sense of humor, his inclusive and thoughtful nature and his fun-loving and kind spirit.

Skippy will be forever missed by all who knew him, especially his grandchildren, Sela, Knox, Jordan and Kayla, his three daughters, Leigh, Sara and Abbe along with their partners, Rick, Andy and PJ and by his best friend, loving partner and wife of almost 50 years, Judy, who loved him dearly and with whom he had created a wonderful life. Skippy loved Christmas. He often dressed the part of Santa for Rotary events and even posed as Santa for a version of "'Twas the Night Before Christmas" which was illustrated by a dear friend in 1991. He loved the magic of Christmas and any chance to bring his family together to "Celebrate Hardiman Style". His passing on Christmas Day was a poetic nod to an amazing, loving man who will always remind us of the magic and goodwill of Santa.

A celebration of life will be held on Saturday, Jan. 7, from 1 to 4 p.m. at the Concord Boys & Girls Club, 55 Bradley Street, Concord.

In lieu of flowers, donations may be sent to Boys & Girls Clubs of Central New Hampshire at 55 Bradley St., Concord NH 03301 or on their website centralnhclubs.org.

Lucas & Eaton Funeral Home, York, Maine is assisting with arrangements.

2012 COMMENTS:

My plan was to spend my retirement years doing art and I have to some extent: I've had a solo show; participated in a number of group shows with the Women's Caucus for Art; did some commissioned pieces, sold some pieces privately; and was published in an international magazine.

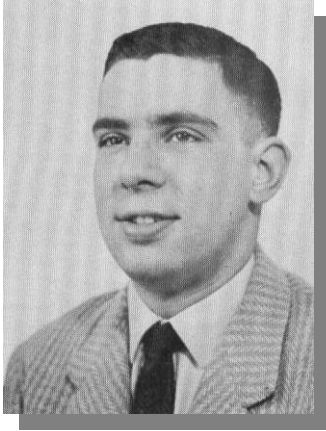

But one thing leads to another and eventually I was pulled into more and more volunteer work. I am co-chair of a non-profit organization, EngAGING NH a citizen voice for the aging experience. Our goal is to link older adults, share information and perspectives, and engage in public policy development. We partner with the State Committee on Aging each year to honor older adults volunteers. I'm also on the Merrimack County Area Committee on Aging which has similar goals but on a local level.

I have been fortunate over the years to have traveled around the world, first as a Peace Corps Volunteer, then as a vacationer and most recently to Istanbul to attend a conference of EMF Practitioners and Teachers.

2012 COMMENTS:

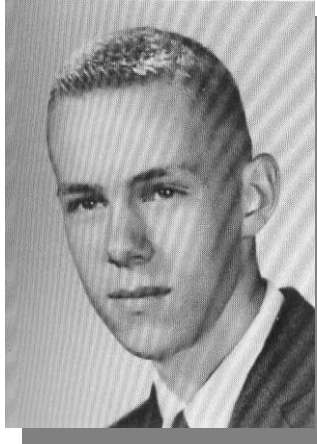

50 years is a lot to summarize in a few paragraphs!!!

After CHS I graduated from UNH in 1966 with a degree in History. Brenda (Woodfin) Thomas was my "roomie" for all 4 years and remains a very close friend. I followed UNH with a one-year program at Katharine Gibbs in Boston, thinking to ensure entry into the work force, which I then did.

Two years later I decided to move West and headed to Colorado in 1969 with a friend and continued my work career as an administrative assistant with IBM, holding similar jobs over the years as we moved around until I finished my career in human resources with our family business here in Concord.

Fifteen years in Colorado brought marriage to my husband, Ed (now 40 years) and two grown sons, Tyler and Grant, who also are involved in the family business. I have two beautiful daughters-in-law, an active two-year-old grandson, and new granddaughter born in May of this year.

Ed and I have lived on the Seacoast in New Castle for the past nine years and love spending the summer months at our Bow Lake cottage.

2012 COMMENTS:

Five years ago, Martha and I moved 3 miles to a new home in East Montpelier. Our retirement home was designed to fit our current lifestyles: quilting studio for Martha and antique car space for me. We continue to enjoy our summer home in Greensboro and our annual Aruba time.

My free time seems to get taken over by my eBay auto parts sales business!

Looking forward to seeing everyone at our 50th reunion!

1992 COMMENTS:

Where have the past 5 years gone? Looking forward to seeing everyone! We sold our Solid Waste Company 4 years ago and I "semi-retired" for 2 years doing part-time consulting work for regional and State wide recycling associations. In 1988, I became purchasing manager for the National Life Insurance Company, Vermont's second largest business firm. Martha and I celebrated our 25th year together last September. We spend our winter vacations in Aruba and enjoy our summer home at Caspian Lake. Still have several antique cars and will try to bring my 1961 Ford convert to our reunion.

Obituary:

EAST MONTPELIER - Charles Eaton Haynes, 73, died peacefully at home in East Montpelier on Dec. 7, 2017, surrounded by family. Chuck was born in Concord, New Hampshire, and adopted by Wesley E. and Lucille S. Haynes. He grew up on Rockingham Street with a sister, Cheryl.

Eight years ago, he found his sister, Carole Plaisted.

As a child visiting his grandparents' farm, Chuck learned to drive a "doodlebug," which sparked his passion for cars, especially the Model A. As a young man, he turned his passion into a paid position working at Page's Model A Garage in Haverhill, New Hampshire.

Chuck met Martha on a blind date at the Stowe Antique Car Show in 1965. They married a year later and, instead of a honeymoon, they drove to Detroit, where Chuck had secured his dream job with the Ford Motor Co.

Longing for the hills of New England, Chuck and Martha returned home to Vermont in 1967. Chuck's employment by D&D Concrete began a career in construction that included time with Kelley Construction and later, Hutch Concrete.

He and Martha put down roots in Montpelier and started a family. They purchased Eldred's Trucking Co. and operated it until 1988.

After a brief "retirement," Chuck joined National Life Insurance Co. as purchasing manager. During his final "retirement," he held positions with Lajeunesse Construction, the Central Vermont Solid Waste District, Associated General Contractors and Walker Motors, among other entrepreneurial pursuits.

A sense of civic responsibility and leadership guided Chuck from a very young age. At Concord High School, he was introduced to Kiwanis through the Key Club and continued to be an active member of the Montpelier Club for more than 40 years.

He served his country in the U.S. Army Reserves from 1962 to 1969. He was a member of the Montpelier School Board for 12 years and served as chair. A member of the OM Fisher Home Board for more than 25 years, Chuck acted as project manager for the construction of Westview Meadows. He enjoyed 20 years of service to Northfield Savings Bank as corporator, trustee and a term as the chairman of the board. Additional commitments over the years included the Montpelier and Central Vermont Planning Commissions, the State of Vermont District #5 Environmental Commission, the Montpelier

Foundation, the Montpelier Civic Center, the Vermont Historical Society and service to Trinity United Methodist Church as a trustee and choir member.

Chuck cultivated friendships everywhere he went. Thirty years ago, he and Martha visited the happy island of Aruba, and the highlight of each winter was the annual vacation they spent with their Aruba circle of friends.

He was also a lifetime collector who enjoyed collecting, buying and selling license plates and car parts, and touring in an antique car with the Mountain Slow Spokes.

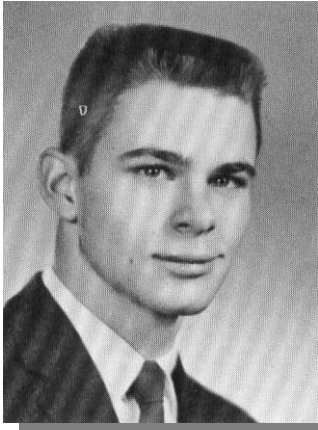

Chuck's biggest source of pride and joy was his family. He cherished time with his daughter, Allyson, and her husband, Roger Myers; his son, Paul, and his wife, Julia (Longhi) Haynes; and his three precious grandchildren Charles W. Haynes, Christin L. Haynes and William S. Myers. Their fondest family memories were made at camp, on Dimond Lake and more recently, Caspian Lake.

Chuck approached every endeavor and each day with heart, passion and a smile on his face, even in the face of adversity. He was a mentor and friend to more than he knew, as exemplified in the relationships he developed with the compassionate staff while undergoing treatment at Norris Cotton Cancer Center.

In addition to a large circle of friends, Chuck is survived by his wife, his children, grandchildren and sisters. He was predeceased by his parents.

A Celebration of Life will be held on Saturday, Dec. 16, at 1 p.m. at Trinity United Methodist Church, 137 Main Street, Montpelier, with a reception to immediately follow at the Gallery in College Hall on the Vermont College of Fine Arts Campus.

Chuck believed in leaving the world better than you found it and that everyone deserves an opportunity to succeed. To honor his memory, contributions may be made to the Norris Cotton Cancer Center Gastrointestinal Cancer Research Fund, One Medical Center Drive, Lebanon, NH 03756; or the Montpelier Kiwanis Club Camp Scholarship Fund, P.O. Box 741, Montpelier, VT 05601.

2002 COMMENTS:

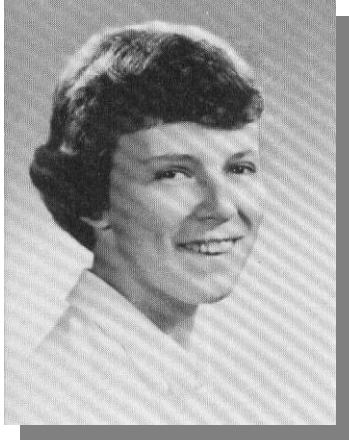

First, let me say that I am sorry that I am unable to make this 40th reunion. I would much prefer to share my last 40 years with you personally but because of prior commitments, this is not possible.

So let me start with where I am now. I am retired with my husband and living in The Villages in Lady Lake, FL. I play lots of golf and still have my love for painting.

My husband retired from AT&T in 1998. He also plays golf, does woodworking and has learned to play the guitar.

We have been married for thirty eight years and have a great life. It just doesn't get any better than this.

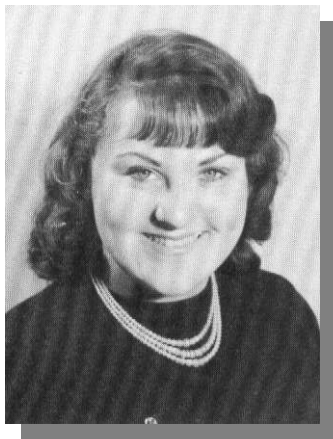

We have three children. They are all married and living in NJ & FL. Our oldest, Kimberly, lives in Key Largo, FL. She works for the City of Tamarac as Director of Special Projects working with the city manager. Next is Tracy. Tracy lives in Middletown, NJ. She has two children, Caitlin and Alex. Tracy is currently a Professor at Rutgers University teaching all phases of Nursing. Our son, Eric, lives in Kinnalton, NJ. He currently works as a regional drug representative for Bristol Meyers Squibb in the NY, NJ area.

Building a 33 Ford hotrod pickup.

1992 COMMENTS:

Since our last reunion a few things have changed. The company that Dianne and I worked for relocated to North Carolina. We didn't feel like moving there but opted to take a six week drive around the country. Last spring we both graduated from Franklin Pierce with BS Degrees. Mine was in computer science/business and Dianne majored in business/marketing. Better late than never. Last year my son, Bob, married and was promptly sent to Korea, without his new wife, of course. My daughter, Lori, plans to move to CO in June. Finally, we get our house back!

Obituary:

Thomas "Tom" Hyde, 73, gained his angel wings Saturday, Aug. 12, 2017, after a courageous battle with cancer.

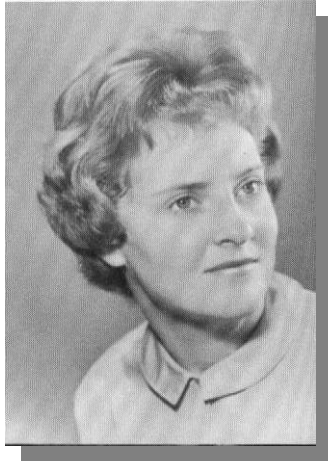

Tom never let the disease get the best of him maintaining his "gift of gab" and the ability to strike up a conversation with everyone he met. He was loved by everybody who crossed his path for his compassion and generous nature. Tom's favorite moments were those spent with his work family at DES, his hot rod friends, riding the country roads of New England, riding his Harley, on the putting green and having a relaxing conversations with friends and family he loved dearly. Tom served in the United States Air Force and he worked at the New Hampshire State Department of Environmental Service in the Air Quality unit.

Tom is survived by his life partner, Brenda C. Payne of Hopkinton; daughter, Lori Logan and her husband, Todd and their children, Jackson and Lizzy; son, Bob Hyde of Asheville, N.C.; Brenda's children, Carolyn Parker, her husband, Shaun and their children, Maddison and Logan of Goffstown and Jesse Payne of Manchester.

A special thank you to the many nurses and doctors from Dartmouth Hitchcock (oncology) and Massachusetts General Hospital who went above and beyond in their care.

A celebration of life will be held at a later date. In lieu of flowers, donations can be made to the New Hampshire Food Bank, 700 E Industrial Park Drive, Manchester, NH 03109.

Arrangements are entrusted to the Bennett Funeral Home of Concord. Online condolences can be expressed at bennettfuneral.com.

2012 COMMENTS:

We have lived in Stowe, Vt., "Ski Capital of the East" for most of our married life. I was business manager for Verizon in Montpelier and Burlington VT. Ted was Vice President and director of engineering for WCAX-TV in Burlington.

We spend our summers sailing on Lake Champlain and our winters X-country skiing at Trapp family Lodge and when the winters got too cold or long we would charter a sail boat in the Islands (Caribbean).

We decided to sell our sailboat in VT and buy a 50' Beneteau sailboat in St. Lucia so we could sail the islands to our content.

We loved to travel and travel we did - England, Scotland, Italy, France, Germany, Austria, Sweden, Denmark, Norway - our favorite was a barge trip in France and our land and cruise of Alaska.

In 2007 we decided to sell our sail boat in St. Lucia and buy a house in the Sarasota/Bradenton area of Florida. Sailing is hard work and we wanted to take it a little easy.

Ted died November 12, 2009 - I still go between houses in VT and FL.

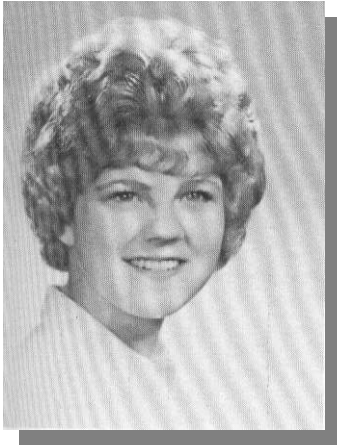

Where have the last 50 years gone? I have enjoyed them all - looking forward to seeing everyone in August 2012.

1992 COMMENTS:

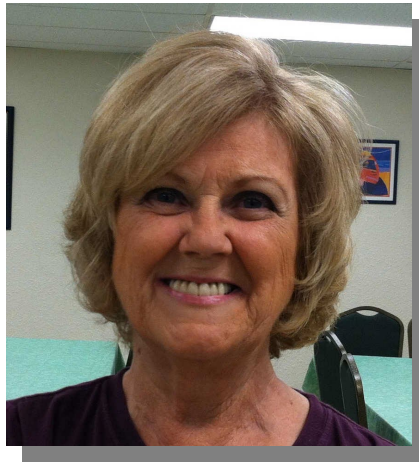

Sorry we won't be able to attend, we leave Stowe on July 11th for a cruise in the Baltic. We will be in Stockholm, Sweden on July 18th.

Hope you all have a wonderful time. Maybe we'll see you at the 35th.

2021 COMMENTS:

I've moved to my son's in Florida's panhandle (aka The Icebox of Florida). We are in the boondocks and it's very quiet here - birds, frogs, insects, occasional dog and/or chainsaw are the only sources of noise. No sirens from ambulances, police cars or fire trucks in the entire year I've lived here. I've never lived in a rural environment before so it took some adjustment but now I've adjusted!

2012 COMMENTS:

I still have just one dog, but firmly believe that life is better when you live with AT LEAST one! After 2-1/2 years of living full-time back in NH, I decided it was time to spend more time with my son in FL. We both have RVs in a very socially active RV community. My coach is just 2 doors down from his on a lot with great old shade trees and large back yards where our 2 Dachshunds like to play. I hope to split my time in future summers between NH and WA. This year, I'm afraid, I'll miss our BIG 50th while I'm in WA for the entire month of August visiting my step-daughter's family. I was looking forward to seeing many old classmates, but, fortunately, I did get to see a lot of folks while in NH recently. Have a great time at the reunion!

2010 COMMENTS:

I only have one now, but I still believe that life is better with dogs! I have retired once again, this time possibly for good. In October 2009, I moved back to NH (from Georgia) and now live with my twice-widowed mother in Bow. I spend most of my time hiking with my dog, traveling to visit my children and friends, reading, watching movies, writing, computing, designing beaded jewelry, sewing, being a companion to my mom, and planning my next trip. I am just getting involved with the Conservation Center and am investigating what role I could serve in the Second Start program in the Concord area. I am still silly and hope to remain that way for the rest of my life! The Class Clown of 1962 Lives!

2002 COMMENTS:

Life is better with dogs! I have 3 Labs and 2 Miniature Dachshunds. If only I could figure out a way to make money from their dirt! Since retiring early, I spend most of my time "creating a life!" I design and make beaded jewelry, beaded leather pouches, appliqued Christmas stockings, costumes, and ritual clothing. Occasionally, I even manage to do some mapping (my former profession).

I spend a lot of time caring for our animals, and frequently find myself sitting with an elderly friend in a hospital or nursing home. I host a never-ending "stream" of friends and family visiting Atlanta, which includes acting as Tour Guide to the area's many attractions. At times, it feels more like a Bed & Breakfast here than a house!

My latest projects include creating digital albums of family pictures and movies. In the cooler months, I also enjoy luxury camping (meaning a HUGE tent with lots of STUFF to make being outdoors more comfortable). For relaxation, I read, watch movies, or soak in the hot tub. Walking and free weights are my preferred exercise. I would love swimming, but our yard has too many trees for a pool and I won't take any of them down. Shade is IMPORTANT in the South!

After graduating, I attended Westbrook Jr. College and Keene State College where I got a degree in education. In my senior year I married Jen and in 1972 we moved to North Carolina. We have two lovely daughters and three grandchildren.

I taught school in NH and volunteered in NC schools for many years. I especially enjoy helping elementary school children with various reading programs.

My other interests include pottery (a constantly learning process), gardening (became a master gardener and immediately killed the grass), belonged to a women's golf group, book club (kindle) and travel. Most important interest is my family.

When Jen retired we moved to our summer home on the Carolina Coast. We have been active in the Ocean Isle Beach Protection Program for many years.

2002 COMMENTS:

I'm sorry I can not make the reunion.

I am moving to Florida that weekend, lock, stock and barrel! My two brothers, David & Bruce, live there and since my son's death, I have no reasons to stay up here. I will not miss the winters in the north.

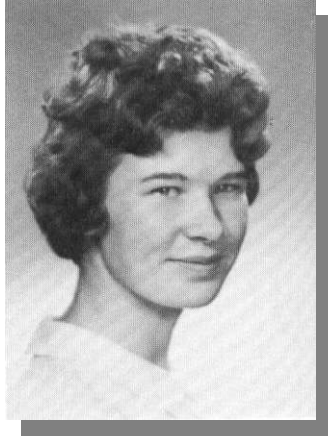

I will let you know when I have an address so that I may come to any future reunions.

Have a ball and I hope that it is a total success!

Love to All,
Cindy Kelley

2012 COMMENTS:

I have always thought of life like a book, and there is the good, the bad and the ugly sentences, paragraphs and chapters, which make for good reading or to represent life as I choose.

After graduation from CHS I went to Plymouth State College, then onto to airline school, then marriage. We had a beautiful daughter Annette who has grown to be a dynamic woman and is Director of Environment Health and Safety at Rensselaer Polytechnic Institute in Troy, NY. She has lived abroad, and then a dozen or so years in Fairbanks, Alaska before joining the Rensselaer team a year ago. Annette is married to Blane, has a son LB and the love of all our lives a grandson, Bryce.

I remarried in 1972 and Annette and I joined Peter in Montreal where he lived and owned a business. Happy years with Peter, Annette and I becoming avid boaters and we bought our first sailboat a Tanzer 22. We lived our summers at the yacht club on the boat and Annette taking sailing lessons.

Peter wanted me to be a stay at home Mom, this was hard as I had worked two jobs for a long time. I found lots to do after a fashion, was Brown Owl to 67 Brownies and 90% of them spoke no English, oh dear that was a learning curve!

Back to teaching which I had hated so much, this time in a college setting and I loved it. I also went back to college and got an art degree.

The political situation began to heat up again in Quebec so like many of our friends we decided to jump ship and move, but where...well after a quick trip to see Canada we decided on Vancouver Island, British Columbia. What a culture shock, the streets were rolled up at 8:30 and we who were so accustomed to fine dining, live theater and much more. We had our boat shipped to the island but found it too small for the ocean, so we traded and bought a 30 foot boat that was a great racer and we spent many hours cruising the coast on Jamelah. We are getting ready to sell her...

When I was forty my Mom passed away and I had spent several months with her in northern NH. She was in a hospital and I found my passion in life. When I returned to BC I tried to enroll at UBC to become an Occupational Therapist, there was at least a two year wait to get into a class and then four more years, which was going to make me old for entering that work force. I found a diluted position in health care and literally nurtured a job that was to become my life's work.

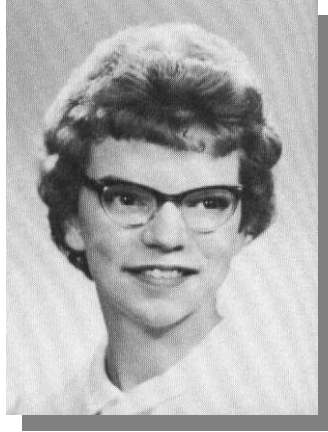

For the next fifteen years I became Director of a Hospital, specialized in Dementia, consultant and taught college at night, chaired many Boards, became the "go to" person for dementia in British Columbia, wrote part of a text book on dementia for UCLA and designed dementia gardens here on the island. I worked most times 80 hours a week, and loved every minute of it. Peter was an incredible support. He and I took a group of 18 to Hawaii for 18 days, these were all hospital bound residents and five were in wheel chairs, we laughed so hard and it was incredible to see 90 year olds travel who had never been anywhere. These are memories that will last me a life time.

Peter and I have both been Commodores of Maple Bay Yacht Club where we live. When I was Commodore I took the salute for Opening Day on HMSC Oriole a Canadian Tall ship. When the Sail past was finished the Commander asked if I would like to go for a sail, I answered in the affirmative and the sails were raised, then he asked if I would like to take the helm of this beautiful 125 foot tall ship, one of the super chapters of my life.

I was seconded to Health Canada for two years for a special project to put on an international conference for Caregivers, I would walk to the end of the dock every other Wednesday and a small seven passenger float plane would fly me to Vancouver to work. It was a great way to commute, it would have added seven hours to my day if I had taken the car and ferry.

The summer of 1998 my book slammed it covers when I had a freaky accident in the work place. Twelve years later, eighteen months in rehab, years of counseling, years of horrifying drugs, a surgery that went south and I got gangrene, legal battles, a depression that left me like I had dementia and pain from hell every day. Then one day I decided that I had had enough of everything and told my Dr's that I would no longer take their horrible drugs and that I would do it my way! Six months later after being sick every day and in terrible pain I came out the other side and have been recovering ever since. I no longer have the energy I once had, every day is pained filled but I have learned to handle it and only go the drug route when I am desperate.

My days are now spent traveling with Peter to foreign ports, reading, I am a silversmith, painting, beading, camping in our 5th wheel and family. I once again teach but only art subjects now. The days of speaking to medical conferences with 450 in attendance are in the past, do I miss this life, yes but I know that I can never go back there so am content with having the love of my family and friends. Peter and I are in the process of selling everything here in BC and moving to Ontario to be closer to our families, so another chapter is being written.

2012 COMMENTS:

50 years...WOW!...well, here goes.

After receiving a degree in early childhood education, and living and teaching in the Boston area, I moved to San Francisco, where I met my husband, Garrick. We have been together for over 45 years, and presently live in the State of Washington, on the Olympic Peninsula, outside of Seattle. We have 2 children, a boy and a girl, who are both now in their mid 30's. Our home has a view of the Straight of Juan de Fuca, and the snow covered mountains of the Olympic Range.

We lived in the Colorado Rocky Mountains, above Boulder, CO at 8500 feet for around 15 years, where I taught pre-school, and worked as an assistant teacher in the elementary school, in the Title I reading program for developmentally challenged children. I was also involved in the R.I.F. (Reading Is Fundamental) program. While we lived in CO, my husband built a successful construction and excavating company, which we sold when we moved on to ID.

We lived outside of Moscow, ID (where the University of Idaho is located), for over 21 years. I once again worked in the school system, teaching and working in the library. I was able to be fully involved in our children's school activities on a daily basis. In ID, our children, Josh and Shauna, had many opportunities to experience activities like Girl Scouts; Boy Scouts; downhill and cross country skiing; young people's writer's conferences; Future Problem Solvers, etc. Garrick was a systems technician for the large athletic facility at the University, which was so large, that it had a football field inside!

Every year, I was involved in the Lionel Hampton Jazz Festival, and, worked as an advertising agent for a regional tourism magazine. Eventually, Garrick and I created our own business called "Life Force Naturals". This was a great example of "a hobby run amuck"! Garrick was a bee keeper, and turned this hobby into a multi-national business, with outlets in several countries, as well as the US. We produced honey, bee pollen, award winning honey wines, called "Mead", which we took gold, silver, and bronze awards at the Los Angeles Wine Competition. We also participated in wine tasting competitions in Sun Valley, ID, Aspen, CO, San Francisco, CA, Portland, OR, Seattle, WA and Boise, ID.

We later sold the business, but had a great time for many years. We would typically take part in 20 to 25 wholesale and retail shows a year, traveling around the country in our motor home, promoting our products, and opening new markets. We no longer are so intensely involved with the rather frenetic pace we were moving at for many years. We now produce just one product, an award winning sweet red bell pepper sauce. For years, we supplied Hickory Farms Catalog with this product, until they closed that division of their business. So, we are rebuilding our market for it using the web, (www.Lifeforce-Specialty-Foods.com), and setting up new accounts in small to medium size specialty food stores. If you go to our website, it is still under construction, and is a bit "primitive" right now!

So, to continue with my life since leaving the east coast, when we were living in Moscow, ID, where we raised our two children, we created and opened a fine art and espresso store/gallery, where we featured the works of over 100 regional artists, as well as 50 small specialty foods. It was an extremely popular store, we were even on the tour list for foreign dignitaries who would be traveling to our country. Our store was also written up in Entrepreneur Magazine, which was pretty exciting! We sold the businesses when we left ID and moved to the Olympic Peninsula, outside

of Seattle, WA where we still live today, with a view of the ocean and islands.

We have always loved traveling, whether in our motor homes (we wore out 3 of them!), or going to Hawaii, or Mexico, where we have gone every spring for the last 18 years, and have owned a time share in Mazatlan since 1998. We even did a cruise to the Caribbean several years ago. Europe is also on our list in the next couple of years.

Yes, we have/are enjoying life! We also work hard, work out daily, and are both in good health, and looking forward to the future and all of the exciting opportunities that will arise!

I am a gourmet vegetarian, well, actually, "pesca-tarian", since we eat fish! We have been pescatarians for over 45 years, and we are grateful every day for what we have been given in this life!

This is just small pieces of the last 50 years! There is so much more!

I enjoyed reading everyone's bio, and hope that you all enjoy reading mine!

I attended Manchester technical Institute to study electronics in the fall of 1962.

In November 1963 I joined the U.S. Army as an aviation mechanic. Majority of my military career was spent in Germany as a crew chief on the OV1 one Mohawk. We were tasked with flying the East German border doing surveillance during the cold war. I was discharged from the Army in September 1966.

I began work for the Addressograph Multigraph Corp. after my Army career. This is where I met my lovely wife, Linda, and we were married in April 1967. We recently celebrated our 45th wedding anniversary.

In August 1967 I began work for AT&T. I stayed with AT&T for 32 years until my right retirement in June 1998. With AT&T I began working with computers in early 1970. This began a long association with computer hardware and maintenance throughout my career with AT&T.

My biggest love in life beyond my wife has always been flying. In 1984 I finally had the time and the money to earn my pilots license. I flew power planes and gliders for more than 20 years. I was lucky enough to be transferred by AT&T to Colorado in 1990. This gave me the opportunity to fly my glider in the spectacular mountains and valleys of Colorado. I retired from flying in 2006.

After my retirement from AT&T. We purchased a home in the mountains of Colorado. Our home is only about a mile from the Continental divide and is at 9000 feet above sea level.

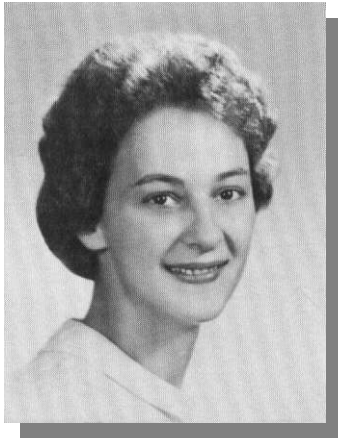

We have one daughter, Sharon who works for Hewlett-Packard in Loveland, Colorado. We have one son, Adam, who is a minister in upstate New York.

Now our greatest joy in life is enjoying a long relaxing cruise. We have completed 14 cruises so far and are looking forward to our next cruise from Los Angeles to Tahiti round-trip next March.

After college, I went into the field of xray technology at UVM in Burlington, VT. Following graduation, I worked in the field of radiology for five years. The department I worked for eventually asked if I would like to train in a new medical technology called ultrasound. I had to be coaxed into this new field because I knew little about it. I'm very glad I did since it turned into a remarkable opportunity that gave me the chance to teach and lecture in Europe and South Africa. I have been retired for the past two years and am enjoying my life immensely.

Obituary: Elaine T. Pope

Elaine T. Pope, 72, of Orchard Street, passed away Tuesday, May 2, 2017, at Concord Hospital.

She was born in Concord, the daughter of the late Doria and Laura (Croteau) LeBrun. She was a graduate of Concord High School class of 1962.

Elaine worked as a librarian at Beaver Meadow School in Concord for over 20 years. Both the kids and the books fed her soul. She was an avid reader, and a member of multiple book clubs. Of course, the clubs were merely a reason to be with the friends she held so dearly.

Among her many book favorites was Hemingway's *The Old Man and the Sea*. Like Santiago, Elaine was a woman of tremendous will and determination, whether on the tennis court, the golf course, or simply caring for her family. This was no more evident than in recent years. When diagnosed and given mere months to live, she was having none of it, and she sure did show 'them'. She fought every single day to live well and fully. She explored many new interests to keep herself young, spirited and caring - from mahjong to yoga and reiki. And as she'd done throughout her life, she continued to be the giver of a million acts of motherly and grandmotherly love, care and devotion. She showed us all "how it's done", ultimately enjoying five more good years with her remarkable husband, family and many friends all by her side and in endless awe of her courage and spirit.

Elaine enjoyed playing tennis in her younger years, and golf in retirement. She loved traveling and spending time with her grandchildren, family and friends at the ocean at her home on York Beach. Her beach garden, the birds that populated it, and the sweet smell of the saltwater air gave her great pleasure.

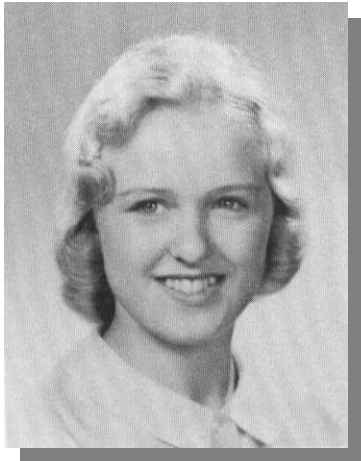

The jewels of her life were her grandchildren. She is survived by her loving husband of over 50 years, Dennis Pope of Concord; her two sons, Dennis G. Pope and his wife, Kathy of Concord and Matthew Pope and his wife, Heather of Seattle; her grandchildren, Bridget, Finnigan, Aidan and Ruby Pope; her sisters, Dorothy Kinsley of Bow and Laurie Foley of Hingham, Mass.; and a brother, George Lebrun of Concord; and many nieces and nephews.

She had a wonderful life and was deeply thankful for all who made it so.

Memorial visiting hours will be held on Friday, May 5, from 4 to 7 p.m. at the Waters Funeral Home, 50 South Main St., Concord.

A mass of Christian burial will be celebrated on Saturday, May 6, at 11:30 a.m. at Christ the King Parish, St. John's Church, 72 South Main St., Concord.

In the spirit of Elaine's love for literature the family asks that in lieu of flowers donations may be made in Elaine's memory to the Beaver Meadow Library, c/o Concord School District, 38 Liberty St., Concord, NH 03301 or to the Concord Public Library c/o Joann Salemy, 45 Green Street, Concord, NH 03301.

After graduating from UNH in 1966 and having completed ROTC I started my stint with the Army assigned to a Nike missile base. While stationed there I met a young lady from Scotland and after 4 months we were married.

I spent 1968 thru 1969 in Viet Nam and upon my return I rejoined civilian life. I started work with H P Hood & Company and was transferred to CT in 1971. I then joined Stop & Shop Co as a distribution supervisor and during the next 33 years I held various management positions and ended my career as the operations mgr of the grocery distribution center. I retired in 2006.

My wife, Mhairi, and I are the proud parents of two lovely daughters and 3 grandchildren, the latest of which are two granddaughters born 6 months apart in 2012. My grandson (1999) is more than delighted with his new sister.

2020 COMMENTS:

I'm really thankful that I went to CHS 1962 class 57th reunion. The only other reunion Larry & I attended was the 25th.

I so enjoyed growing up in Concord especially, West Concord, with all the Swedes - the Olsons, the Johnsons, the Carlsons, the Andersons, the Magnusons ... And seeing all the Garrison Elementary School graduates at our 57th - Lois Farrell, Claire Knowlton, Nance Fuller, Mim Murray, Eddie Lewis - I went to Conant School briefly (played dolls with Janette Irving, coveted her doll supply, but her mom made her wear brown tie shoes) and Walker school 1/2 of third grade (Brenda Woodfin and Debbie Lacy) - great memories relived. So many classmates with very interesting lives.

We have two daughters, 4 grandsons and a great granddaughter due in March. Life has been very good to us.

So thank you, Mike, for keeping the class together with your website for all these years and look forward to our 60th!

2012 COMMENTS:

Have been married to Tom Dyke for 47 years. Bruce held executive positions in the field of Information Technology and telecommunications and was fortunate enough to retire two days before his 40th birthday. John graduated cum laude from Dartmouth College and has been working for Federal Express for the last 16 years.

I am currently semi-retired. Was a stay at home mom until boys reached school age and then in the 1970's worked as an Administrative Secretary at Concord Hospital. In the 1980's I worked ten years for a local bank as an Administrative Secretary. In the 90's I started my own business which continues to this date. I'm an animal advocate and love going to yard sales and spending time at our cottage on Suncook Lake entertaining friends and family.

2012 Comments:

Having retired from a lifetime of retailing in 2005, we sold our larger house in Bedford in 2008 and bought a smaller house in Bedford and a winter home in Pawleys Island, South Carolina. Joan, a registered nurse, worked at Mass General for 35 years on a cardiac unit, before retirement.

We now have six grandchildren, my son Robb has three boys and my daughter Michele has a boy and two girls.

Life has been good to us and we thank God for his blessings.

2012 COMMENTS:

Greeting to my 1962 classmates. I hope life has been good to you & your families.

I have been very blessed in my life in so many ways. In 1962 (September after graduating I married) in 1963 had my first daughter Martha Jean , had my 2nd daughter Priscilla Jean, found out what caused them and took a break until my son, Donald Shawn was born.

We have had a very interesting life between raising kids, starting foreign repair garages, moving at NC, AL, FL then back to NH after my husband Donald A Cote passed.

We lived on our sail boat "Camelot" in Ft. Lauderdale, FL where we bought and ran a marine surveying business. It was really wonderful living on "Camelot", very peaceful and busy. Lots of family and friends staying on board with us. Met some wonderful boating people.

Have 5 wonderful grandchildren and 1 great grandson. What JOY !!!

I went back to school to earn my degree in social work when Donald Shawn started school. Earned my BS from NH College then went on to the Master's program at Univ. of Conn. Worked for various agencies: National Alliance for the Mentally Ill as an education advocate, Facilitator for Parents Anonymous weekly meetings, Manchester and Concord, Fulcrum Behavioral working with Court Adjudicated children, NH Hospital, adult population, CAP, working with elderly population, fuel programs, gob. food program, assisting other agencies or business in distributing Thanksgiving & Christmas food baskets and whatever other needs came about. On the Board of Directors for Parents Anonymous. I am a certified Educational Advocate for children with mental health issues, and certified guardian ad litem for NH.

Hobbies are: Grandchildren and Great Grandchild, genealogy (have my Mum's side back to late 1700s) counted cross-stitch, reading, writing letters, my gardens.

Obituary:

**Elisabeth "Jeannie" Mason
1944 – 10/08/2020**

"Jeannie" Motes, 76, passed away peacefully on October 8, 2020 surrounded by family. She is lovingly remembered as a caring spouse, proud Mama Bear, doting grandmother, steadfast friend, wise counselor (and maker of the best Thanksgiving Corn Casserole evah.)

In 1967, Jeannie met Donald Cote. It was a defining moment in her life. Jeannie and Don would go on to celebrate 28 years of marriage filled with memories of a house full of children and extended family, the trials and joys of building businesses, adventures of boat living in Florida, slow rides up the New England coast to shop for antiques, and adventures with grandchildren.

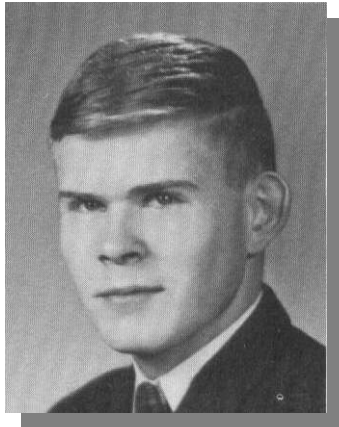

In 1997, after living through the sorrow of Don's death, Jeannie was blessed to find a gentleman and true friend in Jim Motes. Their friendship blossomed into marriage in 1999, and they settled into a quaint cottage in Concord, and enjoyed its quiet lot and organic gardens. Jeannie spent her time doing what she loved the most - adoring her grand babies, great grand babies and "fur" babies.

Aside from her family, Jeannie's great passion was helping people in need. She was deeply convicted on issues of equality and social justice. She was a graduate of Concord High School and UNH, and obtained a Masters in Social Work from Southern NH University (1982). She was most proud of her work with NAMI and advocating for children with special learning needs.

A full and complex life is not easily described, but sometimes the little things tell the story too: Jeanie loved the natural beauty and simple pleasures of life in New England; carried the Rainbow Flag on her heart; belonged to team Diet "Pepsi" and "Dunkin Donuts;" appreciated men in kilts and all things Scottish; prowled flea markets for hours; kept the hippie in her alive and well; and, had an affinity for little dogs and angels. It could be said that Jeannie's personal anthem was Frank Sinatra's, "My Way!"

Jeannie is predeceased by her parents, James and the incomparable Isabelle Mason; her sister, Kathleen Redlon, and husband, Donald Cote.

She is survived by her husband, Jim Motes; daughters, Martha Fisk and Priscilla Coughlin; son, Donald Cote; stepchildren, Dean Hammemann, Mark Motes, Dustine Joy Hayden and Tiffany Lynn Mahoney; grandchildren, David and Stacy Fisk, Sarah and Adam Podraza, Ryan Fisk and Jackie Leigh, Spencer Cote and Charlie Coughlin; gg babies, many nieces and nephews and her beloved fur baby, Lucy.

NAME: **Gordon "Fuzzy" Matson**

**Deceased: 72
10/28/2016 - A few health problems**

Obituary:

Gordon "Fuzz" Matson, a lifetime resident of Concord, died in the early hours of Friday, Oct. 28, 2016. He was the son of Judge Donald Matson and Shirlie Perkins Hunt Matson. He graduated from Concord High School class of 1962 where he took an active role in the music program playing in the band and small combos at local events. Beside the music he became enthralled with antique cars and bought a 1929 Ford Model A Sport Coupe before he was old enough to drive. He was the car's second owner and used the car to take his driving test.

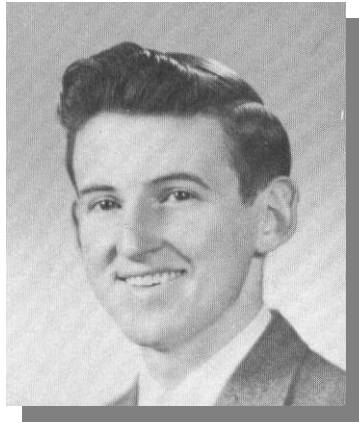

Gordon joined the army in 1962 serving in the 18th Army Marching Band. There were parades a plenty and combos for officer's club parties where one or the other, saxophone or upright bass came out. He was honorably discharged in 1965. He continued his music education at Berklee College of Music in Boston. Upon graduated he was hired by the Bedford School District where he and his companion, Judy Wildman became a permanent couple, particularly in the antique car scene. It became apparent early that the music gigs like the Mount Washington jazz scene and the old car events like tours and races would not coexist well.

The music took a back seat and the antique car scene took over. Gordon was a member of Profile Automobile League, the White Mountain Chapter of MAFCA, the Granite Region of AACA and the Model T Club.

Along with the music and antique cars Fuzz started a courier business, Industrial Security Systems, which transferred documents from local banks and credit unions to a clearing house as well as the Federal Reserve Bank in Boston.

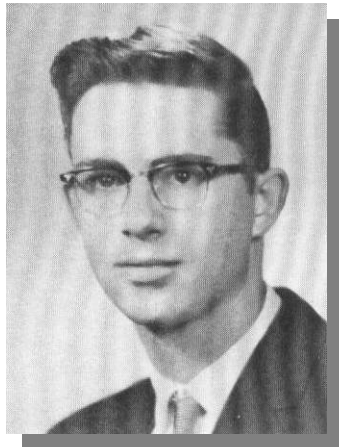

Gordon is survived by his constant companion, Judith Wildman; a sister, Judith (Matson) Fry; and numerous nieces and nephews.

A memorial service will be held later.

11/06/2006 - Myloid Leukemia**

Obituary:

Stephen Perry McLoy, 62, of Concord and Hebron, died Monday, Nov. 6, 2006, at Brigham & Women's Hospital in Boston of complications of acute myloid leukemia.

He was born in Concord on Jan. 23, 1944, and was the son of Edward Francis and Cynthia (Perry) McLoy.

He was a graduate of Concord High School and the University of NH. From 1968 to 1975 he taught government and writing and coached football at the Tilton School in Tilton. He went on to become athletic director at Brewster Academy in Wolfeboro, where he also coached basketball, football, and lacrosse and taught environmental education courses until 1984.

Also while at Brewster, he directed the Institute for Environmental Education and edited the Teacher's Guide to Environmental Education, published by the Environmental Protection Agency (EPA). He wrote and administered several environmental education grants from the Ford Foundation and the EPA and directed a summer intern program at Brewster, 'Clean Waters.'

For 12 years prior to his retirement in 2004, he worked for the state of NH and most recently was Chief of Operations for the NH Office of Emergency Management and wrote and administered Federal Emergency Management Grants.

Steve enjoyed fly-fishing, wildlife photography, cooking, and travel, especially to Italy and the Caribbean, and spending time with friends and family at Newfound Lake. He was a member of Trout Unlimited and the Sunset Mountain Fish and Game Club. Steve was an avid reader and passionately followed world news.

He leaves his father, Edward McLoy, of Penacook; two sons and their wives, Jason and Kara McLoy of Hingham, Mass., and Britton and Melissa McLoy of Georgetown, Mass.; his partner of five years, Priscilla Gemmill of Concord; four grandchildren; several aunts and cousins. He was predeceased by his mother.

In 1982 my family and I were living in Tennessee. My husband was transferred to Florida to work on the Space Shuttle program in 1983. There I taught computer programming and word processing for four years, at which time my husband was transferred again. From 1987 to 1990 we were in Mississippi - boo! While there, I become seriously ill. Mississippi can do that to a person! In 1990 we found outstanding medical care in Florida and we were able to finagle a transfer back to the Sunshine State. I no longer work, but I am enjoying life in spite of illness. Pat is still with the space program, and our girls are grown and out on their own.

2012 COMMENTS:

After graduating from business school, I spent 25 years helping my husband operate a business while raising two kids. For the last 20 years, I've continued my education and have worked as a freelance writer, author & publicist, with no plans for retirement yet. I enjoy volunteering for charities, gardening, photography, making maple syrup, crafts, and most of all, playing with my young grandchildren.

I look forward to seeing everyone at the reunion!

2002 COMMENTS:

Married to Don for 35 years. Mother of two grown children, both living in NH. One married, but I have no grandchildren yet.

I have authored / coauthored three books of New Hampshire history (and I hated history class!), have written hundreds of articles for local, regional and publications and have won numerous poetry awards. Twice nominated "Poet of the Year", I was invited to read my work in Washington, DC and my poems have been displayed in the NH State House.

I have been an active volunteer in the schools, church, scouting, 4-H and Red Cross. I ran a church food pantry for eight years, served as president of two women's clubs and currently chair the Concord Writers' Group, where I mentor beginning writers.

My husband and I enjoy traveling, gardening and making maple syrup.

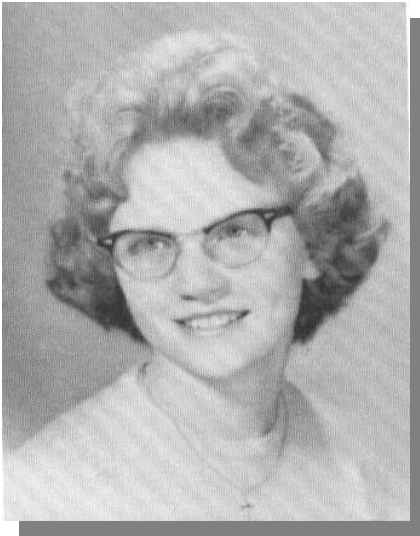

1992 COMMENTS:

For the last 22 years Don and I have owned and operated a booking agency for entertainment. with an office in our home, I was able to work part-time and stay home to raise our two adopted children. I also spent many years caring for my parents in our home until their deaths.

I have spent the last three years focusing on developing my writing talent. I returned to school night, took several writing courses, and am a 3 year member of the Concord Writers' Group. I have had several poems published and recently received awards for two. One placed in the top 1% of some 10,000 entries in an international competition, and another took first place in a state-wide competition. With that boost of encouragement, I am giving up my part-time jobs to become a full-time writer. I have several short stories and some children's books I am trying to get published, and am currently working on a how-to book and novel for teenagers.

I still enjoy doing charity work. I am past president and 8 year member of the Junior Women's Club and am now vice president and a 3 year member of another women's club. I do a great deal of charity work through the club, I work for the Red Cross every month, and teach Sunday school every week. I was a Brownie Leader for 3 years, and have volunteered with the 4-H, Boy Scouts, schools, and tutored through the Adult Tutorial Program.

I enjoy spending time at our cottage at the lake in the summer. Our son will be a senior at CHS this fall and our daughter a freshman at Rundlett. Don and I will be celebrating our 25th anniversary in October.

2012 COMMENTS:

Not a lot has changed - only our ages. My husband & I still live in Loudon, NH for 29 years in June.

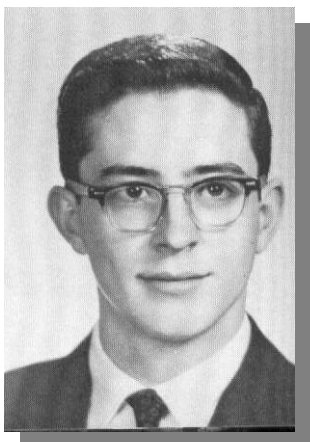

We still love the country - have a vegetable garden & plenty of flowers to care for.

I retired from St. Pauls School in 2008 after 27 years of service. I worked in many of the buildings on campus & the Rectory where Special events took place. Saturday nights, was open house for students.

We both love animals & have 3 cats. My husband chose the beauty salon business, owning & operating Clark's Beauty Salon for over 20 years. His clientele included many of Concord's residents. In 2003, he started Inland Prints which includes all occasion note Cards - other interests includes photography & gardening.

2002 COMMENTS:

My husband and I have lived in Loudon, NH for 19 years. We love the country. We love gardening, camping and enjoy our four cats. My husband, Richard, is an artist. I have worked at St. Paul's School for 21 years and am looking forward to retiring in a few years.

2012 COMMENTS:

Just wanted to inform you that I will not be attending the reunion. I am in the process of moving back north to PA.

I wish the CLASSMATES of CONCORD HIGH class of 1962 well. I can't believe it has been so long. I am sure it will be a wonderful time and lots of fun and OLD memories in the conversations.

Thank you for the committee's effort that have put into this project.

1992 COMMENTS:

I'm certainly looking forward to seeing my classmates. We moved to PA in 1975 and therefore don't have a chance to see or keep in touch with any of the Class of '62. The class reunions are really great fun for us, they give us a chance to touch base with old friends.

2012 COMMENTS:

I spent my first winter in FL in 2002 and decided I wasn't going to endure any more winters up North. I met my husband, Hugh in 2005 and we decided to sell our homes up North and live permanently in FL. We love the FL lifestyle of fun and play and are fortunate to have the good health to enjoy this life. I have traveled quite a bit in and out of the US and have lived in NY, NC and CA.

I still go up to Murray Farm Greenhouse every Nov-Dec to help out and decorate xmas wreaths, so please ask for me if you come in or say "hi" if you see me, as I might not recognize you. This seems to get harder every year we get older.

2002 COMMENTS:

After 37 years of working in Nuclear Medicine. I've returned home to care for my parents and work part-time in the greenhouse at Murray Farms.

I hope to see many classmates in the future and hope you will inquire for me if I don't happen to be in the greenhouse at the time of your visit.

1992 COMMENTS:

I have finally settled in Connecticut after living in many parts of the U.S. It is nice to be back near family and friends. I am working in nuclear medicine at the University of Connecticut Health Center which is a teaching and research facility. We are also the regional neonatal care center and the Children's Cancer Research Center. I have missed our last two reunions so I am looking forward to our 30th.

Where have 50 years gone? Jeeze Louise... I have two living sons that have turned out to be awesome, super intelligent human beings; Sean, age 46, and Patrick age 41, What more can I ask for!

Have been married 47 years, to a man I loathed at first sight! He is now my soul mate.

I have come full circle now, from the farm life in Loudon to a farm in VT, with Shetland sheep, chickens, and vegetable gardens. We did reverse retirement, not planning for old age, but enjoyed traveling the West in a pickup truck, backpacking, mountain biking, fishing etc...did not want to end up like many wishing they had done something fun. Went to Alaska.. should have stayed!

I am planning on coming to the Saturday soiree...

Mike and I have host many foreign exchange students. We have enjoyed over the years having return visits from them and our own visits to their homes.

2002 COMMENTS:

Mike and I are still in Epsom. I've been retired now for 7 years.
(No more tooth stories) I am very busy with sewing machine embroidery.

We travel whenever we can. Most recently to CA to our son and daughter-in-law's graduations from Berkeley. Chris got his MBA and Alexis her PHD in Mechanical Engineering. We also got to see and spoil our latest granddaughter, Maya, who was born in 2002.

Hilary works with Mike here in Epsom and from her home in Dunbarton. Her daughter, Madeline, is in second grade. Madeline is almost as big as I am. Right now, we wear the same size shoe. She keeps me on my toes as she reads at 5th grade level.

Andy, our youngest, also works in the insurance agency. He plays lots of tennis, guitar and french horn. Andy lives in Derry and spends lots of time with friends in the Boston area.

Some of the other places we have visited in the last ten years are Paris, New Zealand, Austria, Denmark, Sweden, Germany and Aruba.

It is really great to be retired and sort of foot loose and fancy free.

1992 COMMENTS:

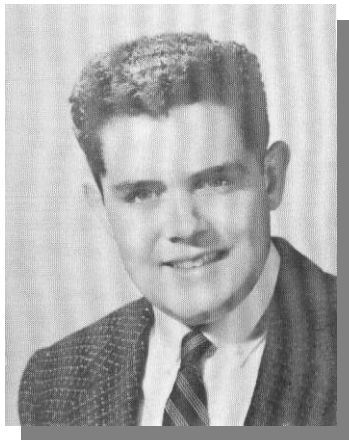

Looking at the ages of my children I know it has been 30 years since CHS, but it doesn't seem that long. I'm still cleaning teeth 3 days a week. We've had a busy '92. Our daughter, Hilary, was married on May 2nd in Dunbarton, NH. Our son, Andy, graduated in June from Derryfield in Manchester, NH. He is going to Oberlin College in September. Our oldest, Chris, and his wife, Beth, live and work in nearby Massachusetts. They have a pet Sheltie. So we're grandparents to a dog. Mike is busy with his insurance agency and hardball. I still find time for sewing and crafts.

To my classmates of CHS '62

I am sorry I will not be able to join all of you at the Reunion.

I am now retired and on oxygen 24/7; get around very slowly with a walker and seldom get out of the house.

Hope you all enjoy the Reunion!

Obituary:

Lawrence "Larry" W. Otis, 68, passed away Wednesday, August 15, 2012 at Pleasant View Nursing Center in Concord.

Born in Concord, he was the son of Harold and Bernice (Townes) Otis and was a lifelong resident of Concord. Larry very seldom forgot the names and faces of people he met, and within minutes of meeting somebody he would learn something about that person and remember it in their next conversation.

He had small town values about life and work that helped his career progress from a part-time yardman at Northeast Electronics while he was still in high school through working his way up to become the Inventory Control Manager at Northern Telecom 28 years later. Larry was featured on the cover of Northern Telecom's newsletter in May 1988 as the corporation's employee of the month.

He came up through the ranks, but never forgot what it was like to do those other jobs. In addition, he worked in the Census Office during the 1990 census and finished his career by working as a Supervisor at Secure Care Products for 15 years.

On November 28, 1964 he married his wife Joanna (Houston) Otis. In 1989 they celebrated their 25th anniversary in Hawaii.

Larry volunteered with the Boy Scouts of America and the Capital Region Christmas Food Basket Program for several years. He loved to work, but also enjoyed camping with his family and fishing with his uncle when he was a youth. He and his wife were members of Concord Coach Square Dance Club for several years and thoroughly enjoyed square dancing.

Survivors include his wife Joanna Otis of Concord; his son Michael Otis and his wife Pamela of Derry; his sister Sandra Landry; four nephews and one niece.

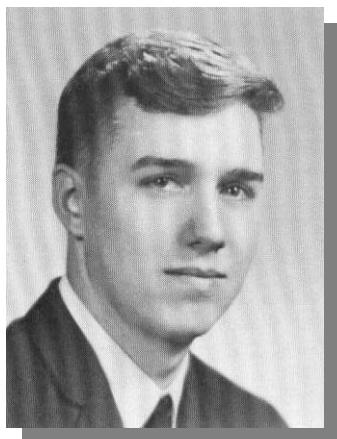

Calling hours will not be held.

Graveside services will be held Monday, August 20, at 2 p.m. at Blossom Hill Cemetery in Concord.

In lieu of flowers, memorial contributions may be made to the charity of one's choice or to Granite United Way, Merrimack County Region, 46 South Main Street, Concord, NH 03301.

The Bennett Funeral Home of Concord is in charge of the arrangements.

2012 COMMENTS:

Worked for Verizon 32 years. Retired to Florida in 2001. Two Children, four grandchildren. Spend summers at York Beach, ME! Enjoy the beaches, boating, singing with the Tonettes, volunteering and Rotonda West Woman's Club.

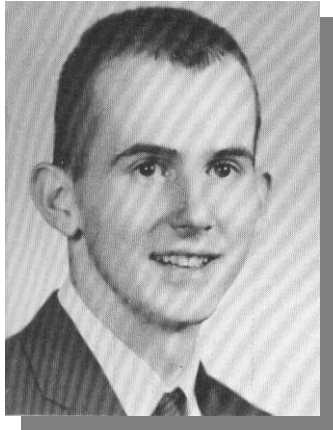

2002 COMMENTS:

We moved to FL in June 2001. We are enjoying "our little slice of paradise" near the Gulf of Mexico in southwest FL. Lots of boating & golf to keep us busy!

We have been staying at our cottage in York, ME for the summer and, due to previous commitments, we must return to FL by mid September. Sorry to miss our 40th reunion. Best wishes to everyone.

1992 COMMENTS:

Looking forward to seeing everyone again! Five years passes so fast. Thirty years doesn't seem possible! I don't remember getting older! Hoping to retire after 30 years with New England Telephone Company. Both children are on their own and doing well, now it's my turn! See you on the 18th!

NAME: **Jeffrey E Parmenter**

Deceased: 76

ADDRESS: 43 Fisherville Road
Concord, NH 03301

Obituary:

Concord, NH – Jeffrey E. Parmenter, 76, of Concord, passed away at his residence on Friday, June 11, 2021.

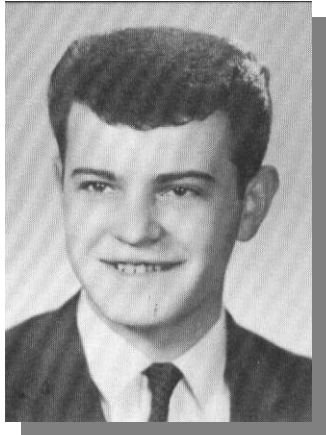

Born on September 20, 1944 in Hanover, NH, he was the son of the late Robert and Eleanor (Patten) Parmenter.

Jeffrey was educated in the local schools, a graduate of Concord High School class of 1962 and went on to serve his country in the United States Army until 1967. He worked for many years as a Machine Operator for what was once Weeks Dairy then Crowley dairy and is now Hood. After retiring from Hood he worked for many years as a prescription delivery driver for Neighbor Care, driving throughout the state of NH. He was a collector of coins and cars, always taking great pride in keeping his cars detailed. Time spent going to antique car shows, car auctions and model cars were a favorite pastime. Jeffrey was a social person and could be found at McDonalds for his morning coffee with friends. A family man, he was humble and very dedicated to his relationship with his wife.

Besides his parents, he was predeceased by his sister, Judy Tyno.

He is survived by his wife, Sharon (Magoon) Parmenter of Concord, daughter, Teri Bedell and her husband Rick of Lancaster, stepdaughters, Michelle Thiem of Concord and Pamela Shaw of Schenectady, NY, grandchildren, Kaiden Bedell, Emerson Bedell, Alyssa Thiem, Ethan Thiem and his wife Felicia, great grandchildren, Oliver Rodrick, Ryleigh and Liam Thiem.

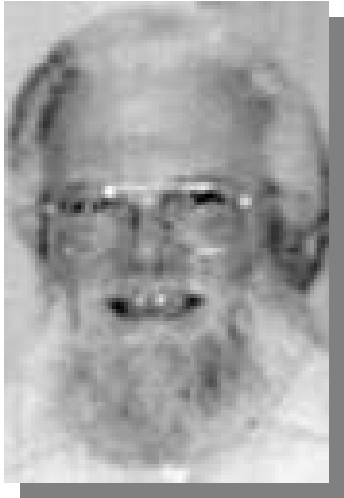

A graveside service will be held on Monday, June 21, 2021 at 1:30pm at New Hampshire State Veterans Cemetery. The Petit-Roan Funeral Home in Pembroke is assisting the family with arrangements. To share a memory or offer a condolence please visit www.petitroan.com

NAME: **Michael M Paveglio**

Deceased: 66
04/12/2010 - xxxxxxxxx

Obituary:

Michael M. Paveglio, 65, of Curtis Avenue in Concord, died Monday, April 12, 2010, at the VA Medical Center in Manchester.

He was born in Concord, the son of the late Matthew Paveglio and Sarah A. (Murphy) Paveglio of Concord.

He was a graduate of Concord High School, Class of 1962.

He was a veteran of the U.S. Army, serving during Vietnam.

He worked as a plumber for the state of NH for many years. Before his retirement, he worked at the Steeplegate Mall in Concord.

He loved to hunt and fish. Michael had a great sense of humor and was a great storyteller. He was a dog lover and his two favorite dogs, Waylon and Zack, predeceased him.

In addition to his mother, he is survived by his son, Anthony V. Paveglio and his fiancée, Amanda Mullen, of Salisbury; his sister, Ann Daley of Manchester; and nieces, nephews and cousins.

Memorial visiting hours will be held tomorrow from 6 to 9 p.m. at Waters Funeral Home, 50 S. Main St., Concord.

Graveside services will be held Friday at 11:30 a.m. at the NH State Veterans Cemetery in Boscawen.

Garrett (1982)

2012 COMMENTS:

Before retirement, I sold real estate on the coast of NH and then taught kindergarten for many years in Concord. I have been involved with the YMCA as a volunteer as well as a member for over 20 years.

I have always loved working in my gardens, am an avid reader and continue to enjoy a very active life style. I began playing golf 4 years ago and that is an experience in itself.

Joe and I are enjoying retirement. We have done some traveling to Arizona, California and Florida to visit with relatives. We have also spent time in New York City to see our son, Garrett, perform who is a musician and lives in Brooklyn. We both enjoy playing golf and snowshoeing. We still own our 1838 farm house in Chichester with many perennial gardens, a wonderful view and continue to enjoy country living.

2002 COMMENTS:

As your grandchildren are growing up and your youngest kids are getting married, Joe and I are now just beginning the "empty nest" syndrome.

Garrett graduated from St. Paul's School in June and will head to the University of Pennsylvania in the fall. He will row for the Quakers and is thrilled about living in Philadelphia.

Joe has been working for UBS Paine Webber for 30 years now. He and his partner, Brad Thomas (class of 1960), have tried to keep smiling during this simply terrible Bear market.

Joe's passion is still basketball and he has coached at the Concord Boys and Girls Club as well as at the AAU level for the past 10 years.

I was a real estate broker and teacher until I retired four years ago. We have an old farmhouse in Chichester of which I love working in our perennial gardens. I also love reading, working out and having time for close friends.

1992 COMMENTS:

While most of you are going through the "empty nest" syndrome, becoming grandparents or at least sending a youngster off to college, Joe and I are trying to keep up with an active 9 year old boy! We find ourselves trying to see which one of us can get Garrett to baseball or some other sport. I am a kindergarten teacher in Concord at Woodside School and enjoy this profession very much. Joe is still a stock broker with Paine Webber in Concord and has seen quite a change in the profession in the past few years. We live in Chichester and have enjoyed this small community for the past 12 years. We have an old cape with a barn... built in the early 1800's...and we have loved this place since the first time we saw it.

2012 COMMENTS:

Peter and I will be retiring as of May 2012. We have lots of "happy plans", and after 25 years of marriage hope to spend more time with our gang of 8 combined grandchildren. More time at the Brewitt Cottage on Lake Winnepesaukee is definitely on the agenda.

We have a farm in Kennebunk, Maine, and love to spend time in our large vegetable garden, 26 flower beds and harvesting fuel wood from the wood lot for the winter woodstove. We maintain a little roadside stand for our blueberries and vegetables.

Peter has a woodworking shop and sells many of his crafts on-line and at craft-shows, and I have a dried floral studio where I enjoy creating floral and seashell designs for many local clients and shops.

I look forward to our 50th and seeing old friends and sharing memories.

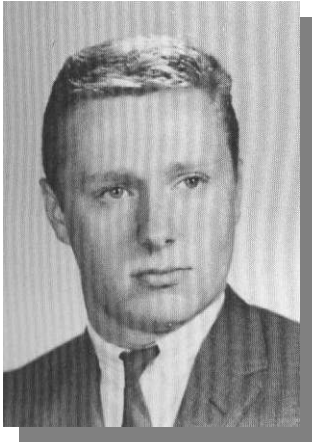

2002 COMMENTS:

Peter and I have been married for 15 wonderful & "adventuresome" years. We have five children between us. I have two sons from my first marriage (Stephen P McLoy: class of 1962). They are married (I am blessed to have the greatest daughters-in-law) and work in Boston.

Jason & Kara blessed me with my first grandbaby, Jake on June 5, 2001. He is the love of my life. Jason & Kara live on Brimmer Street in Boston. Jason works in the investment firm of CIBC Oppenheimer. Kara is a lawyer with Holland & Knight.

Britt & Missy are restoring an old house in Georgetown, MA. They spent their first year of marriage in New Haven, CT. Thanks to Missy's devotion.... Britt earned his MBA from Yale and is a financial analyst for Newberger, Berman. Missy works for Fleet Bank.

I retired from 30 years in dental hygiene. Peter and I bought & restored our farm in Kennebunk, ME four years ago. I have my own business at home and with Peter's devotion and "Green Thumb" are growing & preserving flowers for floral design.

2012 COMMENTS:

My wife Jane and I have been happily married for 46 years. Our 3 daughters all married terrific young men. Together, they have given us 8 beautiful grandchildren.

I was employed by 3M for 31 years and retired in 2004.

We were very blessed to be able to experience living in Singapore for 5 years and Brussels, Belgium for 7 years. That opportunity enabled us to travel to most countries in Asia, Europe, South America, Eastern Europe, Africa and Middle East.

Today I still enjoy traveling, along with fishing, boating, snorkeling and walking our two dogs.

Recently I was chosen to be Vice Chairman of the Board of YMCA Camp Belknap, a boys summer camp on Lake Winnepesaukee, where I spent 14 years as a camper, leader and division head.

I wish you all great happiness and hope all your aches and pains are little ones.

2002 COMMENTS:

Jane and I happily celebrated our 36th Wedding Anniversary in June and I have now been with 3M for 30 years.

After living happily in Belgium for the past five years, we are now finalizing our plans for our new home, to be built in Wolfeboro, NH, beginning next summer.

We have loved living in Europe and have very fortunate to have been able to visit most all of the countries.

Currently, I am responsible for 3M's business in Belgium including, 3M Europe. I have enjoyed the challenges of running 45 Divisions and a major chemical manufacturing operation in Antwerp. The Belgian 3M people have been great employees and friends.

We plan to retire within the next two years and look forward to our years ahead in NH (no better place in the world) and FL in the winter.

Sorry to have missed the reunion ... We will see you at our 50th for sure.

1992 COMMENTS:

Jane and I happily celebrated our 26th Wedding Anniversary in June and I have now been with 3M for 20 years.

We have loved living in Singapore for the past four years. The Singaporeans are wonderful, bright, fun loving and very hardworking, and the country is safe, clean and beautiful. Visiting many Asian countries had been a great experience for our whole family.

Currently, I am Managing Director of 3M Singapore, 3M Malaysia and 3M Indonesia. We employ over 600 local employees whose careers range from sales, marketing, R&D, manufacturing, IS&DP, warehousing, finance and administration. We sell over 6000 3M products into 23 different markets in 10 countries. A challenging yet very rewarding experience.

Jane seems to grow more beautiful with the years while I am noticing a few grey flecks on my already thinning top. Other than that, we've not changed much. Sorry to miss you. Hopefully, we'll be in the States for our next reunion.

All the Best!

2012 COMMENTS:

The most significant change since our 40th reunion is that Sue and I are now grandparents of five grandchildren and two step grandchildren. Craig is entering his sophomore year at UNH, Daryn is a sophomore at Londonderry High School, Jack is entering the 4th grade at the Abbott Downing School (the new school at the site of the former Conant School), Grace is a first grader at Abbott Downing, and Samuel Roger is in pre-kindergarten. Parker completed his first two grades at the Walker School and he and his sister, Lily (a second grader), will now be going to the Christa McAuliffe School (on the site of the former Kimball School).

Wife, Susan, is still active as the part owner of Caring Gifts in Concord and I am still practicing law, although my emphasis in trial practice is in the consumer law area. Several years ago I represented a victim of identity theft who was being hounded and the sued by a credit card company and whose credit report was damaged with inaccurate entries. After successfully getting a settlement against the credit card company, we then brought an action in the federal court against the three major credit reporting agencies. Because of our success in that case, folks have referred several other cases to our office and I have been active in that area ever since. I now represent folks who have been wrongfully sued for debts they do not owe and also help those whose credit reports are plagued with inaccurate information. Of course I do other legal work and still draft wills and trusts, but I am happy learning new issues in the law and enjoy the consumer

law area.

Most every Sunday, the Phillips clan, including, children, grandchildren, some of our siblings and friends, gather for dinner (Sue is a great cook), and we often watch football, baseball and golf and enjoy a happy gathering.

Early most every morning, Sue and I walk our Chocolate Lab, Jake, at Memorial Field. Jake also goes to the office every day and serves as the official greeter.

2002 COMMENTS:

After spending 30 years as a member of a 3-5 person firm, I struck a blow for independence and began a sole practice under the name of Phillips Law Office, P.L.L.C., at 104 Pleasant Street. The office is diagonally across the street from our home, making for ready access and a short commute. I spend most of my time in trial work, including some national litigation involving defective drug products, but still enjoy an office practice and helping folks face a variety of problems, most of which are not of their own making.

Susan continues as an owner of Caring Gifts at 18 North Main Street, Concord, a store specializing in gift baskets, gourmet food, baby clothes and other great items.

Our oldest, Kristin, married last year and works with her husband, Bill, in a public relations business known as Smith-Phillips Strategic Communications. They have offices in Concord (where they are homeowners) and in MA.

Lori graduated from Cornell Medical School last year and works as a surgical physicians assistant at Dartmouth Hitchcock in Concord. Her husband, Mark Savoy, is also a CHS graduate (as well as UNH) and works in management at Osram Sylvania. Mark is currently completing his master's degree in business administration at UNH.

Jay attended both Clemson and the University of Maine on baseball scholarships, but has elected to forego academic opportunities for the time being and is presently working for Glover Construction of Henniker. Jay lives in Concord and enjoys his carpentry work (always knew he loved the outdoors) and I really think that he has found his niche.

Unlike some members of our class, we haven't become old enough to be grandparents, but hope springs eternal... maybe by our 45th. No plans for retirement yet-enjoy working, golfing, gardening and professional activities. I am still clerk of our Concord School Board, having previously served for six years as member of the Board of Education.

I am looking forward to seeing all of you. Unfortunately, my wife Susan will be out of State, but will bring a gift basket for the raffle so that all attending can see a sample of a Caring Gifts creation.

1992 COMMENTS:

This is my 23rd year of private practice of law and I am a partner with a fellow classmate, Chip Perkins, along with three other lawyers in the firm. I have an active trial practice and I am also active with state and national trial lawyer organizations. I served 6 years on the Concord School Board and am presently clerk of the board. I have also been active in the Pats Peak Ski Club, President of Concord Babe Ruth Baseball and a member of various civic and charitable organizations.

Susan is one of the three partners/shareholders in Caring Gifts, Inc. a gift-basket, gourmet food, novelty store in Concord. It is a growing business and has sent gift baskets throughout the nation and abroad and has landed some excellent national corporate accounts.

Kristin is a senior at UNH and a communications major. She has also been on the deans list each year. Presently, she is a summer intern at WKXL and painting houses to earn real money.

Lori is a sophomore at UNH, on the tennis team, and is also a deans list student, with an undeclared major. She had an undefeated tennis record throughout high school with 20+ match wins and has lost only one match in her college career.

Justin is a sophomore at CHS and an excellent athlete in baseball, football, basketball and alpine skiing. Jay was the only freshman to make the varsity baseball team and is playing both Babe Ruth and Legion ball this summer. He made it to the Junior Olympics in skiing for the last two years and was a member of the CHS Ski Team. He was named the outstanding athlete in the 9th grade this past year and he also made it to the honor roll.

Obituary:

Lurlyne Frances (Pluff) Plummer, age 68, a lifelong resident of Concord, died Tuesday, October 16th, 2012 at Concord Hospital.

She was born March 19, 1944 in Concord the daughter of the late Earle W. and Margaret (Berryman) Pluff. She was a graduate of Concord High School class of 1962. She attended Hesser College with a major in Business. She was known as "Frenchy" by all her close friends.

Lurlyne enjoyed watching the Boston Red Sox and the Celtics play, and loved the Bruins. She had a passion to help those less fortunate. Lurlyne would knit winter hats for infants and children and make beautiful needlepoint gifts for family and friends. She had the knack of winning Bingo wherever she played, as well as an eye for interior design.

She was a communicant of St. John the Evangelist Church. She loved her black Siamese named Mischief her beloved feline companion of 20 years. Lurlyne was a generous lady who shared what she had with those in need.

She is survived by her sister, Madeleine White and her husband Joseph; a niece Judith Ashworth and her husband Peter; a nephew David White and his wife Lori; and a grandnephew Thomas and grandniece Rebecca.

The Sisters of the Carmelite Monastery in Concord have been most important to Lurlyne for the past 40 years in her spiritual journey. She will be remembered for her great sense of humor.

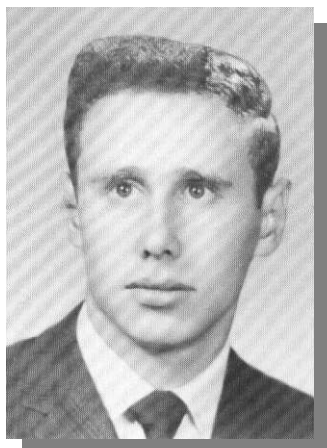

The family expressed their deep gratitude to the staff of Concord Hospital and Riverbend Elder Services for their continued support and care of Lurlyne over the years.

A Visiting Hour will be held Friday, October 19, from 9 to 9:45 a.m., at Waters Funeral Home, 50 South Main Street, Concord.

A Mass of Christian Burial will be celebrated Friday at 10 a.m., at St. John the Evangelist Church, 72 South Main Street, Concord.

Burial will follow in the Blossom Hill Cemetery.

In lieu of flowers donations may be made to the CRVNA Hospice House, 30 Pillsbury Street, Concord, NH 03301.

2012 COMMENTS:

In the fall of 1962, I enlisted in the US Army for three years and was stationed in Worms, Germany for half of that time. Returning to the US in 1965, I enrolled in the University of Maryland, College Park.

I graduated in 1969 with a B. A. in history, moved to New York City and began working in the trust department of Bankers Trust Company.

After a number of years, a career change took me in the direction of raising money for charities. Among other places, I worked at the New York Blood Center and Goodwill Industries of Greater New York.

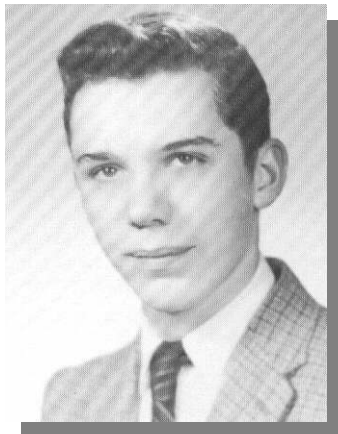

Around ten years ago, I left my last full-time job to devote more time to writing, which I thoroughly enjoy. At the same time, the trustees of a small private foundation hired me to run the foundation's office on a part-time basis.

My writing has produced a number of articles, including two in *The Magazine Antiques* about architectural subjects. Later this year my history of the House of the Redeemer, an Episcopal retreat house in New York that was originally a private residence, should be published.

I also have the habit of getting involved with organizations and then finding myself in positions of some responsibility. St. Bartholomew's Church, where I am a parishioner is one, and The University Club, where I chair the Library and Art Committee is another. In short, I have a range of activities (some more remunerative than others) to keep me busy.

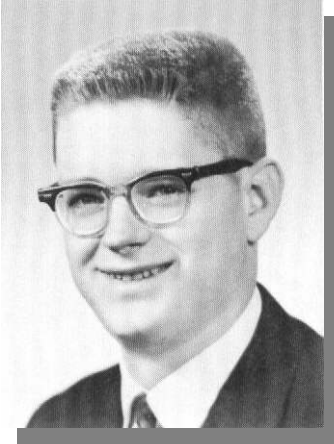

On the personal front, I have a large number of relatives, especially my sister, whom I see regularly. I also am fortunate to have a wide range of friends, including our classmate Bob Rush, and five godchildren. As my one attempt at matrimony ended badly, to my everlasting regret I have no children of my own.

After my parents retired in 1972 and moved to New Jersey, I had less reason to visit Concord. These days, aside from driving through NH en route to Maine in the summer, I rarely visit the state. That said, I have fond memories of growing up in Concord, and send warm greetings to all members of the class.

EMPLOYMENT: Medical Director for MaineCare, Maine's Medicaid program.

CHILDREN:

Alison (1984)

Christopher (1988)

2012 COMMENTS:

Well, after CHS I spent 6 years in Hanover, graduating from Dartmouth College with a degree in math, and from Dartmouth Medical School for the first 2 years of med school. I then transferred to Harvard Medical School and graduated in 1970. After training at the University of Pennsylvania in Philadelphia, the National Institutes of Health in Bethesda MD, and the Mass. General Hospital in Boston, I moved to Farmington, ME where I've lived ever since.

I married in 1971. My first wife, Meredith, died of cancer in 1998. I remarried in 2001 and am happily married to Holly Price, a Chicagoan who came to Farmington in the early 70's and retired after a long teaching career. I have 2 adult children, Alison age 28 and Chris age 23. Both are still searching for their way in adult life.

I practiced internal medicine, occupational medicine, and hospital medicine in Farmington for many years and ultimately worked as the medical director for Farmington's hospital for 15 years. I was also the medical director for Maine's Medicaid program for 4 years before retiring in 2011. I also have a lifelong interest in computer technology and the use of information technology in healthcare. I still sit on two not-for-profit health IT corporate boards.

I've continued to play the clarinet (for over 60 years now) and have played in a local university/community orchestra in Farmington for over 30 years. Paul Giles and CHS '60 alumnus and clarinet player Annette Lawrence Backus also lives in Farmington. We figured out each other's history playing clarinet together here a few years ago. I also like to cook and woodwork, although I cut a finger off some years ago with a wood splitter!

Holly and I are traveling some in retirement and like to spend a few weeks in Florida each March. I'm looking forward to seeing old friends this summer.

2009 COMMENTS:

Meredith died in 1998 after a very long battle with cancer. I single-parented my kids for a few years and then remarried. Holly is from Chicago, although she's lived in Farmington longer than my 33 years. She retired after a teaching career 4 years ago and now concentrates on family, friends, and community volunteering. I left my position as Medical Director at Franklin Memorial Hospital in 2007 and assumed the position as Medical Director for MaineCare, Maine's Medicaid program. I'm now in the middle of the dual challenges of preparing for healthcare reform and dealing with a half-billion dollar budget shortage. Life remains full.

1992 COMMENTS:

Life is very full. Meredith and I adopted two children at the ripe age of 40 and 44; our house is full of toys, dirty clothes, friends, sibling rivalry, and all the other detritus of young children. And this at a time when most of our friends are going to their kids' weddings.

I closed my internal medicine practice a few months ago to assume the challenge of being Franklin Memorial's first medical director. The hospital and I are together trying to figure out what a medical director should be doing. Sorry to miss the reunion, but will be thinking of you.

EMPLOYMENT: NH Hospital

CHILDREN: Reginald, Jr., Melissa

2012 COMMENTS:

After high school I went to work for the US Dept. of The Navy in Washington, DC. My fiancé, Reg, came to visit me in April of 63 where we were married.

I worked out my two weeks' notice and moved back to Laconia, NH where we lived for 40 years. I worked for the Credit Bureau until my son; Reginald, Jr. was born 1965. I stayed home for two years until my daughter, Melissa, was born in Nov 1967. I went back to work in Jan. of 1968 until Aug. 1975, went to work for the State of NH until retiring in June of 2004 as an Administrative Supervisor.

During those years we enjoyed camping, snowmobiling, vacations, cruising as a family until my daughter married and moved to Maine with her husband. My son stayed single until 2007 and married a Peruvian girl who has given birth to my only grandchild, a granddaughter Mikaela, which I flew to NH and witnessed her birth. What a great experience! She was due on my birthday, but came three days later. Reg and I sold our house in NH and moved to Lithia, FL into a brand new double wide Palm Harbor Home. I stayed retired for one year, then went back to work part time for Big Jim II Self Storage as a manager and am still there. Reg's health was declining and after many adiation treatments, died of prostate cancer in March, 2010. We had been married 47 years.

I usually fly to NH every August for three weeks to be with my son and daughter, but this year I'm driving my motor home up with my brother sharing expenses. I'm looking forward to seeing my classmates.

Obituary:

LITHIA, Florida – Nancy L. Torrey, 75, passed away June 20, 2020, at her home in Lithia, FL, surrounded by her daughter, Missy, and her best friend, Linda Chamberlain. Nancy lost her battle with lung cancer which she had been fighting so courageously for many years.

Nancy was born in Concord, NH, on August 11, 1944. She was the daughter of Lester and Illa Putnam. She was married to Reginald Torrey Sr. for almost 50 years until his passing.

Nancy worked and retired from Laconia State School and then moved to Lithia, FL, with her husband in 2004. After one year of retirement she went back to work for almost 15 years at Big Jim's Self Storage.

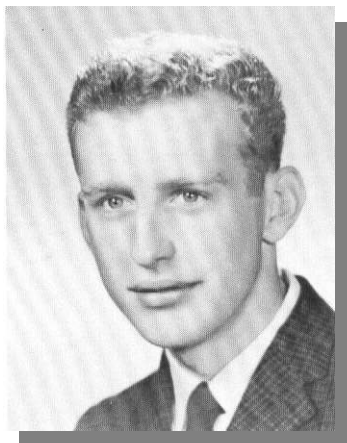

Nancy enjoyed life, people, traveling, and her bird, Sage. She always had a positive attitude, great work ethic and was an excellent example for her children, who love her dearly.

Nancy is survived by her loving children, Reginald Torrey, Jr. of Merrimack, NH, and his daughter, Mikaela Torrey; Missy (Torrey) Couture of South China, ME; her brother, Lester Putnam, Jr. of Lithia, FL; and her best friends, Francis Theberge and Linda Chamberlain.

She is predeceased by the father of her children, Reginald Torrey, Sr., her parents, Lester & Illa Putnam, and her brother, Guy Putnam.

Nancy's children would like to give their heartfelt appreciation to everyone for their love, care and compassion given and shown to our beautiful mom.

CHILDREN: Donna, Pam, Mark, Kayla

Obituary: March 27, 1943 – March 27, 2023

It is with heavy hearts that we announce the passing of Edward Rabbitt, beloved husband of Anne (Cullen) Rabbitt. Ed passed away peacefully on March 27, 2023, at home. He was surrounded by family and friends for an intimate birthday gathering before he passed in the afternoon. He was proud to have lived 80 years.

Ed was born in Concord, NH and graduated from Concord High School in 1962. He was a hard worker and entrepreneur from a young age, purchasing gas stations after high school, later obtaining an International Harvester franchise to then owning New Hampshire Peterbilt for more than 35 years. He retired at age 68 to Fort Myers, FL with his wife.

Ed is survived by his wife Anne; his daughter Pam Swymer and her husband Jay; stepchildren Kayla Esce and Mark Esce and his wife Sarah; brother

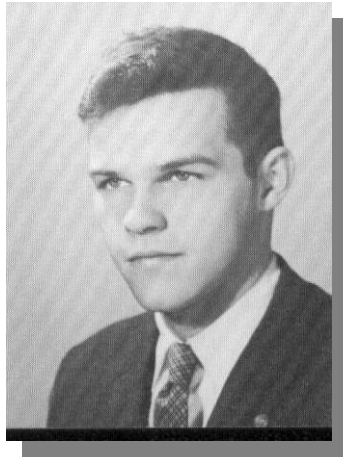

Mike and his wife Laurie; sister Sheila Sinclair; grandsons Justin and Garrett Berube and their wives; Nathan Rabbitt and Tyler Sawyer; great grandchild Chloe, as well as many other relatives and friends.

He is predeceased by his parents, John and Mary (Robillard); daughter Donna Gleeson and sister Joan Shook.

Ed loved to ski, hike, garden, and travel. He was an avid tennis player and boater and loved taking his wooden boat "Dreamer" around Lake Winnepesaukee. He loved living near the water and lived in many different places, always with a view. He was a true gentleman and it was an honor to be a part of his life.

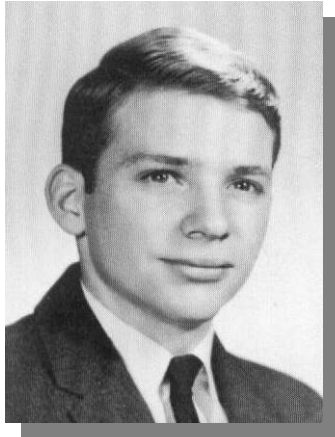

Ed declined funeral services and we will respect his wish. There will be a celebration of life held at a future time.

In lieu of flowers, donations may be made to American Heart Association, Hope Hospice in Fort Myers, or to a charity of your choice. We will miss Ed dearly and will cherish the memories we have with him.

Laura (1992)

2012 COMMENTS:

My son, Nathan Douglas, is a PhD Aerospace Mechanical Engineer living in Charlottesville, VA. Just so he gets it right, he also has his pilot's license so that he knows what the pilots are talking about! I myself chickened out of calculus so I cannot take any credit for that. But I do take credit for his terrific sense of humor.

My 21 year old daughter, Laura Elisabeth, is also living in Charlottesville, VA. where she is studying art and psychology with an interest in art therapy. She presently volunteers in an art therapy program focusing on adults with mild to moderate cognitive impairment due to the new "Scarlet A", Alzheimer's Disease. Human Services.....like Father, like Daughter I'd say.

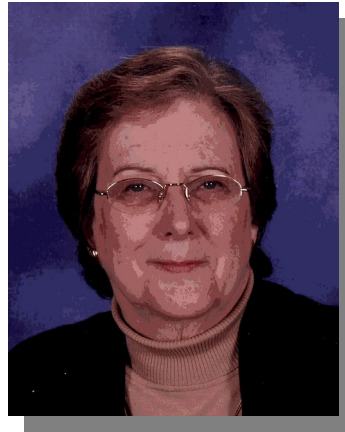

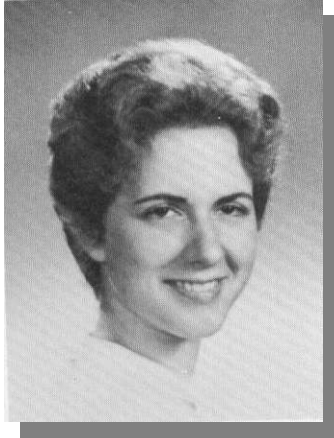

My mother, Estelle, was well into her 90s when I asked her if she'd share with Nathan and Laura any "secrets" she could on her contentment and longevity. She responded somewhat as follows and I paraphrase as best I can. I pass her philosophy of life on to all of you as my wish for all of you:

May you all (1) have things no matter how small to look forward to each day, (2) build a bit of pleasure into each day, and (3) be content with what you have and what you have given back.

My mother died November 4th 2011 after a long life of 100 years, 1 week and 4 days. I'm thinking her philosophy helped her along the way.

Age 67/68 is not the end of life, but you certainly can see it from here. That's why I'm waving. My wife Lisa and I will be in England visiting with the Queen Mum during Reunion Weekend so I'll not be attending Reunion 50.

See you later.....or not.

2012 COMMENTS:

I have read with interest and found reassuring the many reports in this booklet of my classmates' happy and fulfilling retirements! I have not yet taken the plunge, but for a number of years now, I've been saying, "in just a few more years".

Meanwhile, I continue to really enjoy the opportunity to do research at the National Institutes of Health (NIH) in Bethesda, MD, where I lead a small group of researchers studying how the motor centers in the brain are affected by Parkinson's disease. Our goal is to understand what goes wrong in these brain areas to produce the motor symptoms associated with Parkinson's and other motor disorders, and to try to develop better therapies to relieve these symptoms.

I've been working at the NIH since getting my PhD in neuropharmacology in 1973.

Other highlights of life since graduation: I have 3 sons, now 27 - 35 yrs old, who have brought me great pleasure and broadened my horizons. My ex-husband and I have a very nice co-parenting relationship and I have had a dear significant other/partner for 20 yrs, Tom Long, who is a professor at Catholic University teaching in the Education dept.

My oldest son Jamie is currently doing a post-doc at Stanford Univ., studying molecular biology and evolution, with a wife who is a filmmaker and college teacher. Middle son, Greg, was a journalist in Russia for 5 years, now living in Brooklyn NY, working part time for Credit Suisse bank, writing music and touring with his band, Tiny Victories. Doug, the youngest, also spent time after college touring with his band, Red Wire Black Wire, has a couple albums out and is currently doing full time music composition. No - I am not particularly musical myself and take no credit for my sons' musical accomplishments, but I did love playing the piccolo in the CHS marching band!

I'm looking forward to revisiting those happy memories and reconnecting with classmates at our 50th reunion!

I retired in 2014 after 35 years as a Medical Practice Manager.

I also enjoyed medical office consulting. I had a small business for 5 years, Med Temp Staffing and Consulting, Inc.

I started my medical career in 1973 at the medical office of Drs. Black & Macomber. I moved to Grand Junction, Colorado in 1978. I've always loved it here. I married Richard Perkins from Concord, NH in 2013. He retired from the Concord Fire Dept. We are both in good health. We will continue to enjoy our life together here in the valley. We enjoy walking, hiking the beautiful trails around us and taking trips to NH.

Punta Gorda, FL

Obituary:

PUNTA GORDA, FL - Rosemary Rideout Meding, 71, of Punta Gorda, FL, passed away peacefully Monday, May 11, 2015 at the Tidewell Hospice House.

She was born April 15, 1944 in Jacksonville, FL. She was the daughter of Witney Rideout and Stela (Gordon) Rideout. She lived in Concord, NH and received a bachelor's degree as a x-ray technician at Maine Medical Center.

In 1972, she moved to Missouri where she was married and had two children, Scott E. Knight and Christopher M. Knight.

There, she raised her boys and slaved on her dairy farm with 100 milk cows. She also earned a commercial driver's license and drove a tractor trailer in her "spare time."

In 1984, she returned to NH and found her childhood sweetheart, Stephen Meding, whom she married in 1985. They moved to Punta Gorda, FL in 1998.

There, Rosemary discovered "Zebu" miniature cattle, became infatuated, and soon had a herd of 25 animals. They were her "babies." She trained, groomed, taught them to pull a wagon, and loved them all. Her knowledge of animals was exhausting! Her husband says, "She's the smartest woman I ever met, and found a new friend wherever she went."

She was predeceased by her son, Scott E. Knight, U.S.M.C., and her brother, Richard Rideout.

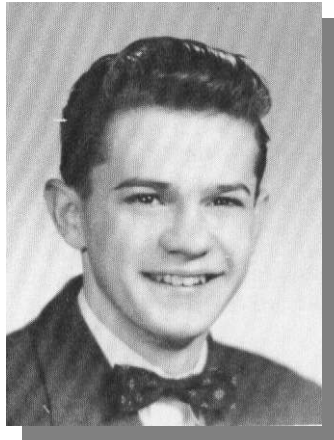

Members of her family surviving are husband, Stephen; her son, Christopher M. Knight; stepsons Charles Y. Meding, Stephen M. Meding; grandchildren Haley and Morgan Knight, Sam Meding, Matilda Meding, and Rebecca Rideout.

Funeral will be private, family only, at an undisclosed time.

Obituary:

Donna Ann Johnson, 70, of Falmouth passed away peacefully on Thursday, April 23, 2015, at VCU Medical Center.

Donna was born on July 5, 1944, in New Hampshire to the late William and Hazel Robbins. Following graduation from Concord High School, class of 1962, Donna began working for C&P Telephone Co. She transferred with the telephone company to Virginia in 1967 and worked there until 1985, when she chose to stay home with her children. She returned to the workforce years later and retired as the town clerk for the town of Dumfries in 2010. Following her retirement, Donna turned a hobby into a business and began selling country and primitive furniture and décor at Caroline Square and the House of Milk and Honey in downtown Fredericksburg.

Donna had a zest for life, a kind heart and an infectious smile, and she made friends wherever she went. She cherished her many friendships, new and old, but her greatest love was for her family, especially her grandsons.

Donna is survived by her husband of 46 years, Earl Johnson; her two children, Corey Johnson and his wife, Deena, of Falmouth and daughter Kelley Brown and her husband, Bobby, of Spotsylvania County; and three grandchildren, J.D. Roberts, Coby Johnson and Colton Brown. She is also survived by her brothers and sisters-in-law, nieces and nephews, many friends that she considered family and her beloved dogs.

The family will receive friends from 6 to 8 p.m. Tuesday, April 28, at Mullins and Thompson Funeral Service, Stafford Chapel. A funeral will be held at 11 a.m. Wednesday, April 29, at the funeral home, with burial to follow at Stafford Memorial Cemetery.

2012 COMMENTS:

In 2005, we retired and moved back to the Concord area.

I remember well the teachers at CHS that still make a difference in my life:

Mr. Alger Bourn, chemistry. He was so important that I have dedicated all three editions of my inorganic chemistry textbook to him. The last dedication in the 2012 3rd edition read: "Dedicated to Alger S. Bourn, my high school chemistry teacher who ignited a continuing intellectual passion".

Miss Alma Sargent, mathematics. She gave me the confidence to believe that I could go as far in mathematics as I needed and/or wanted to.

Miss Muriel Kendrick, English. She somehow browbeat into me the basics of grammar and sentence structure. When I arrived at Tufts University, it became apparent to me that she had taught me how to write well. It's a skill that I have valued all my life.

Career Highlights:

Bachelor of Science in Chemistry, Tufts University, 1966 Ph.D. in Chemistry, Cornell University, 1971

Professor of Chemistry for 35 years (5 years at Muskingum College in New Concord, OH and 30 years at Allegheny); winner of several teaching awards including the Julian Ross Award, for "singular accomplishments and contributions through excellence in teaching, Allegheny College, Meadville, PA"

Taught a number of interdisciplinary courses with colleagues in Education, History, English, Philosophy, Geology, and Economics.

Author of "Descriptive Inorganic, Coordination, and Solid-State Chemistry", 3rd Edition, Brooks/Cole, Cengage Learning 2012. Various editions have been available domestically and internationally, including as Spanish and Korean translations.

Leader of two Allegheny College Scientific/Historical Travel Seminars to Europe. Present writing project: "Traveling with a Scientist, The History of the Atom on the Road in Europe".

Kitty and I have been married almost 46 years and have three daughters and two grandchildren: Rachel, 16 months old and Rory, 2.5 years old.

I have made the transition from playing trumpet to singing tenor and have enjoyed it for many years. We have sung with several choral groups in the Concord area.

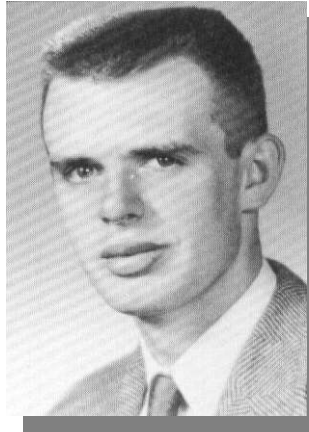

After growing up as a Baptist (United Baptist Church in Concord) and being an American Baptist Scholar, we raised our children as Presbyterians. Now we are members of the Canterbury United Community Church and love it there.

ERROL - Francis "Frank" G. Roy, 74, of Errol, passed away on Thursday afternoon, Jan. 17, 2019, at his home, with his wife by his side.

He was born in Concord, NH, on Aug. 17, 1944, a son to the late Ernest E. and Ruby (Loomis) Roy. Frank was raised in Concord by his aunt, Irene N. Locke, and was a 1962 graduate of Concord High School. He later served honorably in the U.S. Army.

For many years, Frank was the purchasing agent for R.S. Audley, Inc., construction firm in Bow. In his spare time, the Concord Men's Softball League was his passion, and as pitcher for many years on different teams, he held the record for a 61-game winning streak, a record that remains to this day. He loved all other sports as well, including hockey and golf, and he was a racing and NASCAR fan, as well. He retired and moved to his beloved camp in Errol in the early 90s, where he was also known to have the best and fanciest grill that he never cooked on (but others did).

Snowmobiling was Frank's love in the north country, and he was instrumental in the formation and management of the Umbagog Snowmobile Club in Errol, where he was the long-time trail administrator. He was proud to have been inducted into the "Iron Dog Brigade" in 2015.

He is survived by his beloved wife of more than 28 years, Karen (Labrie) Roy of Errol; a daughter, Lynn (Troy) Soares of Manchester, NH; one brother; and two grandchildren.

Another 5 years have passed.

WOW, 50 years, what a **BIG** number !!!

My wife, Linda, and I enjoy cruising after our honeymoon cruise in 1992. Since then, we have been on 13 cruises (Hawaii, Caribbean, Panama Cannel, Mediterranean, etc.). We had our 20 year wedding vows renewed on our March 2012 cruise on the largest cruise ship in the industry (Royal Caribbean Allure) to the eastern & western Caribbean. We have 3 more planned for fall of 2012, spring & fall of 2013.

Our house (that I designed and built in 1976) has not sold in over 5 years, **SO**, we have decided to stay and completely renovate it to our current liking.

We are well at this end. We are preparing for retirement (or as much as I expect to retire - I always expect to be busy doing something). We have sold our classic 1963 Rolls-Royce Silver Cloud III, had a few yard sales, our house is for sale so that we can move to a condo. We like cruising but owning a house is harder to leave for very long.

2002 COMMENTS:

Hi, Classmates! 40 years have gone by.

From January 1963 to August 1974, I worked at Banks Chevrolet & Cadillac, starting as a lubman working my way up to shop foreman.

From August 1974 to February 1976, I moved with my family to Mesa, AZ where I worked at a Chevrolet dealership and went to tech school to become a computer programmer.

We did not like AZ living. After moving back to Concord, I built my current house & became a software developer (computer programmer).

Donna Clark (class of 1961) and I divorced in 1981 after 18 years of marriage. I was single for 10 years. I placed an ad in a dating magazine with Linda being 1 of 40 responses. Linda & I have been married since 1992.

I started my programming career at Concord Group Insurance. After 3 years, I worked 10 years for the Concord School District as IT Director and programmer building many projects with Mike Garrett. Because of budget cuts, I had to move on. I was a computer contractor in Boston a few years working for companies such as Fidelity, Bank of Boston, SunLife of Canada, etc.

For many years I have wanted to work out of my home, developing computer applications. As we get older, our time becomes more important. I can work anywhere (FL, AZ, the islands, etc.). Computers are so much fun, I don't think I will ever retire in the true sense of retirement. I am always busy doing something.

Linda is a RN and works as a contract nurse on local assignments and at Harris Hill Nursing Home in Concord. She takes care of her grandchildren two days a week. Kevin's mother takes the twins the other two days saving much money on day care.

Our families are doing well. Ann & Family live in Northridge, CA. Ann works at UCLA doing brain research. Stefanie lives in Pembroke and works at the Globe in Pittsfield. Deborah & Family live in Penacook. Deborah is a clinical leader in the cardiac telemetry unit at Concord Hospital. Kevin is a programmer.

It was a lot of fun working on our 40th class reunion. Being in computers, naturally most of my work is in the record keeping area. Over the years, I have been concerned about our class information. Six years ago Roger gave me our class information that his secretaries have been maintaining

over the years and I have been updating it since. I put our data in MS-Access97 database and will share it with anyone interested.

This past June, my father, 80, came back from AZ to his 63rd (class of 1939) CHS reunion and had a great time.

2012 COMMENTS:

I enlisted in the Air Force right out of high school and married Christopher Ricketson from Concord. We had two children, Anthony and Christian and divorced after 8 years.

I left the Air Force after 12 years. Built my first boat and sailed the hippie lifestyle up and down the east coast from Maine to Florida.

Got religion and married Claire Bergeron from Manchester, had 7 children with her, Anna, Simon, John, Maria, Michael, Benjamin and Rebecca.

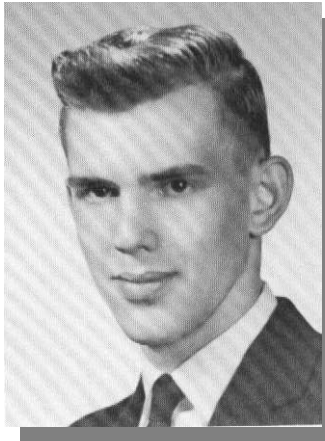

I went to a seminary school and was ordained a charismatic Southern Baptist Preacher. Started doing missionary work in Haiti and after Hurricane Andrew built a 100 ft. 3-masted cargo schooner and did humanitarian work in the Caribbean.

Went through a 2nd divorce and walked away from organized religion. I met my third wife, Carol Dunlap from Chicago. We are currently retired, spend our winters in our home in Key Largo, Florida and travel around the country during the summer.

I have always been musically inclined, both spiritual and secular, and currently play in several bands, supplementing my retirement income. For my hobby, I design and build ultra-light airplanes.

1992 COMMENTS:

Boy! I could write a book if I had the time. Life has been a great adventure for us. But the best part of all is when we found a relationship with Jesus Christ, our friend and savior. He, Jesus, has made it all worth wild. Praise the Lord.

2012 COMMENTS:

After leaving College in 1966 I followed my lifetime dream to be a bush pilot in Alaska. I started an Air Taxi Service out of Anchorage and set up fishing and hunting camps in the Prince William Sound National Refuge. I used a float plane to fly my sportsman into camp sites and a wheel plane to fly charters around the state.

With the adventures of the Last Frontier behind me I came home to Concord to settle down and start a family. In the summer of 1970 I met my wife at a resort camp in upper state New York State and married her the following year in Schroon Lake, New York. While living in Concord my hobby was training and raising Arabian horses.

For 22 years I worked in the mortgage lending business and continuing my flying career as a corporate pilot. In 1992 my wife (Bobbi) and son (Jonathan) moved to Boulder, Colorado. For 14 years I flew the West as a corporate and charter pilot for a national restaurant chain (Old Chicago).

Seven years ago I retired as a corporate pilot and started a new career in managing a senior independent retirement center in Boulder, Colorado. I find it a great joy working with the Elderly.

My hobby in Colorado is hiking and backpacking in the foothill of the Rocky Mountains. I have successfully climbed seven fourteen thousand foot mountains in the State of Colorado. I also enjoy riding my motorcycle in the mountain roads near Estes National Park. We are proud owners of a one year old Lhasa-Apso lap dog.

Obituary:

HANCOCK - Mrs. Elizabeth (Sheldon) Salazar of Hancock, and formerly of Groton, Connecticut, died suddenly on Sunday, December 10, 2017 at Monadnock Community Hospital.

She was born March 16, 1944 to Gertrude (Gleason) and Simon Sheldon. "Betsy," as she was known to all, spent the majority of her life in her ancestral hometown of Hancock. She left briefly to attend college in Colorado and then moved to Connecticut where she and husband, George, worked in the defense industry and raised their son, Daniel.

Betsy was deeply connected to the town of Hancock; she spent most of her lifetime enjoying all that the waters of Lake Nubanusitt had to offer; swimming and ice fishing with her father as a child, and later delighting in her beloved granddaughters swimming and catching fish as Betsy watched from her sun chair on the dock. She generously volunteered for many community organizations; most recently, at the town dump's "Swap Shop" where she could

be found at her post twice a week, without fail, putting her New England sensibility to good use finding useful treasures and helping to keep things running smoothly. Her extraordinary gardens will long remind all who knew Betsy of her lifelong passion for digging in the dirt and her love of the outdoors. Betsy was kind, spirited, and fiercely loyal to those she loved.

She is survived by her devoted husband of 49 years, George Salazar; her son, Daniel, and his wife, Allyson Salazar, and her cherished granddaughters, Hazel and Amelia.

A graveside service will be private.

2012 COMMENTS:

I am now retired after many years working in the nursing field. I never realized how much fun retirement can be! I enjoy going to my grandchildren's school functions & games...something I couldn't do when our children were in school. Chris is still working full-time at Grappone Ford.

Chris & I love to travel & have been on many cruises all over the world. I like to knit, counted cross stitch & genealogy. I have been able to trace my families way back & have discovered that my parents were related back in the 1600's. I haven't found any skeletons yet!

2002 COMMENTS:

I work part-time in a family medicine practice. Very busy with that and spending time with family & grandchildren. Still enjoy doing knitting, counted cross stitch and genealogy.

1992 COMMENTS:

I am not able to attend this class reunion as our son, Mark, is getting married today in Chicago. I have been at my present job for 14 years. My hobbies include knitting, counted cross-stitch, quilting, aerobics and I am still doing genealogy.

2002 COMMENTS:

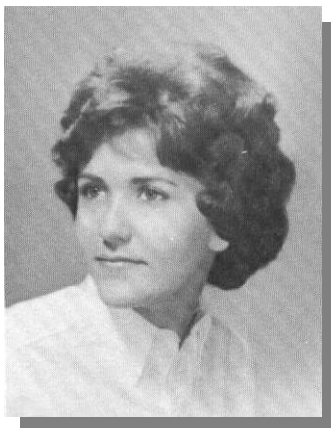

We have lived in rural Dracut, MA for 32 years in an old fieldstone house, one of the oldest in Dracut. Seven years ago, we built a new, 11,000 sq. ft., Georgian style, colonial funeral home in near-by Methuen. It was three years in the making and I did all the interior decorating and restored many of the antique furniture. It was one of our biggest accomplishments and we are very pleased with the outcome.

Both Stuart, Amber and our son-in-law are funeral directors at our family-run business, which at times, can be challenging, working with family daily.

We do find time for traveling, have been on an African Safari and Salmon fishing in Alaska. Last year we spent our 35th anniversary in South Dakota, enjoying Mount Rushmore and fishing.

Life is very full and busy. We have an active role in our grandchildren's lives and try to give them a love for nature. This past May, we spent a week at Disney World with Amber & Family. What a treat for a grandparent.

I'm very disappointed that I can't be there to celebrate our 40th reunion. I know you'll have a super time reminiscing about our high school days.

I am sorry to say I will not be able to attend the reunion. I was a captain at Continental Airlines and am retired now.

However I love to fly and I am Yanni's plane Captain on tour. We have two pilots because the plane we fly is as complex as a commercial airliner. This current tour will take in 80 cities in the US and Canada. Yanni is a great guy to work for. I consider it my retirement play job. This is the 4th tour I have done for him. We have 4 tractor-trailers and 4 buses that sleep 12 that follow us from city to city with all the equipment and band and singers. This tour ends on August 20, 2012.

My wife Lana and I have moved to Florida. Are kids and Families still live in NH and Maine so we come up to NH as often as we can.

I really wish I could make this reunion cause it's a BIG one.

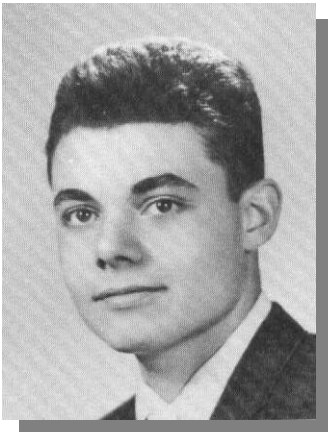

We give our best regards to the class.

Charles enjoyed playing Bingo, cards, vacationing in Wells Beach Maine, animals, listening to country music and collecting Cribbage boards.

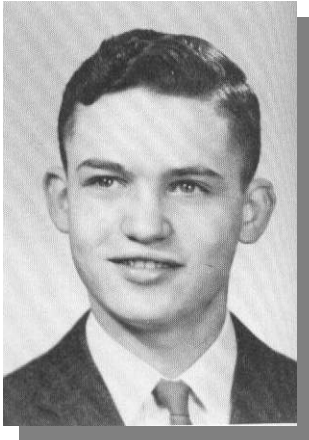

In addition to his parents, Charles was predeceased by his first wife, Judy Varnum, his stepson, Arthur (Pookie) LaBrecque Jr, and his beloved grandson Koty LaBrecque.

In addition to his wife Hazel, Charles is survived by stepdaughters, Terry Mullen and Kelley Smith of Loudon, his sister, Barbara Jolin and nephews Benjamin and Christopher Jolin with 3 great nephews and a grandniece and his grandchildren, Amanda Paveglio, Lindsey Mullen, Zachary LaBrecque.

No calling hours will be held. Graveside funeral services will be held at 11:00am on Friday, November 20, 2020 at the Soucook Cemetary on Josiah Bartlett Rd in Concord.

Family and friends are invited to attend. Social distancing is requested.

In lieu of flowers, those who wish to make a memorial contribution can be made to the Pope Memorial SPCA of Concord-Merrimack County, 94 Silk Farm Rd, Concord NH 03301 and St. Jude's Children's Hospital. The Cremation Society of New Hampshire has been entrusted with arrangements. To view an online tribute, leave a message of condolence or for more information please visit www.csnh.com.

2012 COMMENTS:

After spending many years caring for my mother she passed away in 2009. My husband and I enjoy our home in Sebring FL. We travel to NH in our motorhome for a few weeks every summer. We continue to enjoy visiting with our children and grandchildren. We have taken several cruises and look forward on future cruises. We have fun camping with our friends. Florida has many wonderful State Parks. I wish everyone a very happy 50th reunion. I will not be able to attend the festivities; however my thoughts are with you all.

2002 COMMENTS:

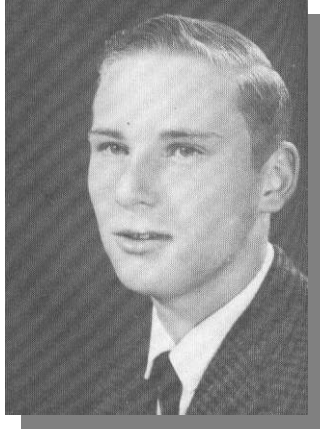

Sorry I was so much trouble to locate. My aunt with whom you spoke is amazing at 92 (looks and acts 50) and is sharp as a tack.

I moved to the mountains of western North Carolina in the spring of '98. My goal was to enjoy quiet and easy living since I have Parkinson's Disease. I'm in a relatively small condo within a gated community. All services are provided including meals at the club if one chooses that route.

The farthest north I ever venture these days is to Manhattan where I have friends and family. In the spring of each year, I drive up there to escort my godson's Dalmatian back to "Camp Kenmure" for the summer. Those long drives are becoming less and less feasible, so I'll eventually have to think of another means of transportation for my four legged buddy.

I spend three afternoons a week at a nearby wellness center and have one and one half hours of physical therapy per week at home. Something's working because my doctors are stunned that I'm actually improving although the diagnosis definitely indicates a progressive disorder. I count my many blessings and hope for the best.

Thanks for your efforts to connect with me. Hope everyone has a nice reunion visit.

2012 COMMENTS:

Judy and I just retired at the end of February 2012. I practiced psychiatry in solo private practice for 35 years and Judy was a therapist for a little less time.

A week into freedom and so far I have gotten into some genealogy, discovering for the first time the birthplaces of my paternal grandparents. I'm into golf, paddleball, working out, and cars, with occasional tennis. Judy gardens, plays lots of tennis in addition to paddleball. Who knows what we'll be up to as this year develops.

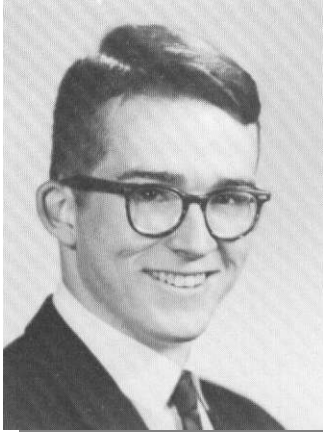

Zoe lives in Torino, Italy, is a website designer, is married and has 2 young boys.

Lucas lives in Wellesley, MA, works as a financial analyst, is married, and has 2 young boys.

When you put the grandkids together you have 4 boys between the age of 1 1/2 and 4. It's starting to get very interesting.

1992 COMMENTS:

I spent 9 years schooling in Boston then two years in the Public Health Service in San Francisco and the moved in Albany in 1973 and have been here since. We are both in solo private practice. My family moved the summer after graduation to Manchester and I haven't really been back to Concord except passing through.

So happy to be back in New Hampshire after many years in Massachusetts.

2012 COMMENTS:

I am unable to attend the 50th reunion because of a family vacation in Maine at that time. I look forward to hearing everyone's news and seeing the photos.

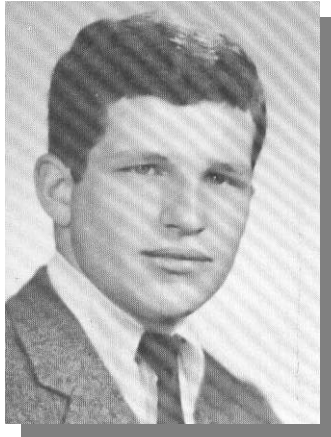

Since June 1966?

After earning my BS at the University of Vermont, I married and moved to Boston where I earned my PhD and completed a postdoc. In 1972 I became a member of the faculty of Boston University School of Medicine where I have remained for the past 40 years. As a Professor in the Department of Anatomy and Neurobiology, I continue to direct the first-year Medical Histology course and serve as an Assistant Dean of Admissions. After 25 years of running my own research program focusing on the effects of advancing age on the nervous system, I am now principally an educator and administrator and my research focuses on pedagogy. I published a Histology Atlas in 2002 (Oxford University Press) which still persists as a valuable resource on the web. Among my colleagues, I am considered a bit of an early-adopter for technology in teaching and find myself on several local and national committees related to learning and medical education. I love what I am doing and thoroughly enjoy my colleagues, my students, and my good health... so retirement is not on the near horizon.

After raising my family and living in Weston, Massachusetts, for 38 years my husband and I moved to our home situated on the rocky coast of Maine; I maintain a convenient pied-a-terre in South Boston, close enough to walk to work during the summer when extended daylight accommodates my 12-hr work days. My husband (second) and I recently celebrated our 25th wedding anniversary and enjoy getting away, when possible, to travel nationally and internationally for business and pleasure. My current hobbies center on cooking and grandchildren. My daughter and her family live in nearby Lexington and so I regularly get to play Grandma to her two fantastic little children.

My son lives with his wife and two children in Durham, NC, so I can visit them less frequently.

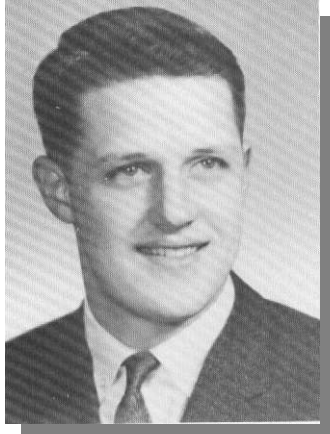

I think that just about covers it. Have a wonderful 50th reunion!

After 30 years, I'm still at Wilbers ServiStar!
Enjoying it as greatly as when I first started it at age 18!

Linda and I have been married for the last 10 years. We really appreciate our life together.

My oldest son, Sean, is the manager of Bonks' Auto Body Shop and plans to finish his college studies in the fall.

My step-son, David, is in a doctorate program for criminal justice at the State University of New York in Albany.

My step-daughter, Betsy, is in the honors English program at the University of New Hampshire.

Finally!, my youngest son, Benjamin, keeps me quite busy. He just finished the fourth grade and is very active in sports. He played this year for the All Star basketball team. He keeps me young!

I enjoy boating when I can and I'm very active in the Capital City Rotary Club.

NAME: **Leslie R Williams**

Deceased: 63
11/22/2007 - Colon Cancer

Obituary:

Dateline: Dunbarton, NH

Leslie Rowell Williams died on Thanksgiving Day, November 22, 2007, at age 63, after a brave, 5-year battle with colon cancer.

She was the precious daughter of Lillian Blake Williams and loving stepdaughter of Gerald Williams, both of Dunbarton, and beloved sister of Jennifer W. Oliver of Goffstown, Shelley I. Westenberg of New York City and Jon B. Williams of Euless, Texas.

At the time of her death, Dr. Williams had been teaching in the Department of Curriculum and Teaching at Teachers College, Columbia for 33

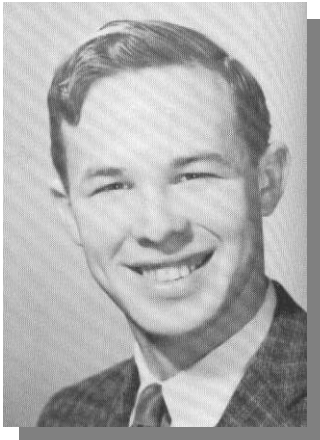

years, with a special interest in multicultural education. She was the advisor and mentor to countless teachers and teacher educators.

Born in Nashua, New Hampshire, Dr. Williams attended the Straw Elementary School in Manchester, then Concord High School and two years of the Advanced Studies Program at St. Paul's School. She went on to receive a B.A. at Wellesley, an M.A.T. at Harvard, and an Ed.D. at Teachers College, Columbia University.

After receiving her B.A., she was VISTA volunteer at a Head Start in Nondalton, Alaska, where she taught Athabaskan Indian children aged 3-6 years. She served as a Head Start teacher and trainer in over nine Tribal Head Start Programs in South Dakota, and was a demonstration teacher at the DARCEE Center of Fairview Tennessee. At Teachers College, she co-founded the Rita Gold Center, a daycare and pre-K lab school for children 3 months to 5 years. She also co-founded the Early Childhood Encyclopedia Project at Teachers College and Hofstra University, which resulted in The Encyclopedia of Early Childhood Education (co-authored with Doris P. Fromberg), and co-founded the All-Day Kindergarten Network. She was responsible for the development of a multicultural preschool curriculum called ALERTA, which was published in 1985, and wrote or co-wrote over 15 books on early childhood education, including Kaleidoscope: A Multicultural Approach for the Primary

Classroom. She was a contributor to many scholarly journals, including the Let's Find Out series of Scholastic Publications; was the editor of the Journal of Early Childhood Teacher Education; co-edited the Innovations in Early Childhood Education series for the Greenwood Press; and edited the Early Childhood Education series for the Teachers College Press. She has been a consultant for early care centers and teacher education programs across the globe, including Japan, India, The Netherlands, Norway, Denmark, Russia, Korea, Crete, and Brazil. She was a beacon of light in the lives of her family, friends and colleagues. She inspired everyone she touched. Not a day will go by without our missing her deeply.

A memorial reception will be held at the French & Rising Funeral Home 17 South Mast Street, Goffstown on Thursday November 29 from 4:00 PM to 7:00PM. Dr. Williams was a faithful member of the Congregational Church of Dunbarton, and her funeral service will be held there on Friday, November 30 at 1:00 p.m. In lieu of flowers, the family asks that donations be sent to the scholarship fund for children of the Rita Gold Center, Teachers College. Please contact Isabel Belinkie, Teachers College, Box 98, 525 West 120th Street, New York, NY 10027, Phone (212) 678-3013. 1992 COMMENTS:

Our daughter, Kathleen, is a customer service representative for Blue Cross Blue Shield and is working on a degree in Business Management through Franklin Pierce.

Carrie, our seventeen year old, is president of the Junior Class at Hopkinton High and is trying to decide her future. Teens have much to deal with and decisions come harder for them it seems.

Ben is preparing to become an Eagle Scout. He's looking for a project and is a freshman at Hopkinton.

Rodger is in his 3rd year of running his own plumbing and heating business and is both a Master Plumber and Electrician.

I am in my 20th year of teaching and currently have the title of Assistant Principal of Chichester Central School.

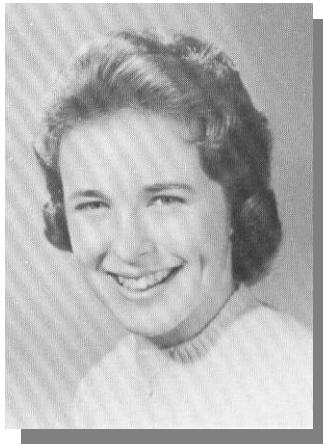

Our lives have been relatively problem free and we have much to be thankful for.

2012 COMMENTS:

I have lived in Bedford, NH for the last 43 years--moved to a condo a year ago that is just a couple miles from my prior home. After losing Brad very suddenly in March of '09, I've tried to simplify my life as I move forward. The condo has helped with that.

I keep very busy. My two grown sons, Kurt and Craig, are both married--Kurt with 4 children, 3 boys and a girl, in Glastonbury, CT, and Craig with 3 little girls in Strafford, NH. I spend a lot of time with them and they bring me much joy--sometimes "tired joy" by the time I get home! I still have a small business selling learn-to-read videos that I developed way back in the '90's. I'm able to do it from home and it doesn't interfere with my golf or my hobby of doll collecting, which I much prefer. I've gotten into skiing again in the past two years, and I'm getting more brave about

traveling, too. This spring I spent a couple of weeks tooling around FL on my own, and will have been to Europe on a doll tour by the time you read this.

I'm looking forward to seeing many of you at our 50th reunion. How it could possibly be 50 years since we graduated from Concord High is a mystery to me. Ouch; the truth hurts!

2002 COMMENTS:

"The more things change, the more they stay the same.....".

While many things have inevitably changed for us - we've lost our folks, our sons have grown, graduated from college and are both happily married. We're pretty much the same, doing the same things. We live in the same Bedford (NH) house, Brad is still a broker at UBS Paine Webber in Concord and I still market my reading programs (www.readingvideos.com).

Kurt and Katia live in CT. Kurt works in production for ABC Sports. They're expecting our first grandchild in October - an eagerly awaited event!

Younger son, Craig (29) and his wife, Michelle, live in Strafford, NH on Bow Lake. Craig is a sales rep. for Pfizer.

We enjoy our golf, travel a bit and generally have few complaints.

1992 COMMENTS:

For the past two and a half years I have been involved in creating and marketing a video entitled, You Can Read! which is a basic, self-help program for weak readers and non-readers.

Brad and I have now lived in Bedford for 24 years.

Our older son, Kurt is 21 and will be a senior at Dartmouth in the fall. He's a linebacker on the Dartmouth football team.

Younger son, Craig, is 19 and followed the family footsteps to UNH - third generation! He'll be a sophomore, and is having a great time in college. He even joined Brad's old fraternity (A.T.O.)

Paying the two tuitions is no fun; hope there's a little something left for our (fast approaching) old age!

Obituary:

Bradford H. Thomas had a passion for cooking.

Bradford H. Thomas, 67, died suddenly at home Monday, March 2, 2009.

He was born in Littleton on Jan. 6, 1942, the son of Philip C. Thomas and Marion Hough Thomas. The family first lived in Franconia, then moved to Concord in 1952. Brad graduated from Concord High School in 1960.

Brad was an alumnus of the Whittemore School of Business at the University Of NH, from which he graduated in 1964. He was a member of Alpha Tau Omega Fraternity and the Army ROTC program. He was a captain in the U.S. Army, serving from 1965 to 1968 as a top secret courier.

After his military career, he came back to New Hampshire and lived in Bedford for more than 40 years. He was a stockbroker for Goodbody and Co. and later Robert C. Carr and Co. He branched out into other endeavors for several years as he first owned the Copper Trey Restaurant in Manchester, and later Manchester Music Audio Center. In 1981, he returned to brokerage and was a vice president in investments at Paine Webber and then UBS Financial Services in Concord for 25 years. He was on the board of directors at the Bedford Bank from 1978 to 1985, and was a longtime member of the Manchester Exchange Club. He served on the Economic Development Committee in Bedford.

He was very involved in Bedford youth athletics, assisting in coaching and refereeing. During his sons' athletic careers, he often wielded his video camera and loved filming their football, basketball, hockey and baseball games.

His greatest love was his family. He was the most generous and devoted husband, father, grandfather and brother. Get-togethers were always joyous with family during holidays and with his twin sister on shared birthdays. His never-ending generosity toward others was often appreciated by office staff, landscapers, delivery carriers, handymen and especially his family.

One of his passions was cooking, particularly his unforgettable lobster bisque and meticulous and savory grilling techniques. His collection of cookbooks would be the envy of any chef, and were well-marked with all his favorite recipes. He was a proud member of the Concord Country Club and could be seen every Wednesday afternoon on the links. During the summers, he spent many hours around his pool and was happy each spring when he could declare it "pristine." He loved fishing with his sons and nephew, and enjoyed attending University of New Hampshire football and hockey games with his friends and family.

He is survived by the lights of his life - his loving wife of 42 years, Brenda Woodfin Thomas of Bedford, whom he had known for more than 50 years; his two sons, Kurt Thomas and his wife, Katia, of Glastonbury, Conn., and Craig Thomas and his wife, Michelle, of Strafford; his twin sister, Carol Wheeler, of Burlington, Vt.; his grandsons, Jake, Derek and Tanner Thomas of Glastonbury, Conn.; his granddaughters, Courtney and Amanda Thomas of Strafford; and cousins, nieces and nephews.
